NOTICE.

THE Civil Auditor has more than once, he regrets to say, with inadequate success, called the attention of the Heads of Departments to the necessity of giving with their Monthly Abstracts of Establishment, distinct particulars of their Absent Subordinates and of themselves who are liable to retrenchment in certain cases by the Civil Auditor, when on leave of absence either on Medical or private affairs. Inattention to this imposes upon his Department the labour of tedious research to ascertain the dates they relinquish and resume their respective duties, and as a natural consequence delay in Auditing the Abstracts. The Civil Auditor therefore once more begs publicly to bring the circumstance to the notice of the Departments, and to explain that, the more facilities are afforded, the more dispatch will follow in Auditing their Pay and Allowances.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas, ... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee, ... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

NOTIFICATION.

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience have already been experienced by lads from distant Stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

By order of the Hon'ble the President and Council of Education,

FRED. J. MOUAT, M. D,

Secretary.

Council of Education,
The 1st January, 1846.

EDUCATION NOTICE.

AN examination will be held in the Medical College, during the early part of April 1846, for the purpose of filling up existing vacancies in the Stipendiary Class of the College. The value of the Stipend is Company's Rupees 8 per mensem, tenable for 5 years. No candidate can be admitted under the full age of 16, or about that of 20 years, on any account whatever.

Every applicant for admission must bring a letter of recommendation from some respectable person, certifying that he is of good character, and worthy of admission to the privilege of studying medicine.

The candidates must present themselves before the Secretary to the College three days prior to the day of examination, with a view to their being identified as the persons really desiring admission.

All candidates will be expected to possess a thorough knowledge of English, so as to be able to read, write, and enunciate it with fluency and facility. They must be able to analyze a passage in Milton's Paradise Lost, Robertson's Histories, or works of a similar classical standard—be acquainted with the elements of Arithmetic, Algebra, Geometry, and Natural Philosophy,—and bring certificates from the Head Masters of the Schools in which they have studied, expressly stating that they possess the information required, and are capable of undergoing the ordeal proposed. The preference, in selection, will always be given to those who possess the greatest amount of information in the abovementioned branches of education.

The examination for the admission of Free Students will be held at the same time, and be similar in nature and extent to that specified above.

ACT No. XXXII. OF 1845.

An Act to modify Regulation I. of 1820 *of the Madras Code, relative to Manufacturing Spirituous Liquors by the European process of distillation.*

I. Whereas it is expedient to modify Regulation I. of 1820 of the Madras Code, and to allow persons manufacturing Spirituous Liquors by the European process of distillation to dispose of the same under certain conditions for consumption within the Territories of the Presidency of Fort St. George: and whereas it is desirable to remove certain doubts which have existed as to whether European British subjects are equally with other parties amenable to the Local Authorities in the Provinces for offences committed in violation of the said Regulation I. of 1820 of the Madras Code, it is hereby enacted, that Clauses 2 and 3, Section IV. Regulation I. 1820 of the said Code, be repealed.

II. And it is hereby enacted, that the Licenses to be granted under Section IV. Regulation I. 1820 of the Madras Code, for the establishment of all Distilleries for manufacturing Rum, Arrack or other Spirits by process of distillation similar to the European system, shall be prepared according to a form to be approved by the Board of Revenue, and shall contain a stipulation that the whole of the Spirituous Liquor manufactured at such Distillery shall be exported by Sea, or shall be sold only to the Civil or Military Officers of Government empowered to purchase the same on account of the Public Service, or to Abkarry Renters for retail sale within the limits of their respective farms, but not to the licensed retail dealers of Madras contemplated by Section VII. Regulation I. 1813 of the Madras Code.

III. And it is hereby enacted, that any person, whether European or not, who in breach of the stipulation in his Distillery License held under the provisions of the foregoing Section and of Clause I. Section IV. Regulation I. 1820 Madras Code, shall, directly or indirectly, sell or permit to be sold any such Spirituous Liquors to any European Sailor or Soldier, or to any Native of India, or other person, save and except to those persons to whom it is hereinbefore declared that such Liquors may be lawfully sold, shall, on proof thereof to the satisfaction of the Collector of Revenue, by whom such License shall have been granted be liable to the forfeiture of his Licence, or to a fine not exceeding Rupees 1,000 for every such offence, subject to the confirmation of the Board of Revenue, to whose final decision every such case shall be referred.

IV. And it is hereby enacted, that European British subjects, as well as other parties guilty of the offences specified in Regulation I. of 1820, shall on conviction before the Session Judge or Subordinate Judge of the Zillah, be subject to the penalties therein severally and respectively provided against the commission of such offences save and except that no European British subject shall in any case be liable to hard labor when imprisoned in pursuance of a sentence passed upon him under that Regulation, but that any fines which may be imposed for acts done in breach of the provisions of the said Regulation or of the provisions of Sections 2 and 3 of this Act, shall in default of payment be recovered by the distress and sale of the property of the parties against whom such fines shall have been adjudged.

V. And provided also, that it shall be lawful for the Session Judge or Subordinate Judge of the Zillah in sentencing any European British subject to imprisonment to direct that the imprisonment shall be in the Gaol at Madras.

VI. And it is hereby enacted, that the Gaoler of the Gaol at Madras shall receive into the said Gaol any European British subject so sentenced as aforesaid and keep him there imprisoned during the term of his sentence in the same manner as if he had been sentenced by the Supreme Court.

NOTICE.

THE Civil Auditor has more than once, he regrets to say, with inadequate success, called the attention of the Heads of Departments to the necessity of giving with their Monthly Abstracts of Establishment, distinct particulars of their Absent Subordinates and of themselves who are liable to retrenchment in certain cases by the Civil Auditor, when on leave of absence either on Medical or private affairs. Inattention to this imposes upon his Department the labour of tedious research to ascertain the dates they relinquish and resume their respective duties, and as a natural consequence delay in Auditing the Abstracts. The Civil Auditor therefore once more begs publicly to bring the circumstance to the notice of the Departments, and to explain that, the more facilities are afforded, the more dispatch will follow in Auditing their Pay and Allowances.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

OVERLAND PRE-PAID LETTERS.

NOTICE—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

FORT WILLIAM,
FOREIGN DEPARTMENT,
THE 6TH JANUARY, 1846.

The President in Council feels the highest satisfaction in publishing, for general information, the following Notification this-day received from the Right Hon'ble the Governor General's Head Quarters at Ferozpoor, announcing the glorious victories obtained over the Sikh Army on the 18th, 21st and 22d ultimo by the Forces under the Command of His Excellency the Commander in Chief.

A Salute of 21 Guns will be fired from the Ramparts of Fort William in honor of the successes of the British Arms, on which the President in Council heartily congratulates all British subjects.

The President in Council cordially participating in the feelings of gratitude to Divine Providence expressed in the Proclamation of the Right Hon'ble the Governor General, invites the community at the Presidency to unite, at such time as shall be appointed in communication with the Ecclesiastical Authority, in returning thanks to Almighty God for the Triumph vouchsafed to the Arms of the British Nation on this occasion.

By order of the Hon'ble the President of the Council of India in Council,

G. A. BUSHBY,
Offg. Secy. to the Govt. of India.

NOTIFICATTION.
FOREIGN DEPARTMENT,
FEROZEPORE,
December 25th, Christmas Day, 1845.

The Governor General has the heartfelt satisfaction to announce to His Honor the President in Council, to the Army, and to the People of India, the repulse of the Sikh Forces in their attack on a portion of the British Army near Moodkee on the night of the 18th instant, and the capture on the evening of the 21st and morning of the 22d of their entrenched Camp, with 70 pieces of Cannon, defended by 60,000 men, near the village of Pheroshuhur. Upwards of 90 pieces of the Enemy's Artillery have been taken in these two operations.

These events, so glorious to the British Arms, have been followed by the precipitate retreat of the Enemy towards the Sutleje, his pride abated, and the unprovoked aggression on the British Territory signally avenged.

The Governor General cordially congratulates the Commander in Chief, General Sir Hugh Gough, Bart., G. C. B., on the entire success of His Excellency's rapid and energetic operations in which the Troops, both British and Native, have displayed, under circumstances of long continued fatigue since the 11th instant, their accustomed discipline and valour.

The Governor General will rejoice in recording the gallant exploits of the Army during this important Campaign by decorating the breasts of the Victors with a Medal as soon as the Report of these operations shall be received from the Commander in Chief.

Incessantly engaged in sharing with his brave Troops their fatigues, and showing by his personal example at the head of his Troops the value of enduring privations with patience, it has been impossible for His Excellency the Commander in Chief, in the midst of so many occupations, to furnish to the Governor General, a detailed Report of these brilliant successes.

The Governor General, however, cannot refrain from notifying to the Hon'ble the President in Council, to the Army and to the People of India, these results so honorable to the British Arms; and he directs that this Notification be carefully made known to all the Troops by being read on their parades, and communicated to all the Departments of the Government, Civil and Military, and that a Salute of 21 Guns be fired from this Fort of Ferozepore, this day at 1 o'clock, and at every principal Station of the Army as soon as the Notification shall be received.

These grateful and heartfelt acknowledgments to the Army for its services cannot be closed without humbly remembering that our thanks are due to Him who is the only Giver of all Victory, and without whose aid the Battle is not to the strong.

The Governor General therefore invites every British Subject at this Station to return thanks to Almighty God, this day at 11 o'clock, for the mercies He has so recently vouchsafed us, by assembling at the Governor General's Tent, where Prayers and Thanksgivings will be read by the Governor General's Chaplain.

By order of the Right Hon'ble the Governor General of India,

(Signed) F. CURRIE,
Secy. to the Govt. of India with the Govr. Genl.

FROM G. A. BUSHBY, ESQ.,
Secretary to the Government of India,

TO THE RIGHT REVEREND GEORGE T. SPENCER,
Lord Bishop of Madras, Acting Metropolitan.

DATED THE 6TH JANUARY, 1846.

MY LORD,

Home Department. Ecclesiastical.

I am directed by the Hon'ble the President in Council to transmit for your Lordship's information and for such further measures as to your Lordship shall seem fit, the accompanying copy of a Notification, this day published in the Calcutta Gazette, relative to the Victories obtained by the British over the Sikh forces.

I have the honor to be, with great respect,
My Lord,
Your Lordship's most obedient humble Servant,

G. A. BUSHBY,
Secy. to the Govt. of India.

COUNCIL CHAMBER,
The 6th January, 1846.

A PASTORAL LETTER TO THE REVD. THE CLERGY OF THE DIOCESES OF CALCUTTA AND MADRAS.

REVD. AND DEAR BRETHREN,

In thankful and hearty concurrence with this desire of the Right Honorable the Governor General and the Honorable the President in Council, I hasten to invite you to join with me in rendering most humble and hearty thanks to Almighty God our Heavenly Father, through our Lord Jesus Christ, for the signal victory with which He, who alone could give it, has blessed the Army of Her Majesty and of the Honorable Company, in their recent righteous resistance to the treacherous and ruthless invaders of the British Territory in India.

For this object, it is my pleasing duty to propose and authorise, that Public Thanksgivings be offered up to the Throne of Grace and Mercy in every Church in connection with the Church of England, and that a public expression of our entire dependence on God be made from each of our pulpits, in this Presidency on Sunday next; and likewise in all our Churches in the Mofussil, and throughout the Diocese of Madras, on the Sunday following the receipt of this letter by the respective Ministers.

Let it not, however, be supposed that this declaration of Public Thankfulness to God for His great mercies lately vouchsafed to us is to be limited to the Ministers of His dear Son.

The Right Honorable the Governor General and the Honorable the President in Council, as becomes Christian Governors, have invited all Christian persons in India to unite in this eminently Christian duty; and I entreat you, Revd. Brethren, to impress most earnestly its obligation upon your respective congregations; so that with the voices, the hearts of all our people may be lifted up as the heart of one man to the Almighty Giver of Victory, and in prayer to Him that, for Christ's sake, He will in this, as in all His dispensations, cause even the wrath of men to be subservient to His blessed purpose of making known His saving truth unto all the inhabitants of this vast country, committed by His Providence to the Christian rule, or opened by His Providence to the Christian influence of Great Britain.

Forms of Thanksgiving to be introduced during Morning and Evening Service on the Sunday subsequent to the receipt of this letter, immediately after the General Thanksgiving.

O Almighty God, who art a strong tower of defence unto thy servants against the face of their enemies; We yield thee praise and thanksgiving for our deliverance from those great and apparent dangers wherewith we were compassed: We acknowledge it thy goodness that we were not delivered over as a prey unto them; beseeching thee still to continue such thy mercies towards us, that all the world may know that thou art our Saviour and mighty Deliverer; Through Jesus Christ Our Lord. Amen.

Then this Collect.

O Almighty God, the Sovereign Commander of all the world, in whose hand is power and might which none is able to withstand: We bless and magnify thy great and glorious Name for this happy Victory, the whole glory whereof we do ascribe to thee, who art the only giver of Victory. And, we beseech thee, give us grace to improve this great mercy to thy glory, the advancement of thy Gospel, the honour of our Sovereign, and, as much as in us lieth, to the good of all mankind. And, we beseech thee, give us such a sense of this great mercy, as may engage us to a true thankfulness, such as may appear in our lives by an humble, holy, and obedient walking before thee all our days, through Jesus Christ Our Lord: to whom with thee and the Holy Spirit, as for all thy mercies, so in particular for this Victory and Deliverance, be all glory and honour, world without end. Amen.

I am, Revd. and dear Brethren,

Your faithful and affectionate

Servant in Christ Jesus,

G. T. MADRAS,

Officiating Metropolitan of India.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

CAMP, MOODKEE, *20th December*, 1845.

The Governor General of India directs the publication of the following Order, issued this day in the Foreign Department:

"The Governor General of India is pleased to order that the Secretary to the Government of India, in the Military Department, with the Governor General, do remain in charge of the Records of his Department, belonging to Government, in like manner as the Secretary to Government of the Foreign Department has been directed to remain in charge of his, and that he be requested to confer with Brigadier Wheeler, C. Governor General's intentions may be carried into effect.

By order of the Governor General,

(Signed) F. CURRIE,

with the Govr. General."

CAMP, MOODKEE,
20th December, 1845.

J. STUART, *Lt.-Col.*,
Secy. to the Govt. of India,
Military Dept.,
with the Governor General.

CAMP, FEROZEPORE, *25th December*, 1845.

The Right Hon'ble the Governor General is pleased to direct the publication in General Orders, of the following Notification in the Foreign Department:

"The Governor General has the heartfelt satisfaction to announce to His Honor the President in Council, to the Army, and to the People of India, the repulse of the Sikh Forces in their attack on a portion of the British Army near Moodkee on the night of the 18th instant, and the capture on the evening of the 21st and morning of the 22d of their entrenched Camp, with 70 pieces of Cannon, defended by 60,000 men, near the village of Ferozshah. Upwards of 90 pieces of the Enemy's Artillery have been taken in these two operations.

These events, so glorious to the British Arms, have been followed by the precipitate retreat of the Enemy towards the Sutlege, his pride abated, and the unprovoked aggression on the British Territory signally avenged.

The Governor General cordially congratulates the Commander in Chief, General Sir Hugh Gough, Bart., G. C. B., on the entire success of His Excellency's rapid and energetic operations in which the Troops, both British and Native, have displayed, under circumstances of long continued fatigue since the 11th instant, their accustomed discipline and valour.

The Governor General will rejoice in recording the gallant exploits of the Army during this important Campaign, by decorating the breasts of the Victors with a Medal as soon as the Report of these operations shall be received from the Commander in Chief.

Incessantly engaged in sharing with his brave Troops their fatigues, and showing by his personal example at the head of his Troops the value of enduring privations with patience; it has been impossible for His Excellency the Commander in Chief, in the midst of so many occupations, to furnish to the Governor General, a detailed Report of these brilliant successes.

The Governor General, however, cannot refrain from notifying to the Hon'ble the President in Council, to the Army and to the People of India, these results so honorable to the British Arms: and he directs that this Notification be carefully made known to all the Troops by being read on their Parades, and communicated to all the Departments of the Government, Civil and Military, and that a Salute of 21 Guns be fired from this Fort of Ferozepore, this day at 1 o'clock, and at every principal Station of the Army as soon as the Notification shall be received.

These grateful and heartfelt acknowledgments to the Army for its services cannot be closed without humbly remembering that our thanks are due to Him who is the only Giver of all Victory, and without whose aid the Battle is not to the strong.

The Governor General therefore invites every British Subject at this Station to return thanks to Almighty God, this day at 11 o'clock, for the mercies He has so recently vouchsafed us, by assembling at the Governor General's Tent, where Prayers and Thanksgivings will be read by the Governor General's Chaplain.

By order of the Right Hon'ble the Governor General of India,

GEORGE WARREN, *Lt.-Col.*,

Fort William, 8th January, 1846.

NOTICE.

THE Civil Auditor has more than once, he regrets to say, with inadequate success, called the attention of the Heads of Departments to the necessity of giving with their Monthly Abstracts of Establishment, distinct particulars of their Absent Subordinates and of themselves who are liable to retrenchment in certain cases by the Civil Auditor, when on leave of absence either on Medical or private affairs. Inattention to this imposes upon his Department the labour of tedious research to ascertain the dates they relinquish and resume their respective duties, and as a natural consequence delay in Auditing the Abstracts. The Civil Auditor therefore once more begs publicly to bring the circumstance to the notice of the Departments, and to explain that, the more facilities are afforded, the more dispatch will follow in Auditing their Pay and Allowances.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)

Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)

Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
" *Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 8th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

Calcutta, 9th January, 1846.

NOTIFICATION.

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience have already been experienced by lads from distant Stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

By order of the Hon'ble the President and Council of Education,

FRED. J. MOUAT, M. D.,
Secretary.

Council of Education,
The 1st January, 1846.

EDUCATION NOTICE.

AN examination will be held in the Medical College, during the early part of April 1846, for the purpose of filling up existing vacancies in the Stipendiary Class of the College. The value of the Stipend is Company's Rupees 8 per mensem, tenable for 5 years. No candidate can be admitted under the full age of 16, or about that of 20 years, on any account whatever.

Every applicant for admission must bring a letter of recommendation from some respectable person, certifying that he is of good character, and worthy of admission to the privilege of studying medicine.

The candidates must present themselves before the Secretary to the College three days prior to the day of examination, with a view to their being identified as the persons really desiring admission.

All candidates will be expected to possess a thorough knowledge of English, so as to be able to read, write, and enunciate it with fluency and facility. They must be able to analyze a passage in Milton's Paradise Lost, Robertson's Histories, or works of a similar classical standard—be acquainted with the elements of Arithmetic, Algebra, Geometry and Natural Philosophy,—and bring certificates from the Head Masters of the Schools in which they have studied, expressly stating that they possess the information required, and are capable of undergoing the ordeal proposed. The preference, in selection, will always be given to those who possess the greatest amount of information in the abovementioned branches of education.

The examination for the admission of Free Students will be held at the same time, and be similar in nature and extent to that specified above.

(By order,)
FRED. J. MOUAT, M. D.,
Secretary.

Council of Education,

EXTRAORDINARY.

Published by Authority.

MONDAY, JANUARY 12, 1846.

FOREIGN DEPARTMENT,

FORT WILLIAM, 12TH JANUARY, 1846.

The President of the Council of India in Council is pleased to direct the publication of the following General Order by the Right Honorable the Governor General, with the Commander in Chief's Reports, dated the 19th and 22d December, detailing the operations of the Army under His Excellency's Command at Moodkee and Ferozshah.

By order of the President of the Council of India in Council,

G. A. BUSHBY,
Offg. Secy. to the Govt. of India.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT,

Camp Ferozepore,

THE 30TH DECEMBER, 1845.

19th December. 22d December. The Governor General having received from the Commander in Chief in India the Despatches, dates of which are noted in the margin, directs that they be published for the information of the Army and the people of India.

The first Despatch from His Excellency reports the operations of the Army on the evening of the 18th instant at Moodkee, where the Enemy attempted to surprise the British Camp and were repulsed at all points with the loss of 17 Guns.

The second Despatch reports the glorious successes obtained by the Army under the immediate Command of His Excellency on the evening of the 21st and the morning of the 22d at Ferozshah, where the British Army assaulted the entrenched Camp of the Sikhs, defended by 108 pieces of Cannon, some of heavy calibre, and after driving the Enemy from his position, captured 74 Guns. Thus the Enemy have been forced to relinquish to their Victors, on these occasions upwards of 90 pieces of Artillery, with all the Munitions of War in their Camp.

All the objects which the Governor General desired to effect have been accomplished by His Excellency the Commander in Chief. The British Force posted at Ferozepore thus suddenly and treacherously surrounded by the Sikh Army, with a large Park of Artillery, has been relieved; the brave Garrison under its able Commander, Major General Sir J. Littler, not only maintained a firm attitude of defence, but had the satisfaction so grateful to brave Soldiers, of skilfully forming a junction with the Umballa Force, and gallantly taking part in the discomfiture of the enemy which had so recently invested them.

The Governor General again cordially congratulates His Excellency General Sir Hugh Gough, G. C. B., on the great and important Victories obtained by the Army under his immediate Command.

The Governor General, in the name of the Government and of the people of India, gratefully acknowledges the noble services rendered to the public by His Excellency the Commander in Chief, by all the General and other Officers, and by the Non-Commissioned Officers and Soldiers of the brave Indian Army.

The Governor General's thanks are due to all the Infantry Regiments of H. M. and to the 1st European Light Infantry of the E. I. C.'s Service, all of which Regiments distinguished themselves by the most devoted courage in braving the destructive fire of the Enemy's Batteries, and valiantly capturing their Guns.

The Governor General offers his thanks more especially to H. M.'s 3d. Dragoons, who on all these occasions sought opportunities of useful conflict with the Enemy, and fought with that superiority over their opponents which skill and discipline impart to brave and determined men.

The European and Native Artillery maintained their accustomed character for steady, unyielding courage when exposed to a very heavy and galling fire.

The Governor General's thanks are justly due to the brave Infantry of the Native Army, whose valor so mainly contributed to these Victories, and he cannot withhold his admiration for the patience and perseverance with which they endured privations inseparable from forced marches.

The Artillery, Cavalry and Infantry, united together by the bonds of mutual esteem, may be confident that when they rely on each others courage, the three arms combined and acting together will ever be found to be an invincible Army.

The Government of India, as a tribute of their esteem for the meritorious conduct of the Troops engaged in the recent operations, will grant to every Officer and Soldier in the Service of the Govern-

ment of India, engaged in these Battles, a Medal to be worn with their uniforms, on which the word *Ferozshah* shall be inscribed, as denoting that they have served in this important Campaign.

The Commander in Chief will be so good as to furnish the Governor General with lists of all the Officers and Soldiers engaged in the operations of this Campaign.

The Governor General is further pleased to order that the following Corps be permitted to wear the word "*Ferozshah*" upon their Appointments, Standards and Colors, in perpetual commemoration of their gallant services:

1st and 3d Brigade Horse Artillery.
2d, 3d and 4th Co. 4th Battn.
2d and 4th Co. 6th Battn, and
2d Co. 7th Battn. Foot Artillery.
Governor General's Body Guard.
4th, 5th and 8th Regts. Lt. Cavalry.
3d, 8th and 9th Regts. Irregular Cavalry.
1st European Lt. Infantry.
2d, 12th, 14th, 16th, 24th, 26th, 33d, 42d, 44th, 45th, 47th, 48th, 54th and 73d Regts. of Native Infantry.

By order of the Rt. Hon'ble the Govr. Genl. of India,

F. CURRIE,
Secy. to the Govt. of India,
with the Govr. Genl.

(COPY.)

From His Excellency the Commander in Chief to the Right Hon'ble the Governor-General of India.

Dated Head Quarters, Army of the Sutlej,
CAMP MOODKEE, 19*th December*, 1845.

RIGHT HON'BLE SIR,

It would be a superfluous form in me, to address to you a narrative of the Campaign which has opened against the Sikhs, and the successful action of yesterday, since you have in person shared the fatigues and dangers of our Army, and witnessed its efforts and privations; but that my position at its head renders this my duty, and it is necessary from that position I should place these events on record, for the information of all Europe as well as of all India.

You, Sir, know, but others have to be told, that the sudden and unprovoked aggression of the Sikhs, by crossing the Sutlege, with the great proportion of their Army, with the avowed intention of attacking Ferozepore, in time of profound peace, rendered indispensable on our side a series of difficult combinations for the protection of our Frontier Station so unjustifiably and so unexpectedly menaced.

From the advanced and salient situation of Ferozepore, and its vicinity to the Sikh Capital, its defence against a sudden attack, became a difficult operation. It was always possible for the Sikh Government to throw a formidable force upon it, before one sufficiently numerous could, on our side, be collected to support it. But when, upon the 11th instant, it became known at Umballa, where I had established my Head Quarters, that this invasion had actually taken place, the efforts to repel it followed each other in rapid succession; notwithstanding I had the fullest confidence in Major Genl. Sir John Littler, Commanding at Ferozepore, and in the devotedness and gallantry of the Troops occupying it.

The Troops from the different Stations in the Sirhind Division were directed to move, by forced marches, upon Busseean, where, by a most judicious arrangement, you had directed supplies to be collected, within a wonderfully short space of time.

The main portion of the Force at Loodianah was withdrawn, and a Garrison thrown into the little Fortress there. From this central position already alluded to, both Loodianah and Ferozepore could be supported, and the safety of both places might be considered to be brought, in some measure, within the scope of the contingencies of a general action to be fought for their relief.

All this is soon related; but most harassing have been the marches of the Troops in completing this concentration. When their march had been further prolonged to this place, they had moved over a distance of upwards of one hundred and fifty miles in six days, along roads of heavy sand: their perpetual labour allowing them scarcely time to cook their food, even when they received it, and hardly an hour for repose, before they were called upon for renewed exertions.

When our leading Corps reached Wudnee, a small Jagheer of the late Maharaja Shere Sing, its Garrison shut the gates of the Fort against them; and, as our Battering Guns were far in the rear, it was determined to reserve it for future chastisement, and we remained content with compelling the village to furnish supplies—it could however provide little, except for our overworked Cattle, under pain of enduring a cannonade and assault: this it did without the necessity of firing a shot.

When we reached Wudnee, it was evident that the force before Ferozepore felt the influence of our movements, as we heard that a very large portion of that force had been detached to oppose our further advance: their feeling parties retired on the morning of the 18th before our Cavalry Piequets, near the Village and Fort of Moodkee.

Soon after mid-day, the Division under Major Genl. Sir Harry Smith, a Brigade of that under Major Genl. Sir John McCaskill, and another of that under Major Genl. Gilbert, with 5 Troops of Horse Artillery and two Light Field Batteries, under Lieutt. Coll. Brooke, of the Horse Artillery (Brigadier in Command of the Artillery Force) and the Cavalry Division, consisting of Her Majesty's 3d Light Dragoons, the Body Guard, 4th and 5th Light Cavalry, and the 9th Irregular Cavalry, took up their encamping ground in front of Moodkee.

The Troops were in a state of great exhaustion, principally from the want of water, which was not procurable on the road, when, about 3 p. m, information was received that the Sikh Army was advancing; and the Troops had scarcely time to get under arms and move to their positions, when the fact was ascertained.

I immediately pushed forward the Horse Artillery and Cavalry, directing the Infantry, accompanied by the Field Batteries, to move forward in support. We had not proceeded beyond two miles when we found the enemy in position. They were said to consist of from fifteen to twenty thousand

Infantry, about the same force of Cavalry, and forty Guns. They evidently had either just taken up this position, or were advancing, in order of battle, against us.

To resist their attack, and to cover the formation of the Infantry, I advanced the Cavalry, under Brigadiers White, Gough, and Mactier, rapidly to the front, in Columns of Squadrons, and occupied the plain. They were speedily followed by the five Troops of Horse Artillery, under Brigadier Brooke, who took up a forward position, having the Cavalry then on his flanks.

The country is a dead flat, covered, at short intervals, with a low but, in some places, thick Jhow jungle, and dotted with sandy hillocks. The Enemy screened their Infantry and Artillery behind this jungle, and such undulations as the ground afforded; and, whilst our twelve Battalions formed, from Echellons of Brigades, into line, opened a very severe cannonade upon our advancing Troops, which was vigorously replied to by the Battery of Horse Artillery, under Brigadier Brooke which was soon joined by the two Light Field Batteries.

The rapid and well directed fire of our Artillery appeared soon to paralyse that of the Enemy; and, as it was necessary to complete our Infantry dispositions without advancing the Artillery too near to the jungle, I directed the Cavalry, under Brigadiers White and Gough, to make a flank movement on the Enemy's left with a view of threatening and turning that flank, if possible. With praiseworthy gallantry, the 3rd Light Dragoons with the 2nd Brigade of Cavalry, consisting of the Body Guard and 5th Light Cavalry, with a portion of the 4th Lancers, turned the left of the Sikh Army, and sweeping along the whole rear of its Infantry and Guns, silenced, for a time, the latter, and put their numerous Cavalry to flight. Whilst this movement was taking place on the Enemy's left, I directed the remainder of the 4th Lancers, the 9th Irregular Cavalry, under Brigadier Mactier, with a Light Field Battery, to threaten their right. This manœuvre was also successful. Had not the Infantry and Guns of the Enemy been screened by the jungle, these brilliant charges of the Cavalry would have been productive of greater effect.

When the Infantry advanced to the attack Brigadier Brooke rapidly pushed on his Horse Artillery close to the jungle, and the cannonade was resumed on both sides. The Infantry, under Major Genls. Sir Harry Smith, Gilbert, and Sir John McCaskill, attacked in Echellon of lines the Enemy's Infantry, almost invisible amongst wood and the approaching darkness of night. The opposition of the Enemy was such as might have been expected from Troops who had every thing at stake, and who had long vaunted of being irresistible. Their ample and extended line from their great superiority of numbers far outflanked ours; but this was counteracted by the flank movements of our Cavalry. The attack of the Infantry now commenced, and the roll of fire from this powerful arm soon convinced the Sikh Army that they had met with a foe they little expected; and their whole force was driven from position after position with great slaughter, and the loss of 17 pieces of Artillery, some of them of heavy calibre. Our Infantry using that never failing weapon, the Bayonet, whenever the Enemy stood. Night only saved them from worse disaster, for this stout conflict was maintained during an hour and a half of dim star light amidst a cloud of dust from the sandy plain, which yet more obscured every object.

I regret to say, this gallant and successful attack was attended with considerable loss. The force bivouacked upon the field for some hours, and only returned to its encampment after ascertaining that it had no Enemy before it, and that night prevented the possibility of regular advance in pursuit.

I beg to congratulate you, Right Hon'ble Sir, on this first defeat of our Invaders by the Army I had the honor to command. The perseverance by which success was attained you personally witnessed; and the Troops I am sure, felt proud of the self-devotion with which their Governor General exposed himself to every danger amongst them. I before said that our loss has been severe: it could not be esteemed small if we had no other to record when I mention that, towards the conclusion of the affair, Major General Sir Robert Sale, to whom India and England are so much indebted, had his left thigh shattered by a grape shot, and that the wound has since proved mortal; Sir John McCaskill, an old and valued Officer, who has done his country much good service, received a ball through his chest on the advance of his Division, and immediately expired. Brigadiers Bolton and Mactier, and Lieut. Colls. Bunbury and Byrne, and other valuable Officers, are amongst the wounded. These losses our country and the service will deplore, but not consider unavailing when Ferozepore shall be rescued from the Invader, and the insult to our Territory and Rule fitly punished.

I have every reason to be proud of, and gratified with the exertions of the whole of the Officers and Troops of this Army, on this arduous occasion; with the conduct and dispositions of the Generals of Divisions; the Brigadiers of the several Arms; the General, Personal, Divisional and Brigade Staff; and the Commanding Officers of Regiments. But this Dispatch is necessarily completed in the utmost haste, and in the midst of most important operations, I must therefore reserve to a future opportunity the pleasing task of bringing specially and by name to the notice of Government, the particular merits of individual Officers.

I cannot however refrain from expressing my deep sense of obligation to the Heads of the two principal Departments: Major General Sir James Lumley was unfortunately prevented, by severe sickness, from taking part in the active duties of this great crisis; Major Grant, Deputy Adjutant General, therefore supplied his place, and it is my duty to say how ably this has been done, and how great a loss I have endured in being deprived, for the present, of his services in consequence of two wounds which he received whilst urging on the Infantry to the final and decisive attack of the Enemy's Batteries. Neither must I fail to record the valuable aid which has upon this as on a former Campaign, been afforded me by the Quarter Master General, Lieutt. Col. Garden: his Departmental arrangements demand my highest commendation. Major General Sir Harry Smith having been appointed to the Command of a Division, the charge of his Office, as Adjutant General of Her Majesty's Forces, devolved upon Lieutt. Col. Barr, who, not only in the performance of these duties, but in every way in which assistance can be rendered, in active operations, has been to me a most valuable Staff Officer.

I have to thank you, Right Hon'ble Sir, for having placed at my disposal, the services of the Officers of your Staff, and to thank them for the valuable assistance they afforded me on this arduous day. It shall be my pleasing duty to mention them, individually, with the Officers of my own personal Staff, in the Recommendation List I shall have the honor of forwarding at an early date to Government.

I have, &c.

From His Excellency the Commander in Chief to the Right Hon'ble the Governor General of India.

Dated Head Quarters, Army of the Sutlej,

Camp Ferozeshah, 22*d December*, 1845.

Right Hon'ble Sir,

I have again to congratulate you on the success of our Arms. A grand battle has been fought against the Sikh Army at this place, and, by the blessing of Divine Providence, Victory has been won by the valor of our Troops against odds and under circumstances which will render this action one of the most memorable in the page of Indian History.

After the combat of the 18th at Moodkee, information was received the following day, that the Enemy, in encreased numbers, were moving on to attack us. A line of defence was taken up in advance of our encampment, and dispositions made to repel us all; but the day wore away without their appearing, and at night we had the satisfaction of being reinforced by H. M.'s 29th Foot and the H. C.'s First European Light Infantry, with our small Division of heavy Guns.

I must here allude to a circumstance most favorable to our efforts in the field. On this evening, in addition to the valuable counsel with which you had, in every emergency before favored me, you were pleased yet further to strengthen my hands by kindly offering your services as second in Command in my Army. I need hardly say with how much pleasure the offer was accepted.

On the morning of the 21st, the offensive was resumed. Our columns of all Arms debouched four miles on the road to *Ferozeshah*, where it was known that the Enemy, posted in great force and with a most formidable Artillery, had remained since the action of the 18th incessantly employed in entrenching his position. Instead of advancing to the direct attack of their formidable works our force manœuvered to their right; the second and fourth Divisions of Infantry in front, supported by the 1st Division and Cavalry in 2nd line, continued to defile for some time out of cannon shot between the Sikhs and Ferozepore. The desired effect was not long delayed. A cloud of dust was seen on our left, and, according to the instructions sent him on the preceding evening, Major General Sir John Littler, with his Division, availing himself of the offered opportunity, was discovered in full march to unite his force with mine. The junction was soon effected, and thus was accomplished one of the great objects of all our harrassing marches and privations in the relief of this Division of our Army from the blockade of the numerous forces by which it was surrounded.

Dispositions were now made for an united attack on the Enemy's entrenched Camp. We found it to be a parallelogram of about a mile in length and half a mile in breadth, including, within its area, the strong village of Ferozeshah; the shorter sides looking towards the Sutlej and Moodkee, and the longer towards Ferozepore and the open country. We moved against the last named place, the ground in front of which was like the Sikh position at Moodkee, covered with low jungle.

The Divisions of Major General Sir John Littler, Brigadier Wallace who had succeeded Major General Sir John McCaskill, and Major General Gilbert, deployed into line, having in the centre our whole force of Artillery, with the exception of 3 Troops of Horse Artillery, one on either flank and one in support, to be moved as occasion required. Major General Sir Harry Smith's Division, and our small Cavalry Force, moved in second line, having a Brigade in reserve to cover each wing.

I should here observe that I committed the charge and direction of the left wing to Lieutenant General Sir Henry Hardinge, while I personally conducted the right.

A very heavy cannonade was opened by the Enemy, who had dispersed over their position upwards of one hundred Guns, more than forty of which were of battering calibre. These kept up a heavy and well-directed fire, which the practice of our far less numerous Artillery of much lighter metal, checked, in some degree, but could not silence; finally, in the face of a storm of shot and shell, our Infantry advanced and carried these formidable entrenchments. They threw themselves upon the Guns, and with matchless gallantry, wrested them from the Enemy, but, when the Batteries were partially within our grasp, our Soldiery had to face such a fire of musketry from the Sikh Infantry arrayed behind their Guns, that in spite of the most heroic efforts, a portion only of the entrenchment could be carried. Night fell while the conflict was every where raging.

Although I now brought up Major General Sir Harry Smith's Division, and he captured and long retained another point of the position, and H. M.'s 3d Light Dragoons charged and took some of the most formidable Batteries, yet the Enemy remained in possession of a considerable portion of the great quadrangle; whilst our Troops, intermingled with theirs, kept possession of the remainder and finally bivouacked upon it. Exhausted by their gallant efforts, greatly reduced in numbers, and suffering extremely from thirst, yet animated by an indomitable spirit. In this state of things the long night wore away.

Near the middle of it one of their heavy Guns was advanced and played with deadly effect upon our Troops. Lieutenant General Sir Henry Hardinge immediately formed H. M.'s 80th Foot and the First European Light Infantry. They were led to the attack by their Commanding Officers, and, animated in their exertions by Lieutenant Colonel Wood, (A. D. C. to the Lieutenant General) who was wounded on the outset. The 80th captured the Gun, and the Enemy dismayed by this counter-check, did not venture to press on further. During the whole night however they continued to harass our Troops by fire of Artillery, wherever moon-light discovered our position.

But with day-light of the 22d came retribution. Our Infantry formed line, supported on both flanks by Horse Artillery, whilst a fire was opened from our centre by such of our heavy Guns as remained effective, aided by a flight of Rockets. A masked Battery played with great effect upon this point, dismounting our pieces and blowing up our Tumbrils. At this moment Lieutenant General Sir Henry Hardinge placed himself at the head of the left, whilst I rode to the head of the right Wing.

Our line advanced unchecked by the Enemy's fire, drove them rapidly out of the Village of Ferozeshah and their encampment, then changing front to its left, on its centre our force continued to sweep the Camp, bearing down all opposition, and dislodged the Enemy from their whole position. The line then halted, as if on a day of manœuvre, receiving its two Leaders as they rode along its front, with a gratifying cheer, and displaying the captured Standards of the Khalsa Army. We had taken upwards of 73 pieces of Cannon, and were masters of the whole field.

The force assumed a position on the ground which it had won; but even here its labors were not to cease. In the course of two hours, Sirdar Tej Sing, who had commanded in the great lost battle, brought up from the vicinity of Ferozepore fresh Battalions, and a large Field Artillery, supported by 30,000 Ghurchurras, hitherto encamped near the river. He drove in our Cavalry parties, and made strenuous efforts to regain the position at Ferozeshah. This attempt was defeated; but its failure had scarcely become manifest, when the Sirdar renewed the contest with more Troops and a large Artillery. He commenced by a combination against our left flank, and, when this was frustrated, made such a demonstration against the captured Village, as compelled us to change our whole front to the right. His Guns, during this manœuvre, maintained an incessant fire, whilst our Artillery Ammunition being completely expended in these protracted combats, we were unable to answer him with a single shot.

I now directed our almost exhausted Cavalry to threaten both flanks at once, preparing the Infantry to advance in support, which apparently caused him suddenly to cease his fire and abandon the field.

For 24 hours not a Sikh has appeared in our front. The remains of the Khalsa Army are said to be in full retreat across the Sutlege at Nuggur Puttun and Tilla, or marching up its left bank towards Hurreekee Puttun in the greatest confusion and dismay. Of their Chiefs, Bahadur Sing is killed, Lall Sing is said to be wounded, Mehtab Sing, Adjudeeah Persaud, and Tej Sing, the late Governor of Peshawur, have fled with precipitation. Their Camp is a scene of the most awful carnage; and they have abandoned large stores of Grain, Camp Equipage and Ammunition.

Thus has apparently terminated this unprovoked and criminal invasion of the peaceful Provinces under British protection.

On the conclusion of such a narrative as I have given, it is surely superfluous in me to say, that I am and shall be, to the last moment of my existence, proud of the Army which I have the honor to command on the 21st and 22d instant. To their gallant exertions I owe the satisfaction of seeing such a Victory achieved, and the glory of having my own name associated with it.

The loss of this Army has been heavy: how could a hope be formed that it should be otherwise? within 30 hours this force stormed an entrenched Camp, fought a general action, and sustained two considerable combats with the enemy. Within four days it has dislodged from their positions on the left bank of the Sutlege 60,000 Seikh Soldiers, supported by upwards of 150 pieces of Cannon, 108 of which the enemy acknowledged to have lost, and 91 of which are in our possession.

In addition to our losses in the battle, the captured Camp was found to be every where protected by charged Mines, by the successive springing of which many brave Officers and Men have been destroyed.

I must bear testimony to the valour displayed in these actions by the whole of the Regiments of H. M.'s Service employed and the H. C.'s 1st European Light Infantry. The Native Force seconded in a most spirited manner their gallant conduct.

To Lieutenant General Sir Henry Hardinge, my Second in Command, my warmest thanks are due, not only for his personal exertions, which were conspicuous to all, but for the able assistance which he afforded me through all the eventful scenes of this well-fought action.

To the General and my Personal Staff I feel deeply indebted for their unceasing exertions. Major Generals Sir Harry Smith, Gilbert, and Sir John Littler, and Brigadier Wallace, (who nobly fell in the hour of Victory) fully realized the high expectations I had formed of their conduct as leaders of Divisions. With the Brigadiers, the Commandant of Artillery, and the Chief Engineer, the Commanding Officers of Regiments, and with the Departmental Staff, I was also greatly pleased. Their exertions were most unremitting and highly praiseworthy.

The Reports I have received from the Generals of Divisions of Infantry, the Brigadiers of Cavalry, and the Commandant of Artillery, speak in the highest terms of their respective Staff; and it is my intention as soon as possible, to forward to you, Right Hon'ble Sir, a list containing the names of all the Officers I have just enumerated, together with the names of all those who appear to me specially to merit approbation and favor.

The hurried manner in which I am forced to collect information, and prepare these numerous details, may (I fear) cause the omission of the names of some Officers well deserving of notice; but I shall not fail to send in a Supplementary List, when I can assure myself of their individual merits, as it would be most painful to me to feel that I had not done justice to any one of the brave men who shared with me the glories and dangers of this arduous conflict.

I beg now to mention the conduct of an illustrious Nobleman, Count Ravensburg, who, with the Officers of his Suite, Counts Greuben and Oriola, did us the honor to accompany the force during our operations. They were present at Moodkee, and in this great battle. It is with the greatest pleasure and sincerity I can bear my testimony to their gallant conduct on these occasions, worthy of the high reputation in arms of their countrymen, and of the great ancestor of one of them. I lament to add that Dr. Hoffmeister, the Medical Attendant on the Count, was killed in the action of the 21st instant.

I herewith enclose the Report of Lieutenant General the Right Hon'ble Sir Henry Hardinge, Second in Command.

I have, &c.,

To His Excellency General Sir Hugh Gough, Bart., G. C. B., Commander in Chief of India.

Dated Camp Ferozepore, 22d December, 1845.

Sir,

I have the honor to report to your Excellency that, when the Army under your Command had formed its junction with the forces from Ferozepore, under Major General Sir John Littler, and was drawn up in order of battle, on the 21st instant, I proceeded with the two Left Brigades commanded by Colonels Wallace and McLaren to attack the enemy's entrenched position at Ferozeshah.

2. The line advanced with great steadiness, notwithstanding the nature of the ground intersected with jungle. When the Troops had cleared these impediments, and had opened out into the plain, they continued to press on, without a check, under a very heavy fire of Grape and Musketry from the Enemy's batteries, and having borne down all opposition, entered the Enemy's Camp and captured the Guns in their front.

3. This portion of the Camp was, soon after, on fire, compelling the Troops to desist from their attack of the remainder, and as it was now dark, the Troops formed on the ground, nearly on a line with the burning Camp. From that period till the morning, these brave men were exposed to an incessant fire from the Enemy's Guns, the darkness of the night being illuminated by the explosion of mines, tumbrils, and shells.

4. I need not dwell on the events of this night, so remarkable in Military History, because your Excellency witnessed them, and with me admired the fortitude and resolution of these brave men, ready to encounter any danger, although harassed by fatigue and suffering from thirst.

5. I have personally reported to your Excellency my admiration of the conduct of H. M.'s 80th Regiment and the 1st European Light Infantry, in obeying with alacrity the order I gave about midnight, to stand to their arms and charge a Battery which bore destructively on our ranks. Lieut. Colonel Bunbury, assisted by Lieut. Col. Wood, my Aide-de-Camp, led the attack, on which occasion the latter Officer was wounded. The Guns were spiked, the Enemy driven away with loss, and this part of our line left undisturbed for the remainder of the night. Their conduct in the preceding part of the action came more immediately under your Excellency's own observation.

6. Your Excellency having formed the Troops before day-light, led the right of the attack, intrusting the left to me. The whole line instantly advanced, and animated by your example, carried every thing before them, and, having traversed the Camp from one extremity to the other, drew up in a perfect line, expressing, by loud cheers, as we rode up the line, their conscious pride that every man had done his duty.

7. I again most cordially congratulate you on the brilliant success of the Army under your Excellency's Command.

8. It is now my duty to report to your Excellency that Major General Gilbert, Commanding a portion of this Division of the Army, gave me the greatest satisfaction.

9. Colonel Wallace fell bravely at the head of his Troops.

10. Colonel McLaren led his Brigade with his accustomed judgment and resolution.

11. My own personal Staff having been all disabled, with the exception of one most dear to me, and who still remained by my side, I derived, on the morning of the 22d, the most valuable aid from Lieutenant Colonel Birch, Judge Advocate General, from Lieutenant Colonel Parsons, and from your Excellency's intelligent and brave Aide-de-Camp, Captain West. These Officers, riding several paces in front of the line, regulated the advance, animated the men, and prevented any unnecessary firing.

12. I have great obligations, during the whole of these operations, to Colonel Benson, a Member of the Military Board, and acting as my Aide-de-Camp, who has constantly accompanied me in the field, and on whose cool judgment and experienced ability I place great reliance.

13. My Aid-de-Camp, Lieutenant Colonel Wood, has shown all the qualities which make a good Officer.

14. I beg to bring to your notice my Aide-de-Camp Lieutenant Hillier, who is wounded, and Lieutenant Peel, of the 37th Native Infantry, Acting Aide-de-Camp, who is slightly wounded. Captain Becher, of the Quarter Master General's Department, attached to my Camp, also accompanied me, and I recommend him as a very promising Officer.

15. I also recommend the Officers belonging to the Political Agency of these Provinces, who acted as my Aides-de-Camp, Captain Abbott, and Lieutenant Lake, and are both wounded. Captain Mills, Acting Aid-de-Camp, took the Command of a Troop of Horse Artillery, with his usual spirit.

16. It is now with great pain that I have to record the irreparable loss I have sustained, and more especially the East India Company's Service, in the death of Major Broadfoot, of the Madras Army, my Political Agent. He was thrown from his horse by a shot, and I failed in prevailing upon him to leave the field. He remounted, and shortly afterwards, received a mortal wound. He was as brave as he was able in every branch of the Political and Military Service.

17. Major Somerset, my Military Secretary, much about the same time was shot through the body, conducting himself with the hereditary courage of his race. He was always foremost where difficulties required to be overcome. I deeply regret his loss.

18. I have also lost a most promising and brave Officer by the death of Captain Herries, on the night of the 18th at Moodkee.

19. Lieut. Munro, of the 10th Lt. Cavalry, my A. D. C., a most amiable and excellent Officer, I have also had the misfortune to lose, whilst placed at your Excellency's disposal in the affair at Moodkee.

20. Captain Hore, Assistant Military Secretary, and a valuable Officer, acting as my Aid-de-Camp, was killed about the same time as Major Somerset received his wound.

21. I have now to request your Excellency's notice to the conduct of an illustrious Nobleman, Count Ravensburg, who, with the Officers of his suite, Count Greuben and Count Oriola, accompanied me in the field. These Prussian Officers nobly sustained the reputation of their countrymen.

22. The Prince's Surgeon was struck to the ground by a ball. I saw his Royal Highness instantly spring from his horse to his assistance. The Prince's humanity was unavailing; death had already closed the Surgeon's career.

23. I am aware of the respectful regard which your Excellency entertains for this illustrious Nobleman and his companions, travellers in the East, and I know that this brief record of their actions will be gratifying to your Excellency.

I have the honor, &c.,

TO THE ADJUTANT GENERAL, BENGAL ARMY.

SIR,

In pursuance of instructions received from the Right Hon'ble the Governor General, under date the 20th instant, I moved out of my position at Ferozepore at 8 A. M. on the 21st instant, with the Corps as per margin, leaving the defence of the Cantonments to the 63d Regt. N. I. under the command of Lieutt. Coll. Wilkinson, and that of the Town to the 27th Regt. N. I. under Lieutt. Coll. Carnegy, together with Detachments of Sappers, and half a Field Battery in the Town, and 2d Company (reserve) of Artillery in the entrenchment.

Detachment of Sappers.

I effected a junction with the Troops under the personal Command of His Excellency the Commander in Chief, and agreeably to his instructions moved into position or order of battle on the same evening about 4 P. M. The first advance in line was very steady, and the approach to the Enemy's works made under a most galling and destructive fire. The casualties in the ranks were awful. The Troops however still moved on with great firmness and resolution, and approached the Enemy's Battery to within about 150 yards, when I considered the prize to be within their grasp.

Brigadier T. Reed gave the order to charge, supported by the left or Brigadier the Hon'ble T. Ashburnham's Brigade. This charge was commenced with such determined gallantry and spirit that the result seemed certain; The Enemy however having great confidence in their guns continued to serve them with extraordinary activity, and to make such havoc in our ranks, as to cause an immediate panic and hesitation in H. M. 62nd Foot, which of course had a similar effect on the Native Regiments on the flanks, notwithstanding all our exertions to induce them to advance by cheering and encouraging them, pointing at the same time to the short distance which they had to proceed, when the day would be their own. It was all in vain and they retired out of gun shot, to where H. M. 9th Foot and 26th Regiment N. I. were drawn up in reserve. A part of the 14th Regt. N. I., with their colours, accompanied these two Regiments, and entered the Enemy's Batteries.

At this period it was nearly dark, and as I had heard that the Divisions on the right had also been unable to obtain an entrance, I bivouacked for the night in the vicinity.

On the following morning I obtained information of the Right Division having been directed to renew the attack, and I moved to co-operate, as might be necessary. I then received orders to wait until further instructions, and was moved up to the Town and directed to hold it. The result of this attack was most glorious to the British Army, and I heartily congratulate His Excellency and the Governor General on the happy termination of probably one of the most sanguinary engagements that ever took place in India.

With the conduct of the Troops in general under me I was much gratified, their patience and perseverance in marching through the day, exposed to the sun and want of water, must have no doubt in some measure weakened their energies; but they notwithstanding evinced great firmness and resolution in advancing to the attack, until borne down by the furious and irresistible fire from all arms, that men could be exposed to, the loss of many of their Officers must have tended to relex their efforts and check their ardour, and under such circumstances *only* could the disappointment to H. M. 62nd Regiment themselves and to their country have been for a moment conceived.

The Native Troops, under the numerous temptations to which they have been exposed for several months past by Seikh Emissaries, have evinced their loyalty to the British Government in a most remarkable manner, not a single desertion having taken place since the Enemy crossed the Sutlej, that has come to my knowledge; they have maintained the character of the Bengal Army in displaying courage and bravery under a heavy fire.

I have much pleasure in bringing to the favorable notice of His Excellency the Commander in in Chief the services of those zealous and indefatigable Officers Brigadiers T. Reed, the Hon'ble T. Ashburnham, D. Harriott, Commanding Cavalry, and E. Huthwaite, Commanding Artillery, whose cool courage throughout the attack was conspicuous. To the several Commanding Officers of Regiments and Divisions Lieut. Col. Gairdner, Commanding 14th Regiment N. I., Lieut. Col. Bruce, Commanding 12th Regiment N. I., who lost his arm in the action, Major Wake, Commanding 44th Regiment N. I., Major Shortt, Commanding H. M. 62d Foot, Major Osborne, Commanding 54th Regt. N. I., and Captain Sandeman, Commanding 33d Regt. N. I., I feel much indebted for

the spirited and gallant manner in which they brought up their respective Regiments during the advance. It is with sincere regret that I have to report for His Excellency's information the death of my Aid-de-Camp Lieutt. Harvey, of H. M.'s 39th Foot, a very promising and intelligent young Officer, and devoted to his profession. He was shot during the advance in the act of cheering on the men, when within about 250 yards of the Enemy's works. His death will be a loss to the public service and deplored by his friends and relations.

Of Captain Egerton, my Assistant Quarter Master General, whose activity and zeal were conspicuous, I cannot speak too highly; he was severely wounded on the morning of the 22d.

It is with much gratification that I also submit for His Excellency's consideration and acknowledge the obligations to Major P. Innes, my Deputy Assistant Adjutant General, and Captain Burnett, Major of Brigade, for their indefatigable exertions throughout the affair, as well as for their able assistance on all occasions.

Lieutenant Goodwyn, of the Engineers, has proved himself a most zealous and indefatigable Officer during the whole time that the Seikh Army has been opposite Ferozepore, as well as on the Evening of the 21st during the engagement, and whom I beg to recommend to His Excellency's notice.

To Captain W. B. Thomson, Commissariat Department, who accompanied me, and to Lieutt. W. Fullerton, Superintending the Sudder Bazar, who volunteered his services as my Aid-de-Camp, and was particularly useful to me in the field, I feel indebted.

Captain Nicolson, late Assistant Governor General's Agent, and Colonel Van Courtland, late of the Seik Service, who were placed at my disposal by the late Major Broadfoot, C. B., afforded me every assistance in their power during the engagement, and previously, when the Seiks first crossed the Sutlege.

I have, &c.,

FEROZEPORE,

THE 31ST DECEMBER, 1845.

The Lahore Government has without provocation or any declaration of Hostilities, and notwithstanding the existence of a Treaty of Amity and Alliance, made War upon the British Government—a large Sikh Army has invaded the British Territories, which has been repulsed and driven across the Sutlej, with the loss of 91 pieces of their Artillery now in our possession. It becomes necessary therefore for the British Government to take measures for punishing this unprovoked aggression, and for preventing in future similar acts of Treachery by the Government and Army of the Punjaub—the British Government considers it right now to call upon all Natives and Inhabitants of Hindostan, who have taken service under the Lahore Government, to quit that service and place themselves under the orders of the Governor General of India As long as relations of Amity existed between the two States, there was no objection to the Natives of the one Territory taking service with the Government of the other—but now that the Lahore State has become the avowed Enemy of the Government of Hindostan, it is incumbent on all Natives of Hindostan whose homes and families are under British protection, to quit the service of the common Enemy and join that of the Government of their own country. All persons of the above description are therefore hereby called upon to repair to the British side of the Sutlej and to report themselves to the British Authorities—their interests will in all cases be respected—they will, if fit for the Military Service, be taken into that of the British Government with all the advantages of Pay and Allowances enjoyed by British Soldiers.

All Natives of Hindostan who, after the promulgation of this Proclamation, continue in the service of the Enemy, will be considered to have forfeited all claim to British protection, and will be treated as Traitors to their country and Enemies of the British Government.

By order of the Right Honorable the Governor General of India,

F. CURRIE,
Secy. to the Govt. of India,
with the Govr. General.

By order of the President of the Council of India in Council,

G. A. BUSHBY,
Offg. Secy. to the Govt. of India.

NOTICE.

THE Civil Auditor has more than once, he regrets to say, with inadequate success, called the attention of the Heads of Departments to the necessity of giving with their Monthly Abstracts of Establishment, distinct particulars of their Absent Subordinates and of themselves who are liable to retrenchment in certain cases by the Civil Auditor, when on leave of absence either on Medical or private affairs. Inattention to this imposes upon his Department the labour of tedious research to ascertain the dates they relinquish and resume their respective duties, and as a natural consequence delay in Auditing the Abstracts. The Civil Auditor therefore once more begs publicly to bring the circumstance to the notice of the Departments, and to explain that, the more facilities are afforded, the more dispatch will follow in Auditing their Pay and Allowances.

Civil Auditor.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1844-45, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16th.—Four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—The Public are hereby informed, that *in addition to the quantity abovementioned*, the following quantities more or less of Behar and Benares Opium will be brought to Sale this year on or about the dates specified below :—

NOTICE.

THE Civil Auditor has more than once, he regrets to say, with inadequate success, called the attention of the Heads of Departments to the necessity of giving with their Monthly Abstracts of Establishment, distinct particulars of their Absent Subordinates and of themselves who are liable to retrenchment in certain cases by the Civil Auditor, when on leave of absence either on Medical or private affairs. Inattention to this imposes upon his Department the labour of tedious research to ascertain the dates they relinquish and resume their respective duties, and as a natural consequence delay in Auditing the Abstracts. The Civil Auditor therefore once more begs publicly to bring the circumstance to the notice of the Departments, and to explain that, the more facilities are afforded, the more dispatch will follow in Auditing their Pay and Allowances.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)

Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)

Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

NOTICE.

THE Civil Auditor has more than once, he regrets to say, with inadequate success, called the attention of the Heads of Departments to the necessity of giving with their Monthly Abstracts of Establishment, distinct particulars of their Absent Subordinates and of themselves who are liable to retrenchment in certain cases by the Civil Auditor, when on leave of absence either on Medical or private affairs. Inattention to this imposes upon his Department the labour of tedious research to ascertain the dates they relinquish and resume their respective duties, and as a natural consequence delay in Auditing the Abstracts. The Civil Auditor therefore once more begs publicly to bring the circumstance to the notice of the Departments, and to explain that, the more facilities are afforded, the more dispatch will follow in Auditing their Pay and Allowances.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas, ... (1 Shillings)
Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee, ... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office, The 8th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during the night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office, The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

NOTIFICATION.

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience have already been experienced by lads from distant Stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)

Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)

Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

AN examination will be held in the Medical College, during the early part of April 1846, for the purpose of filling up existing vacancies in the Stipendiary Class of the College. The value of the Stipend is Company's Rupees 8 per mensem, tenable for 5 years. No candidate can be admitted under the full age of 16, or about that of 20 years, on any account whatever.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

CAMP FEROZEPORE, *16th January*, 1846.

The services of the following Non-Commissioned Officers having become available for Regimental duty, by the discontinuance of the Simla Magnetic Observatory, to which they were attached, they are directed to rejoin the Head Quarters of the Sappers and Miners with all practicable expedition, viz.

J. STUART, *Lt.-Col*,

Secy. to the Govt. of India, Mily. Dept., with the Govr. Gl.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

CAMP FEROZEPORE, *17th January*, 1846.

The Right Hon'ble the Governor General of India is pleased to resolve, that a second Regiment of Irregular Cavalry, to be called the 2d Regiment of Scinde Horse, shall be immediately raised in Scinde, and attached like the 1st Regiment to the Bombay Army.

2. Serious inconvenience to the public Service having already resulted, from Troops of the same Arm, serving in Scinde, and performing duties precisely similar, being in receipt of different rates of Pay, and it being very desirable that Troops of each Arm at all the Presidencies shall be assimilated as far as may be practicable, the Governor General avails himself of this opportunity to direct, that the 1st and 2d Regiments of Scinde Horse, be placed, in point of Organization, Establishments and Pay, on the same footing as a Regiment of Bengal Irregular Cavalry serving in Scinde; reserving however to present incumbents in the 1st Regiment the existing rate of Pay, in the few instances in which it exceeds* the Bengal Scale.

* Jemadars.
Koto Duffadars.
Duffadars.

3. The 1st and 2d Regiments of Scinde Horse will accordingly consist of 8 Russallahs each, amounting to 800 Sabres of all ranks, and, as shewn in the annexed Statement, the various ranks in both Regiments will be exactly the same as those of the Bengal Irregular Cavalry, each Commissioned and Non-Commissioned Officer and Suwar, with the few exceptions referred to in the preceding paragraph, receiving the same Pay as the corresponding ranks of the Regiment of Bengal Irregular Cavalry serving in Scinde.

4. The Commissioned and Non-Commissioned Officers required for the new Regiment will be drawn from the existing one, the necessary promotions being made to complete their numbers; and the individuals to be selected for promotion in the several grades, should be those who combine the best character with the longest service.

5. In the few cases in which Commissioned Officers may now be in receipt of higher Pay than they would receive on promotion to the next Superior rank, under the new arrangement, the excess will be drawn for them as a separate charge, as long as it may be necessary to secure them from loss; and the Russaldar Major of the 1st Regiment, to whom no successor will be appointed, will remain a Supernumerary on his present Pay, till he vacates his appointment.

6. The Suwars of the 1st Regiment who may become Supernumerary under the new arrangement, and not be absorbed by promotion in the 2d Regiment, may at their option remain Supernumerary in the 1st, or be transferred to the 2d Regiment.

7. The Governor General deems it expedient, that, for the present, the 2d Regiment of Scinde Horse, as well as the 1st, should be under the Command of Captain Jacob, in order that he may superintend its formation and Drill. A Commandant will be appointed hereafter, and in the mean time His Excellency Sir C. Napier, in communication with the Bombay Government, will be pleased to appoint a 2d in Command, an Adjutant, and Assistant Surgeon.

8. His Excellency Sir C. Napier is requested to issue such Subsidiary Orders as may be necessary, for raising with all convenient expedition the 2d Regiment of Scinde Horse.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)

Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)

Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the leg of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Candidates for admission will be reqnired to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

No. 35 of 1846.—The Hon'ble the President in Council is pleased to direct the publication to the Army of the following Extract from a Despatch of the Hon'ble the Court of Directors, forwarding a copy of the Royal Warrant, granting to the Captors the Booty taken in Scinde in the year 1843, and authorizing distribution of the Amount, under the instructions as therein conveyed:

Extract of a Military Letter from the Hon'ble the Court of Directors to the Governor General of India, No. 21, dated the 19th November, 1845.

Para. 1. We forward a No. in the Packet, copy of the Royal Warrant granting to the Captors the Booty taken in Sciude in the year 1843.

2. You will take the necessary measures for distributing the Amount of this Booty agreeably to the Scheme specified in the grant and according to the usage of the Army of India as directed in the said Grant, after deducting the Stamp Duty and Fees as paid by us, amounting to £21,860 12, and 5 per Cent. on the proceeds of that portion of the Booty, the value of which is not distinctly specified in the Schedule contained in the Grant, also after de-

ducting from the Share or Shares accruing to each of those who were present in the Battles of Meeanee and Hyderabad, the amount of the Donation of Batta, which the individual entitled to the said Share or Shares has received under the G. O. of 28th February, 1844, on account of having been present at either of those Battles.

3. You will duly apprise us of the amount of Stamp Duty, as above mentioned, to be deducted from the sums realized from the Captured Booty in addition to those specified in the Schedule, in order that we may pay the same to the Commissioners of Stamps and Taxes, who will thereupon affix an additional Stamp to the Warrant, proportioned to the additional sum realized for distribution.

6. Their Lordships have intimated to us their request, that a Battle Axe, stated to have belonged to Nadir Shah, which is understood to form part of the Booty, may be reserved and transmitted to the President of the Board of Commissioners, in order that it may be disposed of as Her Majesty may be pleased to direct. You will cause this request to be duly attended to.

7. You will observe, that by the Act of the 2d Will. 4th, Cap. 53d, Sect. 12, the rate of Commission to be allowed to Prize Agents is fixed at 1½ per cent.

8. The Shares of such Officers and Soldiers as may have left India before the distribution takes place, are to be remitted to us for payment in this country, accompanied by the necessary Reports and Returns, including a Statement of the Donation of Batta which may have been received by each of them, to enable us to adjust the same.

Copy of Her Majesty's Warrant granting the Booty taken in Scinde in the year 1843, *to the East India Company in Trust.*

VICTORIA R.

Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith. To all to whom these presents shall come, Greeting. Whereas the Commissioners of our Treasury have represented unto us, that certain hostilities were carried on in the year One Thousand Eight Hundred and Forty-three, against the Ameers of Scinde, by our Land Forces and the Land Forces raised and paid by the East India Company, in which a portion of the Indus Flotilla co-operated, and that during the said hostilities certain Battles were fought, and a quantity of Booty and Plunder captured or taken possession of, consisting of Gold and Silver in Bars and Coins, of Ornaments, Jewels, and ornamented Arms, and of Guns, Cattle, and other property, of which the following Schedule or account has been rendered to our said Commissioners, that is to say:

Paid into the Public Treasury in Scinde on account of Articles sold, about	2,29,038	Rs.
Realized at Kurrachie,	17,743	„
Value of Silver,	25,04,337	„
Gold sold,	17,13,587	„
Gold remaining unsold, estimated at	1,22,273	„
Lead, valued at	15,000	„

to which are to be added the sum due from the Government for articles transferred to Public Departments, the sum due from individuals for articles sold in Scinde, and the sum which may be produced by the sale of the Jewels, &c., which are at present in deposit in Bombay, but have been ordered to be sold.

And whereas it has been further represented unto us, that the said Booty and Plunder do of right belong to us in virtue of our Royal Prerogative, and that the said Booty and Plunder should be given and granted in such manner as to us may seem meet and just.

And whereas our said Commissioners under all the circumstances of this case, have recommended unto us to give and grant the said Captured Booty and Plunder, or the Produce or Value thereof as before stated, according to the following Scheme, that is to say:

Such articles of personal use and ornament to be reserved for the Ameers, as may be selected for that purpose by the Governor General of India in Council, with the approbation of the Commissioners of our Treasury.

The remaining Property to be divided into Sixths.

One-sixth to be given to all such of the Troops stationed at or between Shikarpoor, Sukkur, and Kurrachie, and all such of the Indus Flotilla stationed between Sukkur and Kurrachie, on any day between the Seventeenth of February and Twenty-fourth of March, One Thousand Eight-hundred and Forty-three, both included, as shall not be otherwise entitled to share in the Booty.

The Major General Commanding in Scinde and the Officers of the General Staff of the Forces serving under his orders in the above-mentioned operations to share in this portion as well as in the other portions hereinafter specified.

The remaining Five-sixths (subject to the deduction hereafter specified) to be divided into two equal parts, one moiety to be given to the Troops who fought at Meeanee, and the other to those who fought at Hyderabad, the Troops who were in both Battles receiving a share of each moiety, and from the Share or Shares accruing to each individual under the distribution to be made of this portion of the Booty, there should be deducted and repaid into the Company's Treasury the amount of the Donation of Batta which the individual entitled to the said Share or Shares has received under the General Order of the Government of India, dated Twenty-eighth of February, One Thousand Eight Hundred and Forty-four, as having been present at the Battles of Meeanee or Hyderabad.

And our said Commissioners likewise recommend that the Troops under Lieutenant Colonel Outram, who were detached previously to the Battle of Meeanee and directed to fire the Shikargah upon the right Flank of the Army, as well as the Detachment which so gallantly defended the British Residency on the Fifteenth of February, and also such portion of the Indus Flotilla as was engaged in that defence or co-operated with the Detachment under Colonel Outram, or was in any other way employed in immediate connection with the Army that achieved the Victory of Meeanee, should share as if they had all been actually present at the Battle of Meeanee; and in like manner the Garrison of Hyderabad should be entitled to share in the sum allotted to those engaged in the Second Battle.

Now, know Ye, that we, taking the Premises into Our Royal consideration, are graciously pleased to approve the said Scheme, and do, with the advice and at the recommendation of Our said

Commissioners, by this Our Royal Warrant, under Our Royal Sign Manual, give and grant the said Captured Booty and Plunder or the Produce or Value thereof as before stated, unto the Directors of the East India Company, or to such person or persons as they shall appoint to receive the same upon the Trust following, that is to say, upon Trust, after making the reservations and deductions above stated, to distribute the remainder amongst our Land Forces and the Land Forces of the said Company and the Officers and Crews of the Indus Flotilla engaged in the aforesaid hostilities, in accordance with the Scheme herein beforementioned and set forth, and with the usage of the Army of India.

And We are graciously pleased to order and direct that in case any doubt shall arise respecting the claims to share in the Distribution aforesaid, or respecting any demand upon the said Captured Booty or Plunder, the same shall be determined by the Directors of the East India Company, or by such person or persons to whom they shall refer the same, which determination thereupon made shall, with all convenient speed, be notified in writing to the Commissioners of our Treasury, and the same shall be final and conclusive to all intents and purposes, unless within three months after the receipt thereof at the Office of the Commissioners of our Treasury, We shall be graciously pleased otherwise to order, hereby reserving to Ourselves to make such order therein as to us shall seem meet.

Given at Our Court at Windsor Castle, this Eleventh day of November, in the Ninth Year of Our Reign, and in the Year of Our Lord One Thousand Eight Hundred and Forty-five.

By Her Majesty's Command,

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

N., first published in 1809, and since engraved with additions to 1830, considerably more than 20 miles to the Eastward of their true position as assigned to them by the Survey of H. M. S. "Leven," in 1825; Horsburgh's Chart, also first published in 1814, and since engraved with additions to 1833; in his Directory in Norries' Epitome latest edition, and verified by Captain Wall, of the H. C. Steamer "Tenasserim," on her recent examination.

2d. As Captain Heywood's Chart is usually bound up in the same volume with that of Horsburgh above referred to, and is on a much larger scale than the latter, it is very likely to be used by Commanders of Vessels, trading between this Port and the Mauritius, in the tracks of which the Cargados Garajos Shoals are, and to whom therefore this notice may be useful. Horsburgh's Chart in which they are correctly laid down, though on a very small scale, is probably the only one generally used by Ships, trading between England and India, which do not pass near the Shoals.

3d. It is not improbable that to the error in the Chart above alluded to, the loss of the "*Letitia*" may be attributed.

In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

NOTICE.

Abkarree. IT having been discovered, that Rum brought down from Distilleries to Calcutta for Exportation, at a certain strength as ascertained by average gauge of 10 per Cent. at this Office, has been afterwards passed as Ship's Stores at a lower proof, the discrepancy appearing to be occasioned by adulteration of the Spirit after its removal from this Office; it has been resolved that, instead of gauging 10 casks out of 100 as is now done in this Office; the whole despatch will in future be gauged and a copy of the Board's Gauger's Report of the quantity and per centage over proof of the Rum arriving here under Bond, will be forwarded to the Custom as a Check.

2. Parties interested in the Rum trade are accordingly hereby warned, that the Gauger at the Custom House will be instructed to allow no Rum, of which the strength does not correspond with that stated in the Board's Gauger's Report, to be exported without the Collector's special authority.

EDUCATION NOTICE.

AN examination will be held in the Medical College, during the early part of April 1846, for the purpose of filling up existing vacancies in the Stipendiary Class of the College. The value of the Stipend is Company's Rupees 8 per mensem, tenable for 5 years. No candidate can be admitted under the full age of 16, or about that of 20 years, on any account whatever.

Every applicant for admission must bring a letter of recommendation from some respectable person, certifying that he is of good character, and worthy of admission to the privilege of studying medicine.

The candidates must present themselves before the Secretary to the College three days prior to the day of examination, with a view to their being identified as the persons really desiring admission.

All candidates will be expected to possess a thorough knowledge of English, so as to be able to read, write, and enunciate it with fluency and facility. They must be able to analyze a passage in Milton's Paradise Lost, Robertson's Histories, or works of a similar classical standard—be acquainted with the elements of Arithmetic, Algebra, Geometry and Natural Philosophy,—and bring certificates from the Head Masters of the Schools in which they have studied, expressly stating that they possess the information required, and are capable of undergoing the ordeal proposed. The preference, in selection, will always be given to those who possess the greatest amount of information in the abovementioned branches of education.

The examination for the admission of Free Students will be held at the same time, and be similar in nature and extent to that specified above.

No. 1. *Infantry Levies.*

The Right Hon'ble the Governor General deeming it advisable to have in reserve, for Field Service, a body of trained Soldiers, is pleased to direct, that Ten Levies, of One Thousand Men each, shall be immediately raised.

Accordingly, the Right Hon'ble the Governor General directs, that Levies be made at the Stations, and to the extent, hereafter specified:

Stations.	No. of Levies.	No. of Recruits.
Allahabad, ...	2	2000
Cawnpore, ...	2	2000
Futteygurh, ...	2	2000
Dinapore, ...	1	1000
Meerut, ...	1	1000
Mynpoorie, ...	1	1000
Jaunpore, ...	1	1000

The Officers who may be selected for this duty are, as soon as practicable, to commence with the Drill and formation of the Recruits into Companies, for which purpose they are to be furnished with a due proportion of Native Commissioned and Non-Commissioned Officers from the nearest Corps from which they can be spared.

The necessary advances of Cash are to be made by Pay Masters for the Recruiting Service, under the Orders of Commanding Officers of Divisions, and in their absence of Commanding Officers of Stations.

The Recruits are to be subsisted at the rate of two Annas per day, until the expiration of the month, in which they shall be admitted, after approval, by the Commanding Officer. At the end of the ensuing month, Pay and Half Batta is to be drawn for them in Abstracts, according to the Review Rolls, which are to be countersigned by Commanding Officers of Stations; the Recruits are to be regularly mustered on the 1st of every month.

The Recruiting Officers are to send Half Monthly Reports to the Adjutant General of the Army, for the information of the Commander in Chief, of the Recruits entertained by them.

The Officers employed on the above duty are enjoined to pay the strictest attention to the Regulations for the Recruiting Service, and to be careful that no man is enlisted, who is not unexceptionable as to age, size, and bodily strength; it is at the same time to be understood, that there is no objection to the enlistment of growing lads one inch in stature below the regulated standard, provided their appearance be promising. In the Descriptive Rolls, the caste of the Recruits is to be specified in the column for that purpose.

The Governor General is aware, that the situation of Corps on the Frontier is unfavorable to Recruiting. Vacancies in these Corps will be supplied, as soon as may be practicable, from the Levies now ordered to be established; but in the meantime, Commanding Officers of Corps are authorized to adopt any measures they may think conducive to the desirable end of completing their Regiments as expeditiously as possible.

The Military Board will adopt measures for supplying the Levies with Arms and Accoutrements, suitable for the instruction of Recruits.

Each Levy will be under a Commandant and Adjutant, and will be provided with a Serjeant Major and a Quarter Master Serjeant.

No. 2. *Artillery Levies.*

The Right Hon'ble the Governor General is further pleased to direct, that a Levy of Six Companies of Native Artillery, consisting each of 88 men, or 528 in all, be raised.—Two each at Cawnpore, Futtyghur, and Allahabad.

These Levies are to be instructed with a view to their being formed into new Companies for Field Service, or to their supplying deficiencies, as the case may require.

The arrangements for Recruiting these Levies, and for their instruction and discipline, are to correspond, as far as circumstances will admit, with those laid down for the Infantry.

No. 3. *Infantry Depôt Battalions.*

The efficiency of the Army on the North Western Frontier is a point which demands immediate attention. It is a point of equal importance to have in the Provinces, Corps of experienced Native Soldiers, for the purpose of providing the numerous responsible Guards and Escorts, in frequent requisition in all parts of this Presidency.

The Right Hon'ble the Governor General therefore directs the formation, as a temporary arrangement, of 18 Depôt Battalions, for the purpose of discharging in the Provinces, the duties above adverted to.

The formation of these 18 Depôt Battalions will be effected by drafting from each of 74 Regiments of Native Infantry (the Khelat-i-Ghilzie Regiment being included,) 3 Native Commissioned Officers, 6 Havildars, 6 Naicks, 2 Drummers, and 150 Sepoys. The whole to be selected from the seniors of each grade, and from those least capable of enduring the fatigue and privations attending active Service in the Field.

The aggregate to be obtained by these proportions will be 222 Native Commissioned Officers, 444 Havildars, 444 Naicks, 148 Drummers, and 11,100 Sepoys. These numbers, divided by 18, will give for each Depôt Battalion, a complement of 12 Native Officers to 12, and of 13 to 6 Battalions; of 25 Havildars and 25 Naicks to 12, and of 24 of each grade to 6 Battalions; of Drummers 8 to 14, and 9 to 4 Battalions; and Sepoys 616 to 6, and 617 to 12 Battalions.

Each Battalion will thus admit of being conveniently divided into 8 Companies of not less than 75 Sepoys each.

This organization will admit of the Sepoys drafted from the same Regiment being incorporated into two Companies, without mixture of men of other Regiments.

The Native Commissioned and Non-Commissioned Officers, Drummers, and Sepoys, are to carry with them their Arms, Accoutrements, Regimental Clothing, Caps, Breast-Plates, and distinguishing badges, all which are to be retained in use and wear, as if present with their own Regiments; and the Companies of these Depôt Battalions are to be considered as representing, in every respect, the credit and respectability of their Regiments.

To replace the Native Commissioned and Non-Commissioned Officers transferred to the Depôt Battalions, promotions are to be made in Regiments respectively. The new promotions to fill the vacancies thus created, and Recruits to complete the established strength, are to be designated Supernumeraries.

Each Depôt Battalion, as well as each Levy, is to be under a European Commandant and Adjutant. Their allowances will be on a footing with those of Commandants and Adjutants of Corps of Local Infantry. To each Battalion will be attached a Serjeant Major and a Quarter Master Serjeant. The Monthly Allowance for repairs of Arms and Accoutrements, is fixed at 25 Rupees a Company.

European Commissioned Officers on the Invalid List, who are known to be fully qualified for routine duties of Depôt Battalions at quiet Stations, must, under present circumstances, be deemed eligible for employment with them, in the capacity either of Commandant or Adjutant.

The Depôt Battalions are to be distributed as follows:

Umballa, ...	3
Delhi, ...	2
Meerut, ...	3
Allyghur, ...	1
Cawnpore, ...	2
Etawah, ...	1
Allahabad, ...	2
Mynporie, ...	1
Benares, ...	2
Mooradabad	1
	18

The necessity of Recruiting for the special purpose of filling up the vacancies caused by transfers to the Depôt Battalions, is superseded by the formation of Levies.

Commanding Officers of Regiments are not however interdicted from taking such measures as they may think expedient for keeping their Corps complete to the complement of 1,000 Sepoys.

Bazars for Depôt Corps are deemed unnecessary, as are Quarter Master's Establishments, Lascars and Bheesties excepted, who are to be entertained as temporary Servants.

Medical attendance will be provided for.

No. 4.
Artillery Depot Companies.

The reasons assigned for establishing Depôt Battalions of Infantry, being equally applicable to the Artillery branch of the Army, The Right Hon'ble the Governor General directs, that from amongst the Senior Commissioned, Non-Commissioned Officers, Buglers and Privates of the Native Horse and Foot Artillery, consisting in all of 4 Troops and 18 Companies, be drafted, 4 Subadars, 8 Jemadars, 20 Havildars, 20 Naicks, 4 Buglers, and 352 Privates, for the purpose of being formed into 4 Depôt Companies of equal numbers each.

The Commissioned, Non-Commissioned Officers, Buglers, and Privates, intended for the 4 Depôt Companies, are to be selected from those amongst the Seniors who are least fit for Active Field Service.

These Companies when formed are to be attached to 9 Pounder Field Batteries, so soon as the Guns, Bullocks and appliances, can be provided, and they will be stationed one at Umballa, one at Meerut and two at Dehli.

The Depôt Companies of Artillery are to constitute with their Guns independant Field Batteries, commanded each by a European Officer, it being deemed inexpedient to incorporate them into a Battalion. The allowances are to be those drawn for Regular Field Batteries of the corresponding description.

The vacancies created by the withdrawal of Commissioned and Non-Commissioned Officers and Privates for the formation of these 4 Depôt Companies, are to be filled up by Promotions and Recruiting in the usual way, irrespective of the Levies. Promotions to replace transfers, and Recruits entertained to fill vacancies, are to be borne on the Rolls as Supernumeraries.

His Excellency the Commander in Chief is requested, as respects both the Artillery and Infantry Levies and Depôts, to issue such Subsidiary Orders as may be necessary for giving effect to the intentions of the Right Hon'ble the Governor General, the appointment of European Officers included.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

SOUTHERN CHANNEL LEADING INTO PENANG HARBOUR.

NOTICE is hereby given, that this Channel has been buoyed off during the past year, by Captain Congalton, of the H Co.'s Steamer "*Diana*," and may now be used with ease and safety if the following sailing directions by that Officer are attended to.

By order of the Officiating Superintendent of Marine,
JAS. SUTHERLAND,
Secretary.

Fort William,
The 31st January, 1846.

Vessels approaching the Island from the Southward intending to enter the Harbour of Penang, should be guided by the following directions:

1st. There are two lines of Beacons, those on the East side, five in number, painted white, in the form of a cross, and those on the West side, three in number, painted red, in the form of a triangle.

2d. The first or Southernmost white cross Beacon is visible from 3 to 4 miles bearing E. ¼ N. from the South end of Saddle Island and S. S. E. from the middle of Pulo Rymo, distance one mile.

3d. Vessels will be safe in working if they do not stand to the Eastward of the white cross Beacons.

4 h. The Southern red triangle Beacon is off the North end of Pulo Jerajah, and after having passed it, care must be taken to keep more on the East side of the Channel to avoid a small patch with 2¼ fathoms low water bearing nearly N. N. E. about ¼ of a mile.

5th. With this exception between the first and second red triangle Beacons, all vessels can safely work in if they never go to the Eastward of the white cross Beacons or to the West of the red triangle Beacons; each Beacon is placed on projecting spits of sand or mud in two fathoms low water spring tides.

CARGADOS GARAJOS.

NOTICE TO MARINERS.

NOTICE is hereby given, that these Shoals are laid down in the Chart of Captain P. Heywood, R. N., first published in 1809, and since engraved with additions to 1830, considerably more than 20 miles to the Eastward of their true position as assigned to them by the Survey of H. M. S. "Leven," in 1825; Horsburgh's Chart, also first published in 1814, and since engraved with additions to 1833; in his Directory in Norries' Epitome latest edition, and verified by Captain Wall, of the H. C. Steamer "Tenasserim," on her recent examination.

2d. As Captain Heywood's Chart is usually bound up in the same volume with that of Horsburgh above referred to, and is on a much larger scale than the latter, it is very likely to be used by Commanders of Vessels, trading between this Port and the Mauritius, in the tracks of which the Cargados Garajos Shoals are, and to whom therefore this notice may be useful. Horsburgh's Chart in which they are correctly laid down, though on a very small scale, is probably the only one generally used by Ships, trading between England and India, which do not pass near the Shoals.

3d. It is not improbable that to the error in the Chart above alluded to, the loss of the "*Letitia*" may be attributed.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,

NOTIFICATION.

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience have already been experienced by lads from distant Stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

NOTICE.

Abkarree. IT having been discovered, that Rum brought down from Distilleries to Calcutta for Exportation, at a certain strength as ascertained by average gauge of 10 per Cent. at this Office, has been afterwards passed as Ship's Stores at a lower proof, the discrepancy appearing to be occasioned by adulteration of the Spirit after its removal from this Office; it has been resolved that, instead of gauging 10 casks out of 100 as is now done in this Office; the whole despatch will in future be gauged and a copy of the Board's Gauger's Report of the quantity and per centage over proof of the Rum arriving here under Bond, will be forwarded to the Custom as a Check.

2. Parties interested in the Rum trade are accordingly hereby warned, that the Gauger at the Custom House will be instructed to allow no Rum, of which the strength does not correspond with that stated in the Board's Gauger's Report, to be exported without the Collector's special authority.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)

Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)

Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
" *Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

The 8th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

Post Master General.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale unopened—provided that at the time they are applied for satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should deputa a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

2d.—The Opium to be offered for Sale at an Upset Price of Rupees 400 per Chest, and to be all sold to the highest bidder above that price.

3d —If at the above Sale the entire quantity of 3,000 Chests shall not be sold, it shall subsequently be competent for the Board of Customs, Salt and Opium, to dispose of the lots which remain on hand at future Sales.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 1,000 Rupees per Lot or 200 Rupees per Chest, shall be made by the Purchaser in the Sale Room, and before the Lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of Purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Friday, the 27th February 1846, or, on the other hand, failing such redemption by the time aforesaid, then the Lot or Lots for which no Sub-Treasurer's Receipts, or Deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times, and under such Conditions of Re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expences whatsoever attending such Re-sale, shall be borne and paid by the Defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th —The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 27th February 1846, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th —No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 27th February will be afterwards accepted.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1844-45, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

NOTICE.

Abkarree. IT having been discovered, that Rum brought down from Distilleries to Calcutta for Exportation, at a certain strength as ascertained by average gauge of 10 per Cent. at this Office, has been afterwards passed as Ship's Stores at a lower proof, the discrepancy appearing to be occasioned by adulteration of the Spirit after its removal from this Office; it has been resolved that, instead of gauging 10 casks out of 100 as is now done in this Office; the whole despatch will in future be gauged and a copy of the Board's Gauger's Report of the quantity and per centage over proof of the Rum arriving here under Bond, will be forwarded to the Custom as a Check.

2. Parties interested in the Rum trade are accordingly hereby warned, that the Gauger at the Custom House will be instructed to allow no Rum, of which the strength does not correspond with that stated in the Board's Gauger's Report, to be exported without the Collector's special authority.

SOUTHERN CHANNEL LEADING INTO PENANG HARBOUR.

NOTICE is hereby given, that this Channel has been buoyed off during the past year, by Captain Congalton, of the H Co.'s Steamer "*Diana,*" and may now be used with ease and safety if the following sailing directions by that Officer are attended to.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,
The 31st January, 1846.

Vessels approaching the Island from the Southward intending to epter the Harbour of Penang, should be guided by the following directions:

1st. There are two lines of Beacons, those on the East side, five in number, painted white, in the form of a cross, and those on the West side, three in number, painted red, in the form of a triangle.

2d. The first or Southernmost white cross Beacon is visible from 3 to 4 miles bearing E. ¼ N. from the South end of Saddle Island and S. S. E. from the middle of Pulo Rymo, distance one mile.

3d. Vessels will be safe in working if they do not stand to the Eastward of the white cross Beacons.

4th. The Southern red triangle Beacon is off the North end of Pulo Jerajah, and after having passed it, care must be taken to keep more on the East side of the Channel to avoid a small patch with 2¼ fathoms low water bearing nearly N. N. E. about ¼ of a mile.

5th. With this exception between the first and second red triangle Beacons, all vessels can safely work in if they never go to the Eastward of the white cross Beacons or to the West of the red triangle Beacons; each Beacon is placed on projecting spits of sand or mud in two fathoms low water spring tides.

CARGADOS GARAJOS.

NOTICE TO MARINERS.

NOTICE is hereby given, that these Shoals are laid down in the Chart of Captain P. Heywood, R. N., first published in 1809, and since engraved with additions to 1830, considerably more than 20 miles to the Eastward of their true position as assigned to them by the Survey of H. M. S. "Leven," in 1825; Horsburgh's Chart, also first published in 1814, and since engraved with additions to 1833; in his Directory in Norries' Epitome latest edition, and verified by Captain Wall, of the H. C. Steamer "Tenasserim," on her recent examination.

2d. As Captain Heywood's Chart is usually bound up in the same volume with that of Horsburgh above referred to, and is on a much larger scale than the latter, it is very likely to be used by Commanders of Vessels, trading between this Port and the Mauritius, in the tracks of which the Cargados Garajos Shoals are, and to whom therefore this notice may be useful. Horsburgh's Chart in which they are correctly laid down, though on a very small scale, is probably the only one generally used by Ships, trading between England and India, which do not pass near the Shoals.

3d. It is not improbable that to the error in the Chart above alluded to, the loss of the "*Letitia*" may be attributed.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

NOTIFICATION.

FOREIGN DEPARTMENT,

CAMP FEROZEPORE,

THE 31ST JANUARY, 1846.

The Governor General, accompanied by His Excellency the Commander in Chief, had the greatest satisfaction in announcing to the Army of the Sutlej, drawn up in its position on the morning of the 29th instant, that a most decisive victory had been obtained the preceding day by the Forces detached to Loodianah under the immediate Command of Major General Sir Harry Smith.

The Troops proclaimed, by the most cordial cheers, their pride in the achievements of their Comrades.

The community at large will also be anxious to participate in the same warm feelings, and the Governor General, although he is not in possession of the Official Reports of the battle, can no longer delay publishing for general information the enclosed General Order of His Excellency the Commander in Chief, and the Divisional Order issued by Major General Sir Harry Smith the day after the action.

The Governor General will, as soon as the Reports are received, convey to Major Genefal Sir Harry Smith, to the Officers, Non-Commissioned Officers and Soldiers, his most grateful acknowledgments for the eminent service rendered, which has been most important, whether it be regarded as a brilliant Military operation or in its results as affecting the public interests.

The Seikh Force, which had crossed the Sutlej for the purpose of intercepting the communications of the British Army, was met on the 28th instant by the Troops under the personal command of Major General Sir Harry Smith, K. C. B., and was signally defeated. Their Infantry was driven out of every Village which it had att empted to occupy, at the point of the Bayonet. Their Cavalry was routed in every part of the Field where it endeavored to make a stand against ours, and the whole of their Artillery captured, remains as the proud record of the superiority of the Indian Army over the Enemy which has ventured to attack it.

The Governor General orders that a Salute of 21 Guns be fired in honor of the Victory of Aliwal, at all the Stations of the Army.

By order of the Right Hon'ble the Governor General of India,

COPIES.

GENERAL ORDERS TO THE ARMY OF THE SUTLEJ.

Head-Quarters, Camp Nialkee, 30th January, 1846.

It affords the Commander in Chief the most cordial satisfaction to publish to the Army the following Division Order, issued by his gallant comrade in Arms Major General Sir Harry Smith, K. C. B., to the brave Troops under his Command, on the occasion of the decisive victory obtained over the Enemy at Aliwal on the 28th instant.

ARMY OF THE SUTLEJ—DETACHMENT ORDER.

Head-Quarters, Camp Aliwal, 29th January, 1846.

Major General Sir H. G. Smith has the heartfelt gratification to congratulate the gallant Troops on the victory obtained over the Enemy yesterday, by the united efforts of all arms and every class of Troops.

The Enemy it is stated had, up to the eveping of the 26th, 56 Guns and 20,000 men, on that evening,

he received a reinforcement of 12 Guns, and 4,000 Regular or Aeen Troops. Our force consisted of 32 Guns and not half the number of these men; yet so ably were the orders of attack conducted with the regularity of a field day, each Column and Line arrived at its point of attack to a moment, and the Enemy was driven by repeated charges of Cavalry and Infantry headlong back over the River. Many perished in the crossing of the deep ford. Every Gun is in the possession of the victors, with the exception of 3; one sticking in the middle of the ford and 2 others on the Enemy's bank; these have however been gallantly spiked by Lieutenant Holmes, of the 11th Irregulars, and Private Scott, of the Horse Artillery.

Such Victories are not achieved without loss; but the Major General, from all reports he has yet received, trusts it is comparatively small; and while, in common with the Troops, he regrets the loss, it is his happy position to applaud, by every expression of his satisfaction, the prompt and energetic obedience shown by all Officers in Command, which enabled the Major General to attain a result so important at this moment to the completion of the war; casting additional fame on the already high renown of H. M.'s and the Hon'ble Company's Troops. The battle of Aliwal will stand prominent on record as one achieved by the united valor of such Officers and Soldiers, who may all rely upon every justice being rendered their services, by a faithful representation of them to our gallant Commander in Chief, than whom no General will more appreciate their merits: and the Major General will have the pleasure and gratification to lay before the Right Hon'ble the G. G. the valuable and energetic services, the cordial co-operation and assistance of Major Mackeson, Captain Cunningham, and Lieut. Lake, to whom the Major General feels deeply indebted.

1. If a Sepoy shall have served 15 years, and shall, by Wounds received in action with an Enemy, lose two Limbs, or both Eyes, or be totally deprived of the use of two Limbs, he shall receive, as heretofore, Eight Rupees a month.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)

Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces, 2 Rupees, ... (4 Shillings)

Above 2, and not exceeding 3 ounces, 3 Rupees, ... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

2d. The first or Southernmost white cross Beacon is visible from 3 to 4 miles bearing E. ¼ N. from the South end of Saddle Island and S. S. E. from the middle of Pulo Rymo, distance one mile.

3d, Vessels will be safe in working if they do not stand to the Eastward of the white cross Beacons.

4th. The Southern red triangle Beacon is off the North end of Pulo Jerajah, and after having passed it, care must be taken to keep more on the East side of the Channel to avoid a small patch with 2¼ fathoms low water bearing nearly N. N. E. about ¼ of a mile.

5th. With this exception between the first and second red triangle Beacons, all vessels can safely work in if they never go to the Eastward of the white cross Beacons or to the West of the red triangle Beacons; each Beacon is placed on projecting spits of sand or mud in two fathoms low water spring tides.

CARGADOS GARAJOS.

NOTICE TO MARINERS.

NOTICE is hereby given, that these Shoals are laid down in the Chart of Captain P. Heywood, R. N., first published in 1809, and since engraved with additions to 1830, considerably more than 20 miles to the Eastward of their true position as assigned to them by the Survey of H. M. S. "Leven," in 1825; Horsburgh's Chart, also first published in 1814, and since engraved with additions to 1833; in his Directory in Norries' Epitome latest edition, and verified by Captain Wall, of the H. C. Steamer "Tenasserim," on her recent examination.

2d. As Captain Heywood's Chart is usually bound up in the same volume with that of Horsburgh above referred to, and is on a much larger scale than the latter, it is very likely to be used by Commanders of Vessels, trading between this Port and the Mauritius, in the tracks of which the Cargados Garajos Shoals are, and to whom therefore this notice may be useful. Horsburgh's Chart in which they are correctly laid down, though on a very small scale, is probably the only one generally used by Ships, trading between England and India, which do not pass near the Shoals.

3d. It is not improbable that to the error in the Chart above alluded to, the loss of the "*Letitia*" may be attributed.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

NOTICE.

Abkarree. IT having been discovered, that Rum brought down from Distilleries to Calcutta for Exportation, at a certain strength as ascertained by average gauge of 10 per Cent. at this Office, has been afterwards passed as Ship's Stores at a lower proof, the discrepancy appearing to be occasioned by adulteration of the Spirit after its removal from this Office; it has been resolved that, instead of gauging 10 casks out of 100 as is now done in this Office; the whole despatch will in future be gauged and a copy of the Board's Gauger's Report of the quantity and per centage over proof of the Rum arriving here under Bond, will be forwarded to the Custom as a Check.

2. Parties interested in the Rum trade are accordingly hereby warned, that the Gauger at the Custom House will be instructed to allow no Rum, of which the strength does not correspond with that stated in the Board's Gauger's Report, to be exported without the Collector's special authority.

NOTIFICATION.

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience have already been experienced by lads from distant Stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

THURSDAY MORNING, FEBRUARY 12, 1846.

GENERAL ORDER BY THE RIGHT HON'BLE THE GOVERNOR GENERAL.

FOREIGN DEPARTMENT,

CAMP FEROZEPORE,

THE 2D FEBRUARY, 1846.

The Governor General announces to the Army and the People of India, that he has received from His Excellency the Commander in Chief of the Army, a Report by Major General Sir Harry Smith, K. C. B., dated the 30th ultimo, giving the details of a complete Victory gained by the Troops under the immediate command of the Major General on the 28th January over the Sikh forces commanded by the Sirdar Runjoor Singh Mujethea.

In this decisive and glorious action, the Enemy's Infantry were dislodged from every position and Village they attempted to hold by rapid charges at the point of the bayonet:—Their Horsemen were driven from every part of the field by repeated charges, in which the superior valour of the European and Native Cavalry was most conspicuous:—and the Artillery moving with its accustomed celerity, was always well to the front, directing its fire with precision and effect. The result of these noble efforts of the Three Arms of Artillery, Cavalry, and Infantry in which the valour and discipline of the Troops were happily combined with the skill of the Commander, has been the signal defeat of the Enemy who was driven across the River with great loss, his Camp being captured and 52 pieces of Artillery remaining in the hands of the Victors.

These Trophies in addition to those taken at Ferozshah and Moodkee, complete the number of 143 pieces of Artillery taken in the field from the Enemy since the British Army moved from its Cantonments to repel a most unprovoked aggression on its Territories.

To Major General Sir H. Smith, and to the brave Troops he commanded, the Governor General conveys the tribute of his admiration, and the grateful acknowledgments of the Government and the People of India. The service rendered was most important and was accomplished by the ability of the Commander and the valour of the Troops.

The Governor General's thanks are due to Brigadier Wheeler who although still suffering from the wounds received at Moodkee, energetically headed his Brigade, composed of H. M.'s 50th Regiment, the 48th N. I., and the Sirmoor Battalion. Great praise is also due to Brigadiers Godby and Hicks who, with the 36th N. I. and Nusseree Battalion, H. M.'s 31st, and the 24th and 47th N. I., stormed the Village of Aliwal, drove the Enemy from it, and seized the Guns by which it was defended.

The Governor General has much satisfaction in observing the warm terms of admiration in which the Major General speaks of the Nusseree and Sirmoor Battalions and the Shekawattee Brigade under Brigadier Penny, Captain Fisher and Major Forster. These Corps nobly emulated the example of the regular Regiments of Infantry.

In short, the conduct of the Troops, European and Native, Regular and Irregular, was throughout the Field an honorable rivalry in which every Corps bravely did its duty.

H. M.'s 16th Lancers on this occasion have added to their former reputation acquired in various Fields of Battle in Asia, by routing the Enemy's Cavalry in every direction, and by resolute charges of two of its Squadrons under Captain Bere and Major Smyth and Captain Pearson, penetrating the Enemy's square of Infantry in which charges the Squadrons were gallantly supported by the 3d Light Native Cavalry under Major Angelo.

In these exploits the Native Cavalry distinguished itself throughout the day, and the Governor General is happy to bear his testimony to the fact that since the Army of the Sutlej commenced its operations on the 18th December, the Native Cavalry has on every occasion proved its superior prowess, whether in the General Actions which have been fought or in the various Skirmishes at the outposts, such as that in which Captain Becher was gallantly engaged with a small party of the 8th Irregular Cavalry at Alloowalla on the morning of the 27th January. The Governor General thanks

are due in an especial manner to Brigadier Cureton, who Commanded the Cavalry. This Officer's whole life has been spent in the most meritorious exertions in Europe and Asia, and on this occasion the skill and intrepidity with which the Cavalry Force was handled, obtained the admiration of the Army which witnessed their movements.

The Government of India ever desirous to mark its grateful sense of the services of the Army, will cause a Medal to be presented to every Officer and Soldier of the East India Company's Service engaged in the Battle of Aliwal, and requests through His Excellency the Commander in Chief, that a Nominal Roll may be furnished for that purpose.

By Order of the Right Hon'ble the Governor General of India,

F. CURRIE,
Secy. to the Govt. of India,
with the Governor General.

Extract from a Despatch from His Excellency the Commander in Chief to the Right Hon'ble the Governor General, dated 1st February, 1846.

" Meanwhile the Upper Sutlej has become the scene of very interesting operations.

It is a strange feature of this War that the Enemy, pressed for supplies on his own bank, has been striving to draw them from his Jageer States on this side of the River. In the Town and Fort of Dhurmkote, which were filled with grain, he had in the second week of January, a small Garrison of Mercenaries, Rohillas, Eusufzies, and Affghans. Major General Sir Harry Smith was, on the 18th, sent against this place with a single Brigade of his Division and a Light Field Battery. He easily effected its reduction: the Troops within it, surrendering at discretion, after a few cannon shots. But, whilst he was yet in march, I received information of a more serious character. There remained little cause to doubt that Sirdar Runjoor Singh Mujeetya had crossed from Philour at the head of a numerous force of all Arms, and established himself in position at Baran Hara, between the old and the new courses of the Sutlej; not only threatening the City of Loodiana with plunder and devastation, but indicating a determination to intersect the line of our communications at Busseean and Raekote.

The safety of the rich and populous Town of Loodiana had been, in some measure provided for, by the presence of three Battalions of N. I. under Brigadier Godby, and the gradual advance of our reinforcements, amongst which was included H. M.'s 53d Regt. and the position of the Shekawuttee Brigade near Busseean gave breathing time to us in that direction. But on the receipt of intelligence which could be relied on, of the movements of Runjoor Singh and his apparent views, Major General Sir Harry Smith with the Brigade at Dhurmkote and Brigadier Cureton's Cavalry, was directed to advance by Jugraon towards Loodiana; and his second Brigade, under Brigadier Wheeler, moved on to support him.

Then commenced a series of very delicate combinations, the momentous character of which can only be comprehended, by reflecting on the task which had devolved on this Army of guarding the frontier from Roopur down to Mundote. The Major General breaking up from Jugraon moved towards Loodiana, when the Sirdar, relying on the vast superiority of his forces, assumed the initiative, and endeavored to intercept his progress, by marching on a line parallel to him, and opening upon his Troops a furious cannonade. The Major General continued coolly to manœuvre, and when the Sikh Sirdar bending round one Wing of his Army, enveloped his flank, he extricated himself by retiring with the steadiness of a field day, by eschellon of Battalions, and effected his communication with Loodiana; but not without severe loss. Reinforced by Brigadier Godby, he felt himself to be strong; but his manœuvre had thrown him out of communication with Brigadier Wheeler, and a portion of his Baggage had fallen into the hands of the Enemy. The Sikh Sirdar took up an entrenched position at Buddawul, supporting himself on its fort; but threatened on either flank by General Smith and Brigadier Wheeler, finally decamped and moved down to the Sutlej. The British Troops made good their junction, and occupied the abandoned position of Buddawul. The Shekawuttee Brigade and H. M.'s 53d Regt. also added to the strength of the Major General and he prepared to attack the Sikh Sirdar on his new ground. But, on the 26th, Runjoor Singh was reinforced from the right bank, with 4000 Regular Troops, twelve pieces of Artillery and a large force of Cavalry. Emboldened by this accession of strength, he ventured on the measure of advancing towards Jugraon, apparently with the view of intercepting our communications by that route.

It is my gratifying duty to announce that this presumption has been rebuked by a splendid Victory obtained over him. He has not only been repulsed by the Major General, but his Camp at Aleewal carried by storm, the whole of his Cannon and Munitions of War captured, and his Army driven headlong across the Sutlej, even on the right bank of which he found no refuge from the fire of our Artillery.

I have the honor now to forward the Major General's Report, which has just reached me. It is so ample and luminous, that I might perhaps have spared some of the details into which, admiration of the Major General's conduct and of the brave Army confided to him, in these operations, has led me.

It now remains for me only to congratulate, you, Right Hon'ble Sir, and the Government of India, on the brilliant success which, under Divine Providence, the Major General has achieved; and to record my opinion that, throughout these arduous and important operations he has displayed all the qualities of an able Commander. Most strongly, and most earnestly, at the same time, I beg to bring to your notice, and to that of His Grace the Duke of Wellington, and the Hon'ble the Court of Directors, the Officers and Corps on whom he has so justly bestowed his commendations."

Camp, Field of the Battle of Aleewal, 30th of January, 1846.

From Major General Sir H. SMITH, K. C. B., *Commanding,*

To the Adjutant General of the Army.

SIR,

My despatch to His Excellency the Commander in Chief of the 23rd instant will have put His Excellency in possession of the position of the Force under my Command, after having formed a junction with the troops at Loodiana, hemmed in by a formidable body of the Sikh Army under Runjor Sing and the Rajah of Ladwa. The Enemy strongly intrenched himself around the little Fort of Buddawul by breastworks and "Abattis," which he precipitately abandoned on the night of the 22d instant, (retiring as it were upon the ford of Tulwun, having ordered all the Boats which were opposite Phelor to that Ghat. This movement he effected during the night, and, by making a considerable detour placed himself at a distance of ten miles, and consequently out of my reach, I could therefore only push forward my Cavalry so soon as I had ascertained he had marched during the night, and I occupied immediately his vacated position. It appeared subsequently he had no intention of recrossing the Sutledge, but moved down to the Ghat of Tulwun (being cut off from that of Philor, by the position my force occupied after its relief of Loodiana) for the purpose of protecting the passage of a very considerable reinforcement of 12 Guns and 4000 of the Regular, or "Aieen" Troops, called Avitabille's Battalions, entrenching himself strongly in a semi-circle, his flanks resting on the River, his position covered with from 40 to 50 Guns, (generally of large calibre) Howitzers, and Mortars. The reinforcement crossed during the night of the 27th instant, and encamped to the right of the Main Army.

Meanwhile His Excellency the Commander in Chief, with that foresight and judgment which marks the able General, had reinforced me by a considerable addition to my Cavalry, some Guns, and the 2nd Brigade of my own Division under Brigadier Wheeler, C. B. This reinforcement reached me on the 26th and I had intended, the next morning, to move upon the Enemy in his entrenchments, but the Troops required one day's rest after the long marches Brigadier Wheeler had made.

I have now the honor to lay before you the operations of my united forces on the morning of the eventful 28th January, for His Excellency's information. The body of Troops under my Command having been encreased, it became necessary so to organise and Brigade them as to render them manageable in action. The Cavalry under the Command of Brigadier Cureton, and Horse Artillery under Major Lawrenson, were put into two Brigades: the one under Brigadier Macdowell, C. B., and the other under Brigadier Stedman. The 1st Division as it stood—two Brigades H. M.'s 53d and 30th Native Infantry under Brigadier Wilson of the latter Corps. The 36th Native Infantry and Nusseree Battalion under Brigadier Godby, and the Shekawuttee Brigade under Major Forster. The Sirmoor Battalion I attached to Brigadier Wheeler's Brigade of the 1st Division, the 42d Native Infantry having left at Head Quarters.

At daylight on the 28th, my order of advance was the Cavalry in front, in contiguous columns of Squadrons of Regiments: two Troops of Horse Artillery in the intervals of Brigades. The Infantry in contiguous columns of Brigades at intervals of deploying distance. Artillery in the intervals, followed by two 8 inch Howitzers on travelling carriages, brought into the field from the Fort of Loodiana by the indefatigable exertions of Lieutt. Colonel Lane, Horse Artillery. Brigadier Godby's Brigade, which I had marched out from Loodiana the previous evening on the night. The Shekawuttee Infantry on the left. The 4th Irregular Cavalry and the Shekawuttee Cavalry considerably to the right for the purpose of sweeping the banks of the Wet Nullah on my right, and preventing any of the Enemy's Horse attempting an inroad towards Loodiana, or any attempt upon the Baggage assembled round the Fort of Buddawul.

In this order the Troops moved forward towards the Enemy, a distance of six miles, the advance conducted by Captain Waugh, 16th Lancers, the Deputy Assistant Quarter Master of Cavalry, Major Bradford, of the 1st Cavalry, and Lieutenant Strachey, of the Engineers, who had been jointly employed in the conduct of Patrols up to the Enemy's position, and for the purpose of reporting upon the facility and points of approach. Previously to the march of the Troops it had been intimated to me by Major Mackeson that the information by spies led to the belief the Enemy would move somewhere at daylight, either on Jugraon, my position of Buddawul, or Loodiana. On a near approach to his outposts this rumour was confirmed by a spy, who had just left his Camp, saying the Sikh Army was actually in march towards Jugraon. My advance was steady, my Troops well in hand, and if he had anticipated me on the Jugraon road, I could have fallen upon his centre with advantage.

From the tops of the houses of the village of Poorein I had a distant view of the Enemy. He was in motion, and appeared directly opposite my front on a ridge of which the village of Aleewal may be regarded as the centre. His left appeared still to occupy its ground in the circular entrenchment: his right was brought forward and occupied the ridge. I immediately deployed the Cavalry into line, and moved on. As I neared the Enemy, the ground became most favorable for the Troops to manœuvre, being open and hard grass land. I ordered the Cavalry to take ground to the right and left by Brigades; thus displaying the heads of the Infantry Columns, and, as they reached the hard ground, I directed them to deploy into Line—Brigadier Godby's Brigade was in direct eschellon to the rear of the right; the Shekawuttee Infantry in like manner to the rear of my left. The Cavalry in direct eschellon on, and well to the rear of, both flanks of the Infantry. The Artillery massed on the right, and centre, and left, after deployment I observed the Enemy's left to outflank me, I therefore broke into open Column and took ground to my right. When I had gained sufficient ground, the Troops wheeled into Line: there was no dust: the sun shone brightly. Thus manœuvres were performed with the celerity and precision of the most correct Field day. They glistening of the Bayonets and Swords of this order of Battle was most imposing, and the Line advanced. Scarcely had it moved

forward 150 yards when, at 10 o'clock, the Enemy opened a fierce cannonade from his whole line. At first his balls fell short, but quickly reached us. Thus upon him, and capable of better ascertaining his position, I was compelled to halt the line, though under fire, for a few moments, until I ascertained that, by bringing up my right and carrying the Village of Aleewal, I could with great effect precipitate myself upon his left and centre, I therefore quickly brought up Brigadier Godby's Brigade, and with it and the 1st Brigade under Brigadier Hicks, made a rapid and noble charge, carried the Village and 2 Guns of large calibre. The line I ordered to advance, H. M.'s 31st Foot, and the Native Regiments contending for the front, and the Battle became general. The Enemy had a numerous body of Cavalry on the heights to his left, and I ordered Brigadier Cureton to bring up the right Brigade of Cavalry who, in the most gallant manner, dashed in among them, and drove them back upon their Infantry—meanwhile a second gallant charge to my right was made by the Light Cavalry and the Body Guard. The Shekawuttee Brigade was moved well to the right in support of Brigadier Cureton, when I observed the Enemy's encampment, and saw it was full of Infantry, I immediately brought upon it Brigadier Godby's Brigade, by changing front, and taking the Enemy's Infantry "en revers." They drove them before them, and took some Guns without a check.

While these operations were going on upon the right, and the Enemy's left flank was thus driven back, I occasionally observed the Brigade under Brigadier Wheeler, an Officer in whom I have the greatest confidence, charging, and carrying Guns and every thing before it, again connecting his line and moving on, in a manner which ably displayed the coolness of the Brigadier and the gallantry of his irresistible Brigade, H. M.'s 50th Foot, the 48th N. I. and the Sirmoor Battalion, although the loss was, I regret to say, severe in the 50th—upon the left Brigadier Wilson, with H. M.'s 53d and the 30th N. I., equalled in celerity and regularity their Comrades on the right, and this Brigade was opposed to the "Aieen" Troops, called Avitabille's, when the fight was fiercely raging.

The Enemy, well driven back on his left and centre, endeavoured to hold his right to cover the passage of the river, and he strongly occupied the Village of Bhoondee. I directed a Squadron of the 16th Lancers under Major Smyth and Captain Pearson to charge a body to the right of the Village, which they did in the most gallant and determined style, bearing every thing before them, as a Squadron under Captain Bere had previously done, going right through a square of Infantry, wheeling about and re-entering the square in the most intrepid manner with the deadly lance. This charge was accompanied by the 3d Light Cavalry under Major Angelo, and as gallantly sustained. The largest Gun upon the field and seven others were then captured, while the 53d Regiment carried the Village by the Bayonet, and the 30th N. I. wheeled round to the rear in a most spirited manner. Lt. Col. Alexander's and Capt. Turton's Troops of Horse Artillery under Major Lawrenson, dashed almost among the flying Infantry, committing great havock, until about 800 or 1000 men rallied under the high bank of a Nullah and opened a heavy but ineffectual fire from below the bank. I immediately directed the 30th N. I. to charge them, which they were able to do upon their left flank, while in a line in rear of the Village. This Native Corps nobly obeyed my orders, and rushed among the Avitabille Troops, driving them from under the bank, and exposing them once more to the deadly fire of 12 Guns within 300 yards. The destruction was very great, as may be supposed by Guns served as these were —H. M.'s 53d Regiment moved forward in support of the 30th N. I. by the right of the Village. The battle was won—our Troops advancing with the most perfect order to the common focus, the passage of the river. The Enemy completely hemmed in were flying from our fire, and precipitating themselves in disordered masses into the fords and boats in the utmost confusion and consternation. Our 8 inch Howitzers soon began to play upon their boats, when the "debris" of the Sikh Army appeared upon the opposite and high bank of the river flying in every direction although a sort of line was attempted to countenance their retreat, until *all* our Guns commenced a furious cannonade when they quickly receded. Nine Guns were on the verge of the river by the ford. It appears as if they had been unlimbered to cover the ford. These being loaded were fired once upon our advance. Two others were sticking in the river: one of them we got out. Two were seen to sink in the quick sands. Two were dragged to the opposite bank and abandoned. These and the one in the middle of the river were gallantly spiked by Lieut. Holmes, of the 11th Irregular Cavalry, and Gunner Scott, of the 1st Troop 2d Brigade Horse Artillery, who rode into the stream and crossed for the purpose, covered by our Guns and Light Infantry.

Thus indeed the Battle of Aleewal, one of the most glorious victories ever achieved in India, by the united efforts of Her Majesty's and the Honorable Company's Troops, *Every Gun* the Enemy had fell into our hands, as I infer from his never opening one upon us from the opposite bank of the River, which is high and favorable for the purpose. Fifty-two Guns are now in the Ordnance Park, two sunk in the bed of the Sutledge, and two were spiked on the opposite bank, making a total of 56 pieces of Cannon captured or destroyed. Many Jinjalls, which were attached to Avitabille's Corps, and which aided in the defence of the Village of Bhoondee, have also been taken. The whole Army of the Enemy has been driven headlong over the difficult ford of a broad River, his Camp, Baggage, Stores of Ammunition and Grain, his all in fact, wrested from him by the repeated charges of Cavalry and Infantry, aided by the Guns of Alexander, Turton, Lane, Mill, Boileau and of the Shekawuttee Brigade, and by the 8 inch Howitzer. Our Guns literally being constantly ahead of every thing. The determined bravery of all was as conspicuous as noble. I am unwont to praise when praise is not merited; and I here most avowedly express my firm opinion and conviction, that no Troops in any battle on record ever behaved more nobly, British and Native no distinction, Cavalry all vying with H. M.'s 16th Lancers, and striving to head in the repeated charges. Our Guns and Gunners, Officers and Men may be equalled, but cannot be exceeded by any Artillery in the World. Throughout the day no hesitation, a bold and intrepid advance, and thus it is that our loss is comparatively small though I deeply regret to say severe. The Enemy fought with much resolution. They maintained frequent rencontres with our Cavalry hand to hand. In one charge upon Infantry, of H. M.'s 16th

11 *Guns since ascertained to be sank in the River. Total* 67.

30 *odd Jinjalls fell into our hands.*

Lancers, they threw away their Muskets and came on with their Swords and Targets against the Lance.

Having thus done justice and justice alone, to the gallant Troops His Excellency entrusted to my Command, I would gladly, if the limits of a despatch (already too much lengthened I fear,) permitted me to do that justice to individuals all deserve. This cannot be, therefore must I confine myself to mention those Officers, whose continued services, experience and standing placed them in conspicuous Commands. In Brigadier Wheeler, my Second in Command, I had a support I could rely on with every confidence, and most gallantly did he head his Brigade. From Brigadiers Wilson, Godby and Hicks, I had also every support and every cause to be gratified with their exertions. In Brigadier Cureton, H. M. has one of those Officers rarely met with, the cool experience of the Veteran Soldier is combined with youthful activity. His knowledge of outpost duty, and the able manner he handles his Cavalry under the heaviest fire, rank him among the first Cavalry Officers of the age; and I beg to draw His Excellency's marked attention to this honest encomium. In Major Lawrenson, Commanding the Artillery, Lieutenant Colonel Alexander, Captain Turton, and Lieutenant Colonel Lane, the Service has Officers of the very first order; and I am equally satisfied with Captain Boileau, in Command of the 9th Pr. Battery, and with Lieutt. Mill in charge of four Light Guns. The two 8 inch Howitzers did right good service, organised, equipped, and brought into the field by the exertions and determination to overcome all difficulties of Lieutt. Coll. Lane, equally well served and brought forward always with the Infantry by Lieutt. Austin.

To Brigadiers Macdowell and Stedman, Comdg. their gallant Brigades of Cavalry, the fortune of the day is greatly indebted, and to all Commanding Officers of Cavalry and Infantry, my warmest thanks are due. To Major Smyth, Comdg. H.M.'s 16th Lancers, who was wounded, to Major Bradford, of the 1st Light Cavalry, to Major Angelo, of the 3d Light Cavalry, to Major Alexander, of the 5th Light Cavalry, to Captn. Hill, of the 4th Irregular Cavalry, to Major Forster, of the Shekawuttee Brigade, and to Captain Quin of the Body Guard, to Lieut.-Colonel Spence, Commanding H. M.'s 31st Foot, to Major Bird of the 24th N. I., to Captn. Corfield of the 47th N. I., to Lieut.-Col. Ryan, K. H., of H. M.'s 50th Regt., to Captain Troup of the 48th N. I., to Captain Fisher of the Sirmoor Battalion, to Lieut.-Col. Phillips of H. M.'s 53d Foot, to Captain Jack of the 30th N. I., to Captain Fleming of the 36th N. I., and to Brigadier Penny of the Nusseeree Battalion.

His Excellency having witnessed the glorious services of H. M.'s 31st and 50th Regiments and of the 24th, 47th and 48th Native Infantry, I have only to report upon H. M.'s 53rd, a young Regiment, but veterans, in daring gallantry and regularity; and Lieut.-Col. Phillip's bravery and coolness attracted the attention of myself and every Staff Officer I sent to him. The 30th and 36th Regiments N. I. are an honor to any service and the intrepid little Goorkahs of the Nusseeree and Sirmoor Battalions, in bravery and obedience can be exceeded by none. I much regretted I had no Brigade to give Brigadier Penny, who is in orders for one as His Excellency is aware. I can only say therefore that, when he gets his Brigade, if he leads it as he did his gallant band of Goorkahs, it will be inferior to none.

The services of H. M.'s 16th Lancers His Excellency has witnessed on a former occasion, and the exalted character of this Regiment is equally before him. The 1st and 3d Light Cavalry, and the 4th Irregulars I believe he has not seen in action; and it is my duty therefore joyfully to report the manner they contended for the glorious prize of Victory, in the many charges they this day delivered, and it will be equally gratifying when I assure His Excellency the Body Guard under Captain Quin, and the 5th Light Cavalry well did their duty. The Shekawuttee Brigade, under Major Forster, is steady, obedient and well appointed. Artillery, Horse and Infantry, each Arms striving to distinguish itself in the Field.

Captain Mathias, of H. M.'s 62d, in charge of a Detachment of Convalescents of H. M's. Service, and Lieutt. Hebbert, of the Hon'ble Company's Sappers and Miners, readily performed the duty assigned them in protecting the 8 inch Howitzers.

To Captain Lugard, the Assistant Adjutant General of this Force, I am deeply indebted, and the service still more so: a more cool, intrepid and trustworthy Officer cannot be brought forward; and I may say the same with great sincerity of Lieutenant Galloway, the Dy. Assistant Qr. Mr. General of the 1st Division, Captain Waugh, of the 16th Lancers, Dy. Assistant Qr. Mr. General to the Cavalry, is an Officer of no ordinary abilities, and the manner in which he and Major Bradford, of the 1st Lt. Cavalry, daily patrolled, reconnoitred and made themselves acquainted with the position of the Enemy, mainly contributed to the glorious result.

The Brigadiers all speak in high terms of their Majors of Brigade, Captain O'Hanlon, of the 1st Brigade, who was wounded in the action and replaced by Captain Palmer, of the 48th N. I; Captain Garvock, of H. M's. 31st Foot, of the 2d Brigade, Captain Loftie, 30th N. I., of the 3rd Brigade, and Lieutenant Vanrenen, of the 4th Brigade, Lieutt. Pattinson, of H. M's. 16th Lancers, of the 1st Brigade of Cavalry, and Captain Campbell, of the 1st Lt. Cavalry, of the 2d Brigade.

Of the service of Lieutt. A. W. C. Plowden, 3d Lt. Cavalry, Dy. Assistant Adjutant General, and my Aid-de-camp, Lieutt. Holdich, and of Lieutt. Tombs, of the Artillery, my acting Aid-de-camp, I am fully sensible, and with the manner in which they aided me, by carrying orders, I am much satisfied. Lieutenants Strachey and Baird Smith, of the Engineers, greatly contributed to the completion of my plans and arrangements, and were ever ready to act in any capacity: they are two most promising and gallant Officers.

I have every reason to be satisfied with the Commissariat arrangements under Captains Mainwaring and Williamson.

Owing to the judicious arrangements of Dr. Murray, Field Surgeon, every wounded Officer and Soldier was placed under cover, and provided for soon after dark, and for the zeal displayed by this able and persevering Medical Officer, and to the several Regimental Surgeons are the

wounded and our Country deeply indebted. The whole of the wounded were moved yesterday to Loodiana, for the sake of accommodation and comforts which could not be given them in the Field.

If not irregular, I beg you would lay before the Commander in Chief, for submission to the Right Hon'ble the Governor General, my just sense of the valuable services of the Political Officers associated with me, Major Mackeson, Captain J. D. Cunningham, and Lieutt. Lake. For the assistance I have received from them, in their Political capacity, I feel most grateful. On the morning of the battle each offered to aid me in his Military capacity, frequently did I employ them to carry orders to the thickest of the fight, and frequently did they gallantly accompany charges of Cavalry.

The Reports of the several Brigadiers I enclose—a Return of the Officers Commanding and Second in Command of Regiments, also a Return of Killed and Wounded—a Return of Ordnance captured and of Ordnance Stores, likewise a Return of Commissariat Stores, Grain, &c., and a rough Sketch of the Field of Battle of Aliwal.

The Fort of Goongrana has, subsequently to the battle, been evacuated; and I yesterday evening blew up the Fort of Buddawul,—I shall now blow up that of Noorpoor. A portion of the peasantry, viz. the Sikhs, appears less friendly to us, while the Mussulmen rejoice in being under our Government.

I have, &c.,

N. B. The quantity of Ammunition captured with the Artillery, and found in the Camp of the Enemy is beyond accurate calculation, consisting of Shot, Shell, Grape and Small Arm Ammunition of every description and for every calibre. The Powder found in the Limbers and Waggons of the Guns and in the Magazines of the entrenched Camp has been destroyed to prevent accidents, six large Hackery loads have also been appropriated to the destruction of Forts in the neighbourhood. As many of the Shot and Shell as time would admit of being collected have been brought into the Park—the Shells being useless have been thrown into the River. The Shot will be appropriated to the Public Service.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

SOUTHERN CHANNEL LEADING INTO PENANG HARBOUR.

NOTICE is hereby given, that this Channel has been buoyed off during the past year, by Captain Congalton, of the H. Co.'s Steamer "*Diana*," and may now be used with ease and safety if the following sailing directions by that Officer are attended to.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,
The 31st January, 1846.

Vessels approaching the Island from the Southward intending to enter the Harbour of Penang, should be guided by the following directions:

1st. There are two lines of Beacons, those on the East side, five in number, painted white, in the form of a cross, and those on the West side, three in number, painted red, in the form of a triangle.

2d. The first or Southernmost white cross Beacon is visible from 3 to 4 miles bearing E ¼ N. from the South end of Saddle Island and S. S. E. from the middle of Pulo Rymo, distance one mile.

3d. Vessels will be safe in working if they do not stand to the Eastward of the white cross Beacons.

4th. The Southern red triangle Beacon is off the North end of Pulo Jerajah, and after having passed it, care must be taken to keep more on the East side of the Channel to avoid a small patch with 2¼ fathoms low water bearing nearly N. N. E. about ¼ of a mile.

5th. With this exception between the first and second red triangle Beacons, all vessels can safely work in if they never go to the Eastward of the white cross Beacons or to the West of the red triangle Beacons; each Beacon is placed on projecting spits of sand or mud in two fathoms low water spring tides.

CARGADOS GARAJOS.

NOTICE TO MARINERS.

NOTICE is hereby given, that these Shoals are laid down in the Chart of Captain P. Heywood, R. N., first published in 1809, and since engraved with additions to 1830, considerably more than 20 miles to the Eastward of their true position as assigned to them by the Survey of H. M. S. "Leven," in 1825; Horsburgh's Chart, also first published in 1814, and since engraved with additions to 1833; in his Directory in Norries' Epitome latest edition, and verified by Captain Wall, of the H. C. Steamer "Tenasserim," on her recent examination.

2d. As Captain Heywood's Chart is usually bound up in the same volume with that of Horsburgh above referred to, and is on a much larger scale than the latter, it is very likely to be used by Commanders of Vessels, trading between this Port and the Mauritius, in the tracks of which the Cargados Garajos Shoals are, and to whom therefore this notice may be useful. Horsburgh's Chart in which they are correctly laid down, though on a very small scale, is probably the only one generally used by Ships, trading between England and India, which do not pass near the Shoals.

3d. It is not improbable that to the error in the Chart above alluded to, the loss of the "*Letitia*" may be attributed.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

EDUCATION NOTICE.

AN examination will be held in the Medical College, during the early part of April 1846, for the purpose of filling up existing vacancies in the Stipendiary Class of the College. The value of the Stipend is Company's Rupees 8 per mensem, tenable for 5 years. No candidate can be admitted under the full age of 16, or about that of 20 years, on any account whatever.

Every applicant for admission must bring a letter of recommendation from some respectable person, certifying that he is of good character, and worthy of admission to the privilege of studying medicine.

The candidates must present themselves before the Secretary to the College three days prior to the day of examination, with a view to their being identified as the persons really desiring admission.

All candidates will be expected to possess a thorough knowledge of English, so as to be able to read, write, and enunciate it with fluency and facility. They must be able to analyze a passage in Milton's Paradise Lost, Robertson's Histories, or works of a similar classical standard—be acquainted with the elements of Arithmetic, Algebra, Geometry and Natural Philosophy,—and bring certificates from the Head Masters of the Schools in which they have studied, expressly stating that they possess the information required, and are capable of undergoing the ordeal proposed. The preference, in selection, will always be given to those who possess the greatest amount of information in the abovementioned branches of education.

The examination for the admission of Free Students will be held at the same time, and be similar in nature and extent to that specified above.

(By order,)

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale unopened—provided that at the time they are applied for satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

2d.—The Opium to be offered for Sale at an Upset Price of Rupees 400 per Chest, and to be all sold to the highest bidder above that price.

3d.—If at the above Sale the entire quantity of 3,000 Chests shall not be sold, it shall subsequently be competent for the Board of Customs, Salt and Opium, to dispose of the lots which remain on hand at future Sales.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 1,000 Rupees per Lot or 200 Rupees per Chest, shall be made by the Purchaser in the Sale Room, and before the Lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of Purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Friday, the 27th February 1846, or, on the other hand, failing such redemption by the time aforesaid, then the Lot or Lots for which no Sub-Treasurer's Receipts, or Deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times, and under such Conditions of Re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expences whatsoever attending such Re-sale, shall be borne and paid by the Defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 27th February 1846, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th —No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 27th February will be afterwards accepted.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The Receipt for such Deposit will be granted only in the name of such Purchaser, and the Public Securities deposited will be returned when the clearance has been made by the said Purchaser or his order.

No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1844-45, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

NOTICE.

Abkarree. IT having been discovered, that Rum brought down from Distilleries to Calcutta for Exportation, at a certain strength as ascertained by average gauge of 10 per Cent. at this Office, has been afterwards passed as Ship's Stores at a lower proof, the discrepancy appearing to be occasioned by adulteration of the Spirit after its removal from this Office; it has been resolved that, instead of gauging 10 casks out of 100 as is now done in this Office; the whole despatch will in future be gauged and a copy of the Board's Gauger's Report of the quantity and per centage over proof of the Rum arriving here under Bond, will be forwarded to the Custom as a Check.

2. Parties interested in the Rum trade are accordingly hereby warned, that the Gauger at the Custom House will be instructed to allow no Rum, of which the strength does not correspond with that stated in the Board's Gauger's Report, to be exported without the Collector's special authority.

By order of the Board of Customs, Salt and Opium, the 28th January, 1846,

POST OFFICE NOTIFICATION.

P. and O. Steamers.

The Bi-monthly Overland Communication having now been regularly established between this Country and Europe, and the arrangements for the conveyance of the Mails, direct, between Calcutta and Suez, finally completed and brought into operation; Notice, accordingly, is hereby given, that the rates of Postage charged on Letters and Papers carried by the Government Steamers from and to Bombay, will likewise be levied, in future, on Letters and Newspapers conveyed by the Peninsular and Oriental Company's Vessels, from and to Calcutta, both by way of Southampton, and via Marseilles.

1. The rules relative to the former, having also been made applicable, in every respect, to the latter, are subjoined for the information and guidance of the Public, in general. The scale of British Steam Postage, is, as follows, viz.

On every letter not exceeding ½ an ounce in weight, ...8 As. or one Shilling.
On ditto above ½ oz. and not exceeding one ounce, ...1 R. or two ditto.
On ditto above 1 oz. and not exceeding two ounces, ...2 Rs. or four ditto.
On ditto above 2 oz. and not exceeding three ounces, ...3 Rs. or six ditto.

and so on, increasing One Rupee, or Two Shillings, for every additional ounce weight, or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Honble Company's currency, are recommended as the best substitutes:

In lieu of ½ an ounce..... One Rupee and One Copper Pie.
In lieu of one ounce..... Two Copper Half Anna Pieces (or Double Pice) and One Pie—the former Coins are procurable by paying the equivalent, at the Mint.

3. Every person confining his English correspondence to the weight of the two former Coins, will be certain of being within the weight prescribed for a single Steamer Letter, and every Letter not exceeding the aggregate weight of the three latter Coins, will, in like manner, be within the weight allowed for a double Steamer Letter.

4. Steam Postage on Letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, forwarded via "Marseilles," as well as letters for Egypt, Syria, Turkey, Greece, and the Mediterranean Islands, subject to Red Sea (Steam) Postage, *must*, as heretofore, be pre-paid in this country.

5. Steam Postage on Letters for the United States or British Colonies in America, or the West Indies (unless addressed to Agents in Great Britain,) *cannot* be pre-paid in this country, whether sent by way of "Marseilles," or via Southampton.

6. The same rule applies equally to Letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched through "Marseilles," and also to those for the Continent of Europe, transmitted by way of "Southampton."

7. Letters for any Foreign country, directed to an Agent in England, will be received and disposed of, as if addressed to the United Kingdom.

8. The optional pre-payment of Steamer Postage, applies only to Letters sent, by the "Southampton" Route, to places within the United Kingdom, and vice versa.

9. The Term "Paid (or Pre-paid," which is synonymous) being the distinctive mark (indicative of the wishes of Senders) and the only guide for the Post Office Receivers, all Letters for the United Kingdom via "Southampton," which may be so marked, will, accordingly, be charged with Steamer Postage, and such as are not so superscribed, will be sent "Bearing."

10. The Inland (Indian) Postage which is quite distinct from, and always levied in addition to, Steam Postage, *must* be paid in advance, by the Sender, at the Posting Office, on Letters forwarded from out Stations to Calcutta or Bombay, or from either one Presidency to the other, for transmission by the Steamers, and vice versa, that is, by the Addressee at the Receiving Office. The word paid, therefore, should not be put on any Letter, except on those on which Senders, having the option, intend to Pre-Pay Steam Postage also.

11. No Letter exceeding 12 tolas, (a fraction under 5 ounces) in weight can be transmitted per Letter Mail; but if forwarded by Government Baughy Post, or otherwise sent to Bombay or Calcutta, it may be despatched by the Steamer, from either Presidency.

12. It is particularly requested, that Letters and Papers from the Mofussul, intended for despatch by the Overland Mail, from Calcutta, may be accordingly superscribed, for the guidance of the person who originally receives such Letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded, should always be clearly specified also. Any Letter not marked "Per Steam," or "Overland," will be sent by a Sailing Vessel. In order to avoid mistakes, the name of the country, which a Letter is destined to, (England for example,) should be the last word in the superscription. Letters posted in Calcutta for despatch via Bombay should be accordingly directed.

13. Although ½ ounce is the single weight for regulating Steamer Postage charge, the quarter tola continues to be the single weight for Inland Postage to Bombay, which Letter (from Calcutta to that Presidency,) amounts to Seven Annas.

14. An extra charge of One Rupee for every half tola weight, is made on Letters sent by the Overland Express from Calcutta to Bombay, and no Letter above one tola weight can be forwarded by such conveyance. Thus, for instance, a Pre-Paid Steam Letter of one tola weight, posted in Calcutta for transmission, via Bombay, would be charged with Postage, amounting to Rs. 3-6-0, viz.

Ordinary Inland Postage, ...	0	14	0
Express ditto, ...	2	0	0
Steam ditto, ...	0	8	0
Total Rs.	3	6	0

15. It is requested that no Firm or individual will send Letters exceeding Two Tolas Weight in the aggregate, and that each Letter be superscribed "Overland Express" when intended for such conveyance.

16. The Tola Weight above mentioned is equal to 180 Grains Troy, being the Standard Weight of the Company's Rupee.

17. Postage is levied according to the prescribed weight, without reference to the quality or quantity of the Paper.

18. No Steam Postage whatever is charged in India on Newspapers sent from this country, but Inland Postage to, and from, Bombay must be paid.

19. Receipts, if required, must be brought ready written, along with the Letters, &c. to the Post Office.

The foregoing explanation is given in detail, for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may, hereafter, take place, will be duly notified.

L. J. H. GREY,
Post Master General.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Post Master.

NOTIFICATION.

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience have already been experienced by lads from distant Stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

NOTICE.

Abkarree. IT having been discovered, that Rum brought down from Distilleries to Calcutta for Exportation, at a certain strength as ascertained by average gauge of 10 per Cent. at this Office, has been afterwards passed as Ship's Stores at a lower proof, the discrepancy appearing to be occasioned by adulteration of the Spirit after its removal from this Office; it has been resolved that, instead of gauging 10 casks out of 100 as is now done in this Office; the whole despatch will in future be gauged and a copy of the Board's Gauger's Report of the quantity and per centage over proof of the Rum arriving here under Bond, will be forwarded to the Custom as a Check.

2. Parties interested in the Rum trade are accordingly hereby warned, that the Gauger at the Custom House will be instructed to allow no Rum, of which the strength does not correspond with that stated in the Board's Gauger's Report, to be exported without the Collector's special authority.

SOUTHERN CHANNEL LEADING INTO PENANG HARBOUR.

NOTICE is hereby given, that this Channel has been buoyed off during the past year, by Captain Congalton, of the H. Co.'s Steamer "*Diana*," and may now be used with ease and safety if the following sailing directions by that Officer are attended to.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,
The 31st January, 1846.

Vessels approaching the Island from the Southward intending to enter the Harbour of Penang, should be guided by the following directions:

1st. There are two lines of Beacons, those on the East side, five in number, painted white, in the form of a cross, and those on the West side, three in number, painted red, in the form of a triangle.

2d. The first or Southernmost white cross Beacon is visible from 3 to 4 miles bearing E. ¼ N. from the South end of Saddle Island and S. S. E. from the middle of Pulo Rymo, distance one mile.

3d. Vessels will be safe in working if they do not stand to the Eastward of the white cross Beacons.

4th. The Southern red triangle Beacon is off the North end of Pulo Jerajah, and after having passed it, care must be taken to keep more on the East side of the Channel to avoid a small patch with 2¼ fathoms low water bearing nearly N. N. E. about ¼ of a mile.

5th. With this exception between the first and second red triangle Beacons, all vessels can safely work in if they never go to the Eastward of the white cross Beacons or to the West of the red triangle Beacons; each Beacon is placed on projecting spits of sand or mud in two fathoms low water spring tides.

CARGADOS GARAJOS.

NOTICE TO MARINERS.

NOTICE is hereby given, that these Shoals are laid down in the Chart of Captain P. Heywood, R. N., first published in 1809, and since engraved with additions to 1830, considerably more than 20 miles to the Eastward of their true position as assigned to them by the Survey of H. M. S. "Leven," in 1825; Horsburgh's Chart, also first published in 1814, and since engraved with additions to 1833; in his Directory in Norries' Epitome latest edition, and verified by Captain Wall, of the H. C. Steamer "Tenasserim," on her recent examination.

2d. As Captain Heywood's Chart is usually bound up in the same volume with that of Horsburgh above referred to, and is on a much larger scale than the latter, it is very likely to be used by Commanders of Vessels, trading between this Port and the Mauritius, in the tracks of which the Cargados Garajos Shoals are, and to whom therefore this notice may be useful. Horsburgh's Chart in which they are correctly laid down, though on a very small scale, is probably the only one generally used by Ships, trading between England and India, which do not pass near the Shoals.

3d. It is not improbable that to the error in the Chart above alluded to, the loss of the "*Letitia*" may be attributed.

JAS. SUTHERLAND,
Secretary.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

NOTICE.

Abkarree. IT having been discovered, that Rum brought down from Distilleries to Calcutta for Exportation, at a certain strength as ascertained by average gauge of 10 per Cent. at this Office, has been afterwards passed as Ship's Stores at a lower proof, the discrepancy appearing to be occasioned by adulteration of the Spirit after its removal from this Office; it has been resolved that, instead of gauging 10 casks out of 100 as is now done in this Office; the whole despatch will in future be gauged and a copy of the Board's Gauger's Report of the quantity and per centage over proof of the Rum arriving here under Bond, will be forwarded to the Custom as a Check.

2. Parties interested in the Rum trade are accordingly hereby warned, that the Gauger at the Custom House will be instructed to allow no Rum, of which the strength does not correspond with that stated in the Board's Gauger's Report, to be exported without the Collector's special authority.

SOUTHERN CHANNEL LEADING INTO PENANG HARBOUR.

NOTICE is hereby given, that this Channel has been buoyed off during the past year, by Captain Congalton, of the H. Co.'s Steamer "*Diana,*" and may now be used with ease and safety if the following sailing directions by that Officer are attended to.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,
The 31st January, 1846.

Vessels approaching the Island from the Southward intending to enter the Harbour of Penang, should be guided by the following directions:

1st. There are two lines of Beacons, those on the East side, five in number, painted white, in the form of a cross, and those on the West side, three in number, painted red, in the form of a triangle.

2d. The first or Southernmost white cross Beacon is visible from 3 to 4 miles bearing E. ¼ N. from the South end of Saddle Island and S. S. E. from the middle of Pulo Rymo, distance one mile.

3d. Vessels will be safe in working if they do not stand to the Eastward of the white cross Beacons.

4th. The Southern red triangle Beacon is off the North end of Pulo Jerajah, and after having passed it, care must be taken to keep more on the East side of the Channel to avoid a small patch with 2¼ fathoms low water bearing nearly N. N. E. about ¼ of a mile.

5th. With this exception between the first and second red triangle Beacons, all vessels can safely work in if they never go to the Eastward of the white cross Beacons or to the West of the red triangle Beacons; each Beacon is placed on projecting spits of sand or mud in two fathoms low water spring tides.

CARGADOS GARAJOS.

NOTICE TO MARINERS.

NOTICE is hereby given, that these Shoals are laid down in the Chart of Captain P. Heywood, R. N., first published in 1809, and since engraved with additions to 1830, considerably more than 20 miles to the Eastward of their true position as assigned to them by the Survey of H. M. S. "Leven," in 1825; Horsburgh's Chart, also first published in 1814, and since engraved with additions to 1833; in his Directory in Norries' Epitome latest edition, and verified by Captain Wall, of the H. C. Steamer "Tenasserim," on her recent examination.

2d. As Captain Heywood's Chart is usually bound up in the same volume with that of Horsburgh above referred to, and is on a much larger scale than the latter, it is very likely to be used by Commanders of Vessels, trading between this Port and the Mauritius, in the tracks of which the Cargados Garajos Shoals are, and to whom therefore this notice may be useful. Horsburgh's Chart in which they are correctly laid down, though on a very small scale, is probably the only one generally used by Ships, trading between England and India, which do not pass near the Shoals.

3d. It is not improbable that to the error in the Chart above alluded to, the loss of the "*Letitia*" may be attributed.

2.—Parties may tender to supply one or more Divisions and for either or both descriptions of Fuel, but the tenders must specify the rate per hundred Bazar maunds per Coal or Wood separately.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which with the exception of two maunds will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, not recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 or 15 inches, and both Coal and Wood must be protected from the rain and the Coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour, under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractors will be required under penalty to maintain constantly in store Fuel for three months estimated consumption. The Government will not be pledged however to take monthly the entire estimated quantity; circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated, may be insufficient, and Contractors will be required to undertake that in such cases they will, on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present Estimate, and on the same terms of Contract.

6.—The Clause requiring that Fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the Contract, but at the expiration of the Contract, Government will take over or transfer to new Contractors such quantity or quantities of Fuel as may remain in their Depots to the extent of two months supply at the Contract price.

7.—Should the Contractors fail to provide Coal equal to the muster, or Wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved Fuel at the expence of the Contractors.

8.—Government will advance to the Contractors, under approved security, one half of the estimated outlay for Fuel for one year, and will further on the production of receipts from Commanders of the Steamers for Fuel delivered on board their respective vessels by the Contractors pay one quarter of the Contract price of the Fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of Fuel, than shall on winding up the year's account appear to have been supplied the excess shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractors on account of Monies paid to them, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of Fuel supplied by him, or be otherwise recoverable as a debt.

9.—Wood will not be received on board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of Wood instead of Coal, the Contractors for Coal shall be debited with the Contract price of five maunds of Wood for every maund of Coal he may fail to supply. Should the Contractor for Wood fail in his supply, and the Government Boat be obliged to consume coal, instead, the Contractor shall for every maund of Wood not supplied, pay to Government eight Annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10th.—The Party whose Tender is accepted, will be required to enter into the usual Penalty Bond for the due fulfilment of his engagement.

By Order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secy.*

OUTWARD OVERLAND MAIL,

Per P. and O. Co.'s Steamer "Bentinck," direct from Calcutta.

NOTICE is hereby given for general information, that the Mails for Suez, and the intermediate Ports, (Madras, Ceylon and Aden,) as well as for Hong Kong, Singapore and Penang, intended for transmission by the Peninsular and Oriental Company's Steam Vessel "Bentinck," will be closed at this Office, on Saturday, the 7th proximo, and that an After Packet will be despatched hence on Sunday, the 8th idem, precisely at 1 P. M., with the chance of overtaking that Vessel.

CHAS. CRICHTON,
Deputy Post Master Genl.

Fort William, Genl. Post Office,
The 9th February, 1846.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Post Master.

General Post Office,
The 8th February, 1844.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

GENERAL POST OFFICE NOTIFICATION.

AS the Apartments now occupied by the Post Master General at the General Post Office, will be required for the use of the Office, while the Building is undergoing repair, it is requested that any parties wishing to communicate personally with the Post Master General, will, until further notice, call at his private residence, No. 9, Camac Street.

NOTICE.

Abkarree. IT having been discovered, that Rum brought down from Distilleries to Calcutta for Exportation, at a certain strength as ascertained by average gauge of 10 per Cent. at this Office, has been afterwards passed as Ship's Stores at a lower proof, the discrepancy appearing to be occasioned by adulteration of the Spirit after its removal from this Office; it has been resolved that, instead of gauging 10 casks out of 100 as is now done in this Office; the whole despatch will in future be gauged and a copy of the Board's Gauger's Report of the quantity and per centage over proof of the Rum arriving here under Bond, will be forwarded to the Custom as a Check.

2. Parties interested in the Rum trade are accordingly hereby warned, that the Gauger at the Custom House will be instructed to allow no Rum, of which the strength does not correspond with that stated in the Board's Gauger's Report, to be exported without the Collector's special authority.

2.—Parties may tender to supply one or more Divisions and for either both descriptions of Fuel, but the tenders must specify the rate per hundred Bazar maunds per Coal or Wood separately.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which with the exception of two maunds will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, not recently felled, of the heaviest and best quality procurable, either of the trunk of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 or 15 inches, and both Coal and Wood must be protected from the rain and the Coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour, under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractors will be required under penalty to maintain constantly in store Fuel for three months estimated consumption. The Government will not be pledged however to take monthly the entire estimated quantity; circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated, may be insufficient, and Contractors will be required to undertake that in such cases they will, on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present Estimate, and on the same terms of Contract.

6.—The Clause requiring that Fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the Contract, but at the expiration of the Contract, Government will take over or transfer to new Contractors such quantity or quantities of Fuel as may remain in their Depots to the extent of two months supply at the Contract price.

7.—Should the Contractors fail to provide Coal equal to the muster, or Wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved Fuel at the expense of the Contractors.

8.—Government will advance to the Contractors, under approved security, one half of the estimated outlay for Fuel for one year, and will further on the production of receipts from Commanders of the Steamers for Fuel delivered on board their respective vessels by the Contractors pay one quarter of the Contract price of the Fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of Fuel, than shall on winding up the year's account appear to have been supplied the excess shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractors on account of Monies paid to them, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of Fuel supplied by him, or be otherwise recoverable as a debt.

9.—Wood will not be received on board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of Wood instead of Coal, the Contractors for Coal shall be debited with the Contract price of five maunds of Wood for every maund of Coal he may fail to supply. Should the Contractor for Wood fail in his supply, and the Government Boat be obliged to consume coal, instead, the Contractor shall for every maund of Wood not supplied, pay to Government eight Annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10th.—The Party whose Tender is accepted, will be required to enter into the usual Penalty Bond for the due fulfilment of his engagement.

JAS. SUTHERLAND, *Secy.*

CARGADOS GARAJOS.

NOTICE TO MARINERS.

NOTICE is hereby given, that these Shoals are laid down in the Chart of Captain P. Heywood, R. N., first published in 1809, and since engraved with additions to 1830, considerably more than 20 miles to the Eastward of their true position as assigned to them by the Survey of H. M. S. "Leven," in 1825; Horsburgh's Chart, also first published in 1814, and since engraved with additions to 1839; in his Directory in Norries' Epitome latest edition, and verified by Captain Wall, of the H. C. Steamer "Tenasserim," on her recent examination.

2d. As Captain Heywood's Chart is usually bound up in the same volume with that of Horsburgh above referred to, and is on a much larger scale than the latter, it is very likely to be used by Commanders of Vessels, trading between this Port and the Mauritius, in the tracks of which the Cargados Garajos Shoals are, and to whom therefore this notice may be useful. Horsburgh's Chart in which they are correctly laid down, though on a very small scale, is probably the only one generally used by Ships, trading between England and India, which do not pass near the Shoals.

3d. It is not improbable that to the error in the Chart above alluded to, the loss of the "*Letitia*" may be attributed.

SOUTHERN CHANNEL LEADING INTO PENANG HARBOUR.

NOTICE is hereby given, that this Channel has been buoyed off during the past year, by Captain Congalton, of the H. Co.'s Steamer "*Diana*," and may now be used with ease and safety if the following sailing directions by that Officer are attended to.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,
The 31st January, 1846.

Vessels approaching the Island from the Southward intending to enter the Harbour of Penang, should be guided by the following directions:

1st. There are two lines of Beacons, those on the East side, five in number, painted white, in the form of a cross, and those on the West side, three in number, painted red, in the form of a triangle.

2d. The first or Southernmost white cross Beacon is visible from 3 to 4 miles bearing E. ¼ N. from the South end of Saddle Island and S. S. E. from the middle of Pulo Rymo, distance one mile.

3d. Vessels will be safe in working if they do not stand to the Eastward of the white cross Beacons.

4th. The Southern red triangle Beacon is off the North end of Pulo Jerajah, and after having passed it, care must be taken to keep more on the East side of the Channel to avoid a small patch with 2¼ fathoms low water bearing nearly N. N. E. about ¼ of a mile.

5th. With this exception between the first and second red triangle Beacons, all vessels can safely work in if they never go to the Eastward of the white cross Beacons or to the West of the red triangle Beacons; each Beacon is placed on projecting spits of sand or mud in two fathoms low water spring tides.

NOTIFICATION.

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience have already been experienced by lads from distant Stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

PROCLAMATION BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT,

KUSSOOR,

THE 14TH FEBRUARY, 1846.

The Sikh Army has been expelled from the left bank of the River Sutlej, having been defeated in every action, with the loss of more than 220 pieces of Field Artillery.

The British Army has crossed the Sutlej and entered the Punjab.

The Governor General announces by this Proclamation that this measure has been adopted by the Government of India, in accordance with the intentions expressed in the Proclamation of the 13th December last, as having been forced upon the Governor General for the purpose of "effectually protecting the British Provinces—for vindicating the authority of the British Government, and for punishing "the Violators of Treaties and the disturbers of the Public Peace."

These operations will be steadily persevered in and vigorously prosecuted until the objects proposed to be accomplished are fully attained; the occupation of the Punjab by the British forces will not be relinquished until ample atonement for the insult offered to the British Government by the infraction of the Treaty of 1809 A. D., and by the unprovoked invasion of the British Provinces shall have been exacted. These objects will include full indemnity for all expences incurred during the War, and such arrangements for the future Government of the Lahore Territories as will give perfect security to the British Government against similar acts of perfidy and aggression.

Military operations against the Government and Army of the Lahore State have not been undertaken by the Government of India from any desire of territorial aggrandizement. The Governor General, as already announced in the Proclamation of the 13th December, "sincerely desired to see a strong "Sikh Government re-established in the Punjab, able to control its Army and to protect its subjects." The sincerity of these professions is proved by the fact that no preparations for hostilities had been made, when the Lahore Government suddenly, and without a pretext of complaint, invaded the British Territories. This unprovoked aggression has compelled the British Government to have recourse to arms and to organize the means of offensive warfare—and whatever may now befall the Lahore State, the consequences can alone be attributed to the misconduct of that Government and its Army.

No extension of Territory was desired by the Government of India; the measures necessary for providing indemnity for the past and security for the future will however involve the retention by the British Government of a portion of the country, hitherto under the Government of the Lahore State. The extent of territory which it may be deemed advisable to hold will be determined by the conduct of the Durbar, and by considerations for the security of the British Frontier. The Government of India will, under any circumstances, annex to the British Provinces the Districts, Hill and Plain, situated between the Rivers Sutlej and Beas, the Revenues thereof being appropriated as a part of the Indemnity required from the Lahore State.

The Government of India has frequently declared that it did not desire to subvert the Sikh Government in the Punjab; and although the conduct of the Durbar has been such as to justify the most severe and extreme measures of retribution (the infliction of which may yet be required by sound policy, if the recent acts of violence be not amply atoned for and immediate submission tendered) nevertheless the Governor General is still willing that an opportunity should be given to the Durbar and to the Chiefs, to submit themselves to the authority of the British Government, and by a return to good faith and the observance of prudent counsels, enable the Governor General to organize a Sikh Government in the person of a descendant of its founder the late Maharajah Runjeet Singh, the faithful Ally of the British Power.

The Governor General, at this moment of a most complete and decisive Victory, cannot give a stronger proof of the forbearance and moderation of the British Government than by making this declaration of his intention, the terms and mode of the arrangement remaining for further adjustment.

The Governor General therefore calls upon all those Chiefs who are the well-wishers of the descendants of Runjeet Singh, and especially such Chiefs as have not participated in the hostile proceedings against the British Power, to act in concert with him for carrying into effect such arrangements as shall maintain a Sikh Government at Lahore, capable of controlling its Army and protecting its subjects, and based upon principles that shall provide for the future tranquillity of the Sikh State, shall secure the British Frontier against a repetition of acts of aggression—and shall prove to the whole world the moderation and justice of the Paramount Power of India.

If this opportunity of rescuing the Sikh Nation from Military anarchy and misrule be neglected, and hostile opposition to the British Army be renewed, the Government of India will make such other arrangements for the future Government of the Punjab as the interests and security of the British Power may render just and expedient.

By order of the Right Hon'ble the Governor General of India,

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT,

CAMP KUSSOOR,
THE 14TH FEBRUARY, 1846.

The Governor General having received from His Excellency the Commander in Chief the Despatch annexed to this paper, announces to the Army and the People of India, for the fourth time during this Campaign, a most important and memorable victory obtained by the Army of the Sutlej, over the Sikh forces at Sobraon on the 10th instant.

On that day the Enemy's strongly entrenched Camp, defended by 35,000 men and 67 pieces of Artillery, exclusive of heavy guns on the opposite bank of the River, was stormed by the British Army under the immediate Command of His Excellency Sir Hugh Gough, Bart., G. C. B., and in two hours the Sikh forces were driven into the River with immense loss, 67 guns being captured by the victors.

The Governor General most cordially congratulates the Commander in Chief and the British Army on this exploit, one of the most daring ever achieved, by which in open day, a triple line of breast-works, flanked by formidable redoubts bristling with Artillery, manned by 32 Regular Regiments of Infantry, was assaulted and carried by the forces under His Excellency's Command.

This important operation was most judiciously preceded by a cannonade from the heavy Howitzers and Mortars, which had arrived from Delhie on the 8th instant, the same day on which the forces under Major General Sir Harry Smith which had been detached to Loodiana and had gained the Victory of Aleewal, rejoined the Commander in Chief's Camp.

The vertical fire of the heavy Ordnance had the effect intended by His Excellency—it shook the Enemy's confidence in works so well and so laboriously constructed, and compelled them to seek shelter in the broken ground within their Camp.

The British Infantry formed on the extreme left of the line, then advanced to the assault, and in spite of every impediment cleared the entrenchments and entered the Enemy's Camp. H. M.'s 10th, 53d and 80th Regiments, with the 33d, 43d, 59th and 63d N. I, moving at a firm and steady pace, never fired a shot till they had passed the barriers opposed to them—a forbearance much to be commended and most worthy of constant imitation, to which may be attributed the success of their first effort, and the small loss they sustained; this attack was crowned with the success it deserved and (led by its gallant Commander Major General Sir Robert Dick) obtained the admiration of the Army which witnessed its disciplined valour—when checked by the formidable obstacles and superior numbers to which the attacking Division was exposed, the Second Division, under Major General Gilbert, afforded the most opportune assistance by rapidly advancing to the attack of the Enemy's Batteries, entering their fortified position after a severe struggle, and sweeping through the interior of the Camp. This Division inflicted a very severe loss on the retreating Enemy.

The same gallant efforts attended by the same success distinguished the attack of the Enemy's left made by the 1st Division under the command of Major General Sir H. Smith, K. C. B., in which the Troops nobly sustained their former reputation.

These three Divisions of Infantry concentrated within the Enemy's Camp, drove his shattered forces into the River, with a loss which far exceeded that which the most experienced Officers had ever witnessed.

Thus terminated in the brief space of two hours this most remarkable conflict, in which the Military combinations of the Commander in Chief were fully and ably carried into effect with His Excellency's characteristic energy. The Enemy's select Regiments of Regular Infantry have been dispersed and a large proportion destroyed, with the loss, since the Campaign began, of 220 pieces of Artillery taken in action.

The same evening six Regiments of Native Infantry crossed the Sutlej. On the following day the Bridge of Boats was nearly completed by that able and indefatigable Officer Major Abbott, of the Engineers, and the Army is this day encamped at Kussoor, 32 miles from Lahore.

The Governor General again most cordially congratulates the Commander in Chief on the important results obtained by this memorable achievment. The Governor General, in the name of the

Government and of the People of India, offers to His Excellency the Commander in Chief, to the General Officers, and all the Officers and Troops under their Command, his grateful and heart-felt acknowledgments for the services they have performed.

To commemorate this great victory the Governor General will cause a Medal to be struck with "Sobraon" engraved upon it, to be presented to the Victorious Army in the service of the East India Company, and requests His Excellency the Commander in Chief to forward the lists, usually furnished, of those engaged.

The Governor General deeply regrets the loss of the brave Officers and Men who have fallen on this occasion. Major General Sir Robert Dick, K. C. B., who led the attack, received a mortal wound after he had entered the Enemy's Entrenchments. Thus fell most gloriously at the moment of Victory this veteran Officer, displaying the same energy and intrepidity as when 35 years ago in Spain he was the distinguished leader of the 42d Highlanders.

The Army has also sustained a heavy loss by the death of Brigadier Taylor, Commanding the 3d Brigade of the 2d Division, a most able Officer and very worthy to have been at the head of so distinguished a Corps as H. M. 29th Regiment, by which he was beloved and respected.

The Company's Service has lost an excellent Officer in Captain Fisher, who fell at the head of the brave Sirmoor Regiment, which greatly distinguished itself.

The Governor General has much satisfaction in again offering to Major General Sir Harry Smith, K. C. B., Commanding the 1st Division of Infantry, his best thanks for his gallant services on this occasion, by which he has added to his well established reputation.

The Governor General acknowledges the meritorious conduct of Brigadier Penny and Brigadier Hicks, Commanding Brigades in the 1st Division.

Her Majesty's 31st and 50th Regiments greatly distinguished themselves, as well as the 42d, 47th N. I., and the Nusseeree Battalion.

The Governor General's thanks are also due to Lieut. Colonel Ryan, Commanding H. M.'s 50th, who, he regrets to hear, has been severely wounded.

To Major General Gilbert, Commanding the 2d Division, the Governor General is most happy to express his acknowledgments for the judgment, coolness and intrepidity displayed by him on every occasion since the Campaign opened—and on the present the promptitude and energy of his attack essentially contributed to ensure the success of the day.

The Governor General trusts that the wound received by Brigadier McLaren will not long deprive the service of one of its best Officers.

H. M.'s 29th and 1st European Regiments, and the 16th, 48th, 61st N. I., and the Sirmoor Battalion, have entitled themselves, by their gallant conduct, to the thanks of the Government.

To Brigadier Stacy, on whom the Command of the 2d Division devolved, the Governor General's thanks are especially due, for the able manner in which the attack within the Enemy's Camp was directed.

The Governor General is also glad to have this opportunity of acknowledging the services of Brigadier Wilkinson, Commanding the 6th Brigade of the attacking Division.

The Brigade, composed of H. M.'s 9th and 62d Regiments and the 26th N. I. under the Command of Brigadier the Hon'ble T. Ashburnham, placed in support of the attacking Division, by its firm and judicious advance, contributed to the success of the assault.

The Cavalry, under the Command of Major General Sir J. Thackwell, K. C. B., Brigadiers Cureton, Scott and Campbell, were well in hand and ready for any emergency—H. M.'s 3d Light Dragoons, as usual, were in the foremost ranks, and distinguished themselves under their Commanding Officer Lieut.-Col. White.

Brigadier Smith, the Commanding Engineer, fully accomplished the Commander in Chief's instructions, and to Captain Baker and Lieutenant Becher, of the Engineers, the Governor General's acknowledgments are due for leading the Division of attack into the Enemy's Camp,—these Officers well maintained the reputation of their Corps whenever gallantry or science may be required from its members.

Major Abbott, of the Engineers, exclusive of his exertions in constructing the Bridge of Boats, displayed much intelligence in the field. The merits of Major Reilly, Commanding that most useful Corps the Sappers and Miners, are acknowledged;—The ability and zeal of Brigadier Irvine, the Senior Officer of the Engineer Corps, are well known to the Governor General, and his forbearance in not assuming the Command, having reached the Camp on the preceding evening, is duly appreciated.

Brigadier Gowan, Commanding the Artillery, ably directed the practice of the heavy Artillery on the left, assisted by Lieutenant Colonel Biddulph, Lieutt. Coll. Brooke, Lieutt. Coll. Wood and Captain Pillans.

On the right the Howitzer practice was well sustained by Major Grant.

The Troops of Horse Artillery of Lieutt. Coll. Lane and Captain Fordyce, greatly assisted the attack of our Infantry on the left, and whilst the Enemy were crossing the river the fire of Lieutt. Coll. Alexander's Troop was most effective.

The Troops of Captain Horsford and Captain Swinley also did good service.

The Governor General's acknowledgments are due to Major Grant, Deputy Adjutant General, and to his Department generally, for their ability and intelligence. To the Quarter Master General the service is much indebted for the judgment and zeal which mark all the proceedings of that Officer, and the Governor General offers his acknowledgments to him; to the Deputy Quarter Master General Lieutenant Coll. Drummond, and the Officers of that Department.

To Lieutt. Coll. Barr, Acting Adjutant General, and to Lieutt. Coll. Gough, Acting Quarter Master General, Queen's Service, the Governor General's thanks are due. He regrets the temporary deprivation of the services of these Officers by the wounds they have received.

To Lieutt. Coll. Birch, Judge Advocate General, the Governor General again has to repeat his thanks for his intelligence and gallantry.

To Lieutt. Coll. Havelock, Persian Interpreter, the Governor General offers his best thanks.

The Governor General desires to record his obligations to Count Ravensburgh and to the Officers of His Royal Highness's Staff Count Oriola and Count Greuben,—this gallant and amiable Prince, with his brave associates of the Prussian Army, has shared all the dangers and secured for himself the respect and admiration of the British Army, and the Governor General begs to convey to His Royal Highness and to his Staff his cordial thanks for the ready offers of their services on the field of battle.

The Governor General has now to acknowledge the services rendered by the Officers attached to his own Staff.

He renews to Lieutt. Coll. Benson, of the Military Board, his strong sense of the important services rendered by that Officer during the whole of this Campaign, whose general information in Military details and cool judgment in action deserve this acknowledgment.

Lieutt. Coll. Wood, the Governor General's Military Secretary, displayed on the 10th instant the same intelligence and gallantry as on former occasions.

Major Lawrence, the Governor General's Political Agent, has throughout these operations afforded most useful assistance by his ability, zeal and activity in the Field, as well as on every other occasion.

Captain Mills, Asstt. Poll. Agent, and Honorary Aid-de-Camp to the Governor General, has shown the most unwearied devotion to the service as well in the Field as in the exercise of his personal influence in the Protected Sikh States.

The Governor General's thanks are also due to Captain Cunningham, Engineers, Asstt. Political Agent.

The Governer General's Aides-de-Camp, Captain Grant, Lord Arthur Hay, Captain Peel and Captain Hardinge, by their gallantry and intelligence, rendered themselves most useful.

In the operations of this Campaign in which Officers of the Civil Service have accompanied the Camp and participated in the risks incidental to active warfare, the Governor General's thanks are due for their readiness in encountering these risks, and their endurance of privations. The Governor General acknowledges the able assistance he has at all times received from the Political Secretary, F. Currie, Esquire; his acknowledgments are also due to his Private Secretary C. Hardinge, Esquire, and to the Asstt. Poll. Agent, R. Cust, Esquire.

Lieutt. Coll. Parsons, Deputy Commissary General, has succeeded in keeping the Army well supplied, and the Governor General is much satisfied with his exertions and those of the Officers under his command. The Army took the field under circumstances of great difficulty, and by strenuous exertions and good arrangements on the part of the Lieutenant Colonel, the Army has now a large supply in reserve, a result very creditable to the Chief of the Commissariat Department. The manner in which Capt. Johnston has conducted the Commissariat duties entrusted to him, has also met with the Governor General's approbation.

To Doctor Macleod, Superintending Surgeon, to Dr. Graham, as well as to the Officers of the Medical Department generally, the Governor General offers his acknowledgments.

His thanks are due to Dr. Walker, Surgeon to the Governor General, whose ability is only to be equalled by his zeal and humanity.

A salute of 21 Guns will be fired in celebration of the Victory of Sobraon at all the usual Stations of the Army.

By order of the Right Hon'ble the Governor General of India,

F. CURRIE,

Secretary to the Govt. of India, with the Govr. General.

HEAD QUARTERS, ARMY OF THE SUTLEJ,

Camp Kussoor, the 13th February, 1846.

THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA,

&c. &c. &c.

RIGHT HON'BLE SIR,

This is the fourth despatch which I have the honor of addressing to you since the opening of the Campaign. Thanks to Almighty God, whose hand I desire to acknowledge in all our successes, the occasion of my writing now is to announce a fourth and most glorious and decisive Victory!

My last communication detailed the movements of the Sikhs, and our counter manœuvres since the great day of Ferozeshah. Defeated on the upper Sutlej, the Enemy continued to occupy his position on the right bank, and his formidable *tete-de-pont* and entrenchments on the left bank of the River in front of the main body of our Army. But on the 10th instant all that he held of British Territory, which was comprised in the ground on which one of his Camps stood, was torn from his grasp, and his audacity was again signally punished by a blow, sudden, heavy and overwhelming. It is my gratifying duty to detail the measures which have led to this glorious result.

The Enemy's works had been repeatedly reconnoitered during the time of my Head Quarters being fixed at Nihalkee by myself, my Departmental Staff, and my Engineer and Artillery Officers. Our observations, coupled with the report of spies, convinced us that there had devolved on us the arduous task of attacking in a position covered with formidable entrenchments not fewer than thirty thousand men, the best of the Khalsa Troops, with seventy pieces of Cannon, united by a good Bridge to a reserve on the opposite bank, on which the Enemy had a considerable Camp, and some Artillery, commanding and flanking his Field works on our side. Major General Sir Harry Smith's Division having rejoined me on the evening of the 8th, and part of my Siege Train having come up with me,

I resolved, on the morning of the 10th, to dispose our Mortars and Battering Guns on the alluvial land within good range of the Enemy's works. To enable us to do this, it was necessary first to drive in the Enemy's pickets at the post of observation in front of Rodeewalla and at the little Sobraon. It was directed that this should be done during the night of the 9th; but the execution of this part of the plan was deferred, owing to misconceptions and casual circumstances until near daybreak. The delay was of little importance as the event showed that the Sikhs had followed our example in occupying the two posts in force by day only. Of both therefore possession was taken without opposition. The battering and disposable Field Artillery was then put in position on an extended semi-circle, embracing within its fire the works of the Sikhs, it had been intended that the cannonade should have commenced at daybreak; but so heavy a mist hung over the plain and river, that it became necessary to wait until the rays of the sun had penetrated it and cleared the atmosphere. Meanwhile, on the margin of the Sutlej on our left, two Brigades of Major General Sir Robert Dick's Division, under his personal command, stood ready to commence the assault against the Enemy's extreme right. His 7th Brigade, in which was the 10th Foot, reinforced by the 53d Foot, and led by Brigadier Stacy, was to head the attack, supported at two hundred yards distance by the 6th Brigade under Brigadier Wilkinson. In reserve was the 5th Brigade under Brigadier the Hon'ble T. Ashburnham, which was to move forward from the entrenched Village of Rodeewalla, leaving if necessary a Regiment for its defence. In the centre Major General Gilbert's Division was deployed for support or attack, its right resting on and in the Village of the little Sobraon. Major General Sir Harry Smith's Division was formed near the Village of Guttah, with its right thrown up towards the Sutlej. Brigadier Cureton's Cavalry threatened, by feigned attacks, the ford of Hurreekee and the Enemy's Horse, under Rajah Lall Sing Misr, on the opposite bank. Brigadier Campbell, taking an intermediate position in the rear between Major General Gilbert's right and Major General Sir Harry Smith's left, protected both. Major General Sir Joseph Thackwell, under whom was Brigadier Scott, held in reserve on our left, ready to act as circumstances might demand the rest of the Cavalry.

Our Battery of 9 pounders, enlarged into twelves, opened near the little Sobraon, with a Brigade of Howitzers formed from the light Field Batteries and Troops of Horse Artillery, shortly after daybreak. But it was half past six before the whole of our Artillery fire was developed. It was most spirited and well directed. I cannot speak in terms too high of the judicious disposition of the Guns, their admirable practice, or the activity with which the cannonade was sustained. But notwithstanding the formidable calibre of our Iron Guns, Mortars and Howitzers, and the admirable way in which they were served, and aided by a Rocket Battery, it would have been visionary to expect that they could, within any limited time, have silenced the fire of seventy pieces behind well constructed Batteries of earth, plank and fascines, or dislodge Troops covered either by redoubt or epaulments, or within a treble line of trenches. The effect of the cannonade was, as has since been proved by an inspection of the Camp, most severely felt by the Enemy; but it soon became evident that the issue of this struggle must be brought to the arbitrement of Musquetry and the Bayonet.

At nine o'clock Brigadier Stacy's Brigade, supported on either flank by Captains Horsford and Fordyce's Batteries and Lieutt. Colonel Lane's Troop of Horse Artillery, moved to the attack in admirable order. The Infantry and Guns aided each other correlatively. The former marched steadily on in line, which they halted only to correct when necessary; the latter took up successive positions at the gallop, until at length they were within three hundred yards of the heavy Batteries of the Sikhs. But notwithstanding the regularity and coolness and scientific character of this assault, which Brigadier Wilkinson well supported, so hot was the fire of Cannon, Musquetry and Zumbooruks kept up by the Khalsa Troops, that it seemed for some moments impossible that the entrenchments could be won under it. But soon persevering gallantry triumphed, and the whole Army had the satisfaction to see the gallant Brigadier Stacy's Soldiers driving the Sikhs in confusion before them within the area of their encampment. The 10th Foot, under Lieutt. Colonel Franks, now for the first time brought into serious contact with the Enemy, greatly distinguished themselves. This Regiment never fired a shot until it had got within the works of the Enemy. The onset of H. M.'s 53d Foot was as gallant and effective. The 43d and 59th Native Infantry Brigaded with them, emulated both in cool determination.

At the moment of this first success, I directed Brigadier the Hon'ble T. Ashburnham's Brigade to move on in support; and Major General Gilbert's and Sir Harry Smith's Divisions to throw out their Light Troops to threaten the works aided by Artillery. As these attacks of the centre and right commenced, the fire of our heavy Guns had first to be directed to the right and then gradually to cease; but at one time the thunder of full 120 pieces of Ordnance reverberated in this mighty combat through the valley of the Sutlej; and as it was soon seen that the weight of the whole force within the Sikh Camp was likely to be thrown upon the two Brigades that had passed its trenches, it became necessary to convert into close and serious attacks, the demonstrations with Skirmishers and Artillery of the centre and right, and the battle raged with inconceivable fury from right to left. The Sikhs even, when at particular points their entrenchments were mastered with the bayonet, strove to regain them by the fiercest conflict sword in hand. Nor was it until the Cavalry of the left, under Major General Sir Joseph Thackwell, had moved forward, and ridden through the openings in the entrenchments made by our Sappers, in single file and reformed as they passed them, and the 3d Dragoons, whom no obstacle usually held formidable by Horse appears to check, had on this day, as at Ferozeshah, galloped over and cut down the obstinate defenders of Batteries and Field works, and until the full weight of three Divisions of Infantry, with every Field Artillery Gun which could be sent to their aid had been cast into the scale, that victory finally declared for the British. The fire of the Sikhs first slackened and then nearly ceased, and the victors pressing them on every side precipitated them in masses over their Bridge and into the Sutlej, which a sudden rise of 7 inches had rendered hardly fordable. In their efforts to reach the right bank through the deepened water, they suffered from our Horse Artillery a terrible carnage. Hundreds fell under this cannonade; hundreds upon hundreds were drowned in attempting the perilous passage. Their awful slaughter, confusion and dismay were such as would have excited compassion in the hearts of their generous conquerors, if the Khalsa troops had not, in the earlier part of the action, sullied their gallantry by slaughtering and barbarously mangling every wounded soldier whom, in the vicissitudes of attack, the fortune of war left to their mercy.—I must pause in this narrative specially to notice the determined hardihood and bravery

with which our two Battalions of Goorkahs, the Sirmoor and Nusseeree, met the Sikhs wherever they were opposed to them. Soldiers of small stature but indomitable spirit, they vied in ardent courage in the charge with Grenadiers of our own nation, and, armed with the short weapon of their mountains, were a terror to the Sikhs throughout this great combat.

Sixty-seven pieces of Cannon, upwards of two hundred Camel Swivels, (Zumbooruks) numerous Standards and vast Munitions of war captured by our Troops, are the pledges and trophies of our victory. The battle was over by eleven in the morning, and in the forenoon I caused our Engineers to burn a part and to sink a part of the vaunted Bridge of the Khalsa Army, across which they had boastfully come once more to defy us, and to threaten India with ruin and devastation.

We have to deplore a loss severe in itself, but certainly not heavy, when weighed in the balance against the obstacles overcome and the advantages obtained. I have especially to lament the fall of Major Genl. Sir Robert Dick, K. C. B., a gallant veteran of the Peninsular and Waterloo Campaigns. He survived only until evening the dangerous grape-shot wound which he received close to the Enemy's entrenchments, whilst personally animating by his dauntless example the Soldiers of H. M.'s 80th Regt. in their career of noble daring. Major Genl. Gilbert, to whose gallantry and unceasing exertions I have been so deeply indebted, and whose services have been so eminent throughout this eventful Campaign, and Brigadier Stacy, the leader of the Brigade, most hotly and successfully engaged, both received contusions. They were such as would have caused many men to retire from the field, but they did not interrupt for a moment the efforts of these heroic Officers. Brigadier McLaren, so distinguished in the Campaigns in Affghanistan, at Maharajpore, and now again in our conflicts with the Sikhs, has been badly wounded by a ball in the knee. Brigadier Taylor, C. B., one of the most gallant and intelligent Officers in the Army, to whom I have felt deeply indebted on many occasions, fell in this fight at the head of his Brigade, in close encounter with the enemy, and covered with honorable wounds. Brigadier Penny, of the Nusseeree Battalion, Commanding the 2d Brigade, has been wounded, but not, I trust, severely. I am deprived for the present of the valuable services of Lieutenant Colonel J. B. Gough, C. B., Acting Quarter Master General H. M.'s Troops, whose aid I have so highly prized in all my Campaigns in China and India. He has received a wound from a grape-shot, which is severe but I hope not dangerous. Lt. Colonel Barr, Acting Adjutant General H. M.'s Forces, whose superior merit as a Staff Officer, I have before recorded, has suffered a compound fracture in the left arm by a ball. It is feared that amputation may become necessary. Lieut. Colonels Ryan and Petit, of the 50th Foot, were both badly wounded with that Gallant Regiment. Captain John Fisher, Commandant of the Sirmoor Battalion, fell at the head of his valiant little Corps, respected and lamented by the whole Army.

I have now to make the attempt difficult, nay impracticable, though I deem it, of expressing in adequate terms my sense of obligation to those who especially aided me by their talents and self-devotion in the hard-fought field of Sobraon.

First, Right Hon'ble Sir, you must permit me to speak of yourself before the action, I had the satisfaction of submitting to you my plan of attack; and I cannot describe the support which I derived from the circumstance of its having in all its details met your approbation. When a Soldier of such sound judgment and matured experience as your Excellency, assured me that my projected operation deserved success, I could not permit myself to doubt that, with the blessing of Divine Providence, the Victory would be ours. Nor did your assistance stop here. Though suffering severely from the effects of a fall, and unable to mount on horseback without assistance, your uncontrolable desire to see this Army once more triumphant, carried you into the hottest of the fire, filling all who witnessed your exposure to such peril at once with admiration of the intrepidity that prompted it, and anxiety for your personal safety, involving so deeply in itself the interests and happiness of British India. I must acknowledge also my obligations to you for having, whilst I was busied with another portion of our operations, superintended all the arrangements that related to laying our Bridge across the Sutlej near Ferozepore. Our prompt appearance on this bank of the River after victory, and advance to this place, which has enabled us to surprize its Fort and encamp without opposition in one of the strongest positions in the Country, is the result of this invaluable assistance.

The Major Generals of Divisions engaged deserve far more commendation than I am able within the limits of a despatch to bestow. Major General Sir Robert Dick, as I have already related, has fallen on a field of renown worthy of his Military career and services, and the affectionate regret of his Country will follow him to a Soldier's grave.

In his attack on the Enemy's left, Major General Sir Harry Smith displayed the same valour and judgment which gave him the Victory of Aliwal. A more arduous task has seldom, if ever, been assigned to a Division, never has an attempt been more gloriously carried through.

I want words to express my graditude to Major General Gilbert: not only have I to record that in this great fight all was achieved by him which, as Commander in Chief, I could desire to have executed: not only on this day was his Division enabled by his skill and courageous example to triumph over obstacles from which a less ardent spirit would have recoiled as insurmountable; but since the hour in which our leading columns moved out of Umballa, I have found in the Major General an Officer, who has not merely carried out all my orders to the letter, but whose zeal and tact have enabled him, in a hundred instances, to perform valuable services in exact anticipation of my wishes. I beg explicitly to recommend him to your Excellency's special notice as a Divisional Commander of the highest merit.

Major Genl. Sir Joseph Thackwell has established a claim on this day to the rare commendation of having achieved much with a Cavalry Force, where the duty to be done consisted entirely of an attack on Field Works, usually supposed to be the particular province of Infantry and Artillery. His vigilance and activity throughout our operations, and the superior manner in which our outpost duties have been carried on under his superintendence, demand my warmest acknowledgments.

Brigadier Stacy, C. B., I must commend to your special protection and favor. On him devolved the arduous duty of leading the first column to the attack, turning the Enemy's right, encountering his fire, before his numbers had been thinned, or his spirit broken, and to use a phrase, which a Soldier like your Excellency will comprehend, taking off the rough edge of the Sikhs in the fight. How ably,

how gallantly, how successfully this was done, I have before endeavoured to relate. I feel certain that Brigadier Stacy and his noble Troops will hold their due place in your Excellency's estimation, and that his merits will meet will fit reward.

Brigadier Orchard, C. B., in consequence of the only Regiment under his Command that was engaged in the action, being with Brigadier Stacy's Brigade, attached himself to it, and shared all its dangers, glories and success.

I beg as warmly and sincerely to praise the manner in which Brigadier Wilkinson supported Brigadier Stacy, and followed his lead into the Enemy's works.

Brigadier the Hon'ble T. Ashburnham manœuvred with great coolness and success as a reserve to the two last mentioned Brigades.

Brigadier Taylor, H. M. 29th, fell nobly as has already been told, in the discharge of his duty. He is himself beyond the reach of earthly praise; but it is my earnest desire that his memory may be honored in his fall; and that his Regiment, the Army with which he served, and his country, may know that no Officer held a higher place in my poor estimation for gallantry or skill than Brigadier C. C. Taylor.

Brigadier McLaren, C. B., in whom I have ever confided, as one of the ablest of the Senior Officers of this Force, sustained on this day, as I have before intimated, his already enviable reputation. I trust he may not long be kept by his wound out of the sphere of active exertion, which is his natural element.

Brigadiers Penny and Hicks Commanded the 2d Brigades of Major General Sir Harry Smith's Division, and overcame at their head the most formidable opposition. I beg to bring both in the most earnest manner to your notice, trusting that Brigadier Penny's active services will soon become once more available.

The manœuvres of Brigadier Cureton's Cavalry, in attracting and fixing the attention of Rajah Lall Sing Misr's Horse, fulfilled every expectation which I had formed, and were worthy of the skill of the Officer employed, whose prominent exploits at the battle of Aliwal, I have recently had the honor to bring to your notice.

Brigadier Scott, C. B., in Command of the 1st Brigade of Cavalry, had the rare fortune of meeting and overcoming a powerful Infantry in the rear of a line of formidable Field works. I have to congratulate him on the success of the Noble Troops under him, and to thank him for his own meritorious exertions. I am quite certain that your Excellency will bear them in mind.

Brigadier Campbell's Brigade was less actively employed; but all that required of it was most creditably performed. The demonstration on the Enemy's left by the 9th Lancers, towards the conclusion of the battle, was made in the best order under a sharp cannonade.

Brigadier Gowan, C. B., deserves my best thanks for his able arrangements, the value of which was so fully evinced in the first hour and a half of this conflict, when it was almost exclusively an Artillery fight. Brigadiers Biddulph, Brooke and Dennyss supported him in the ablest way throughout the day, and have given me the most effectual assistance under every circumstance of the Campaign.

The effective practice of our Rockets on the wing, under Brigadier Brooke, elicited my particular admiration.

Brigadier Smith, C. B., had made all the dispositions in the Engineer Department, which were in the highest degree judicious and in every respect excellent. On the evening of the 9th instant, Brigadier Irvine, whose name is associated with one of the most brilliant events in our Military history, the capture of Bhurtpore, arrived in Camp. The command would of course have devolved on him; but with that generosity of spirit which ever accompanies true valour and ability, he declined to assume it, in order that all the credit of the work which he had begun, might attach to Brigadier Smith;—For himself, Brigadier Irvine sought only the opportunity of sharing our perils in the field, and he personally accompanied me throughout the day. Brigadier Smith has earned a title to the highest praise which I can bestow.

To the General Staff I am in every way indebted. Nothing could surpass the activity and intelligence of Lt. Coll. Garden and Major Grant, who are the heads of it, in the discharge of the duties of their Departments, ever very laborious, and during this Campaign almost overwhelming. Both yet suffer under the effects of wounds previously received. Lt. Coll. Drummond, C. B., Dy. Qr. Mr. Genl., and Lt. Arthur Becher, Dy. Asstt. Qr. Mr. Genl., ably supported the former, and the exertions of Captains Anson and Tucker, Asstts. Adjt. Genl., have been most satisfactory to the latter and to myself.

Lt. Coll. Parsons, Dy. Comy. Genl., has evinced the most successful perseverance in his important endeavors to supply the Army. He has been ably aided at Head Quarters by Major W. F. Thompson, C. B. and Major Curtis, Sub-Asstts. Comy. General; all three of these Officers were most active in conveying my orders in the Battle of Sobraon in the face of every danger. I have, in the most explicit way, to record the same intelligence and ability, and the same activity and bravery, in the case of Lt. Coll. Birch, Judge Advocate General, both as respects Departmental duties, and active attendance on me in the field. I have already spoken of the loss which I have sustained by Lt. Colls. Gough and Barr being wounded. The exertions of both in animating our Troops in moments of emergency, were laudable beyond my power to praise. Lt. Sandys, 56th Regt. N. I., Post Master of the Force, assisted in conveying my orders. Supg. Surgeon B. Macleod, M. D., has been indefatigable in the fulfilment of every requirement of his important and responsible situation. I am entirely satisfied with his exertions and their results. I must bring to notice also the merits of Field Surgeon J. Steel, M. D., and Surgeon Graham, M. D., in charge of the Depôt of Sick.

I was accompanied during the action by the following Officers of my personal Staff. Captain the Hon'ble C. R. S. West, H. M.'s 21st Foot, Offg. Mily. Secretary; (Captain Haines, for whom he acts, still being disabled by his severe wound) Lt. Coll. H. Havelock, C. B., H. M. 39th Foot, Persian Interpreter; Lt. Bagot, 15th N. I., Lieutt. Edwardes, 1st European Lt. Infy., and Cornet Lord James Browne, 9th Lancers, my Aides-de-Camp; and Assistt Surgeon J. E. Stephens, M. D., my Medical Officer. All these Officers assisted in conveying my orders to various points, in the thickest of the fight and the hottest of the fire, and to all of them I feel greatly indebted.

I have to acknowledge the services in the Command of Regiments, Troops and Batteries, or on select and particular duties in the Engineer Department, of the following Officers, and to recommend them to your Excellency's special favor, viz. Major F. Abbott, who laid the Bridge by which the Army crossed into the Punjab, and who was present at Sobraon, and did excellent service; Captain Baker and Lieutt. John Becher, Engineers, who conducted Brigadier Stacy's column, (the last of these was wounded) Lieutt. Coll. Wood, Artillery, Comdg. the Mortar Battery; Major Lawrenson, Comdg. the 18-pounder Battery; Lt. Coll. Huthwaite, the 8-inch Howitzer Battery; and Lt. Coll. Geddes, Comdg. the Rockets; Captain R. Waller, H. A.; Captain G. R. Swinley, Captain E. F. Day, Captain J. Turton, Brevet Major C. Grant, Bt. Lt. Coll. J. Alexander, Bt. Major F. Brind, Bt. Lt. Coll. J. T. Lane, Bt. Major G. Campbell, Captain J. Fordyce, Captn. R. Horsford and Lt. G. Holland, Comdg. Troops and Batteries. Major B. Y. Reilly, Comg. Sappers and Miners; Lt. Coll. White, C. B., Comg. 3d Lt. Dragoons; Captn. Nash, 4th Lt. Cavalry, Major Alexander, 5th Lt. Cavalry; Captain Christie, 9th Irregular Cavalry; Lt. Coll. Fullerton, 9th Lancers; Captain Leeson, 2d Irregr. Cavy.; Bt. Captn. Becher, 8th Irregr. Cavy.; Captain Pearson, 16th Lancers; Bt. Captain Quin, Gov. Genl.'s Body Guard; Bt. Major Angelo, 3d Lt. Cavy.; Lt. Coll. Spence, 31st Foot; Captain Corfield, 47th N. I.; Bt. Lt. Coll. Ryan and Bt. Lt. Coll. Petit and Captain Long, 50th Foot; Major Polwhele, 42d Regt. N. I.; Captain O'Brien and Lieutt. Travers, Nusseeree Battn.; Captn. Stepney, 29th Foot; Major Sibbald, 41st Regt. N. I.; Major Berrill and Bt. Captn. Seaton, 1st Euro. Lt. Infy.; Bt. Major Graves, 16th Grendrs.; Lt. Reid, Sirmoor Battn.; Lt. Coll. Davis, 9th Foot; Major Handscomb, 26th N. I.; Lt. Coll. Bunbury, 80th Foot; Captn. Hogan, 63d N. I.; Captn. Sandeman, 33d N. I.; Lieutt. Coll. Franks, 10th Foot; Bt Lt. Coll. Nash, 43d Regt. N. I.; Lt. Coll. Thompson, 59th Regt. N. I.; Lt. Coll. Phillips, 53d Foot; Major Shortt, 62d Foot; Bt. Major Marshall, 68th Regt. N. I.; and Captain Short, 45th Regt. N. I.

The following Staff and Engineer Officers I have also to bring to your special notice, and to pray that their services may be favorably remembered and the survivors duly rewarded; viz. Captain E. Christie, Dy. Asstt. Adjt. Genl., and Lt. Maxwell, Dy. Asstt. Qr. Mr. Genl. of Artillery, and Captain Pillans and Bt. Capt. W. K. Warner, Commissaries of Ordnance; Bt. Capt. M. Mackenzie, and Bt. Capt. E. G. Austin and 1st Lt. E. Kaye, Arty., Majors of Brigade; Captain R. Napier, Major of Brigade of Engineers; Capt. Tritton, 3d Lt. Dragoons, Dy. Assist. Adjt. Genl.; Lt. E. Roche, 3d Dragoons, A. D. C., to Major Genl. Sir J. Thackwell, and Offg. Dy. Asstt. Qr. Mr. Genl. of Cavalry; in the place of Capt. Havelock, 9th Foot, who was present in the field, but unable from the effects of a wound to discharge the duties of his Office; Capt. E. Lugard, 31st Foot, Dy. Asstt. Adjt Genl.; Lieutt. A. S. Galloway, 3d Lt. Cavalry, Dy. Asstt. Qr. Mr. Genl.; Lt. E. A. Holdich, 80th Foot, A. D. C. to Major Genl. Sir Harry Smith; Lt. F. McD. Gilbert, 2d Gredrs. Acting A. D. C. to Major Genl. Gilbert; Capt. R. Haughton, 63d Regt. N. I., Offg. Asstt. Adjt. Genl.; Lt. Rawson, Dy. Asstt. Qr. Mr. Genl. (killed); Lt. R. Bates, 82d Foot, A. D. C. to the late Major Genl. Sir R. Dick; Capt. J. R. Pond, 1st Euro. Lt. Infy., Dy. Asstt. Adjt. Genl.; Lieutt. J. J. Paton, 14th Regt. N. I., Offg. Dy. Asstt. Qr. Mr. Genl.; Bt. Capt. Harrington, 5th Lt. Cavalry; Capt. A. Spottiswoode, 9th Lancers; Lt. R. Pattenson, 16th Lancers; Capt. J. Garvock, 31st Foot; Lt. G. H. M. Jones, 29th Foot; Capt. J. L. Taylor, 26th Lt. Infy.; Lt. H. F. Dunsford, 59th Regt. N. I., Majors of Brigade; Captain Combe, 1st Euro. Lt. Infy., Major of Brigade, 2d Brigade; Capt. Gordon, 11th N. I., Major of Brigade, 6th Brigade; Capt. A. G. Ward, 68th N. I., Major of Brigade, and Lt. P. Hay, Major of Brigade, (killed).

Having ventured to speak of your Excellency's own part in this action, it would be most gratifying to me to go on to mention the brilliant share taken in it by Lt. Coll. Wood and the Officers of your personal Staff, as well as by the Civil, Political and other Military Officers attached to you. But as these were all under your own eye, I cannot doubt that you will yourself do justice to their exertions.

We were in this battle again honored with the presence of Prince Waldeemar of Prussia and the two Noblemen in his suite, Counts Oriola and Greuben: Here as at Moodkee and Ferozeshah, these distinguished visitors did not content themselves with a distant view of the action, but throughout it were to be seen in front wherever danger most urgently pressed.

The loss of the Enemy has been immense. An estimate of it must be formed with a due allowance for the spirit of exaggeration which pervades all statements of Asiatics, where their interests leads them to magnify numbers. But our own observation on the river banks, and in the Enemy's Camp, combined with the reports brought to our Intelligence Department, convince me that the Khalsa casualties were between eight and ten thousand men killed and wounded in action and drowned in the passage of the river. Among the slain are Sirdars Sham Sing Attareewalla, Generals Golab Sing, Koopta and Heera Sing Topee, Sirdar Kishen Sing, son of the Jemadar Khooshall Sing, Generals Moobaruck Ally, and Ellahee Bux, and Shah Newaz Khan, son of Futteh-oodeen Khan of Kussoor. The body of Sham Sing was sought for in the captured Camp by his followers; and respecting the gallantry with which he is reported to have devoted himself to death rather than accompany the Army in its flight, I forbad his people being molested in their search, which was finally successful.

The consequences of this great action have yet to be fully developed. It has at least, in God's Providence, once more expelled the Sikhs from our Territory, and planted our Standards in the soil of the Punjab. After occupying their entrenched position for nearly a month, the Khalsa Army had perhaps mistaken the caution which induced us to wait for the necessary materiel for timidity. But they must now deeply feel that the blow which has fallen on them from the British Arm has only been the heavier for being long delayed.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast heud.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

Nota Bene.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

NOTICE.

Abkarree. IT having been discovered, that Rum brought down from Distilleries to Calcutta for Exportation, at a certain strength as ascertained by average gauge of 10 per Cent. at this Office, has been afterwards passed as Ship's Stores at a lower proof, the discrepancy appearing to be occasioned by adulteration of the Spirit after its removal from this Office; it has been resolved that, instead of gauging 10 casks out of 100 as is now done in this Office; the whole despatch will in future be gauged and a copy of the Board's Gauger's Report of the quantity and per centage over proof of the Rum arriving here under Bond, will be forwarded to the Custom as a Check.

2. Parties interested in the Rum trade are accordingly hereby warned, that the Gauger at the Custom House will be instructed to allow no Rum, of which the strength does not correspond with that stated in the Board's Gauger's Report, to be exported without the Collector's special authority.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale unopened—provided that at the time they are applied for satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

W. BRACKEN,

THE following Sections of an Act passed by the Governor and Legislative Council of the Australian Colonies, which provisions render it necessary for Commanders of Vessels trading thither to provide themselves with Export Manifests of the Cargo on board their respective Vessels, are published for general information.

No. 509.

SOUTHERN CHANNEL LEADING INTO PENANG HARBOUR.

NOTICE is hereby given, that this Channel has been buoyed off during the past year, by Captain Congalton, of the H. Co.'s Steamer "*Diana,*" and may now be used with ease and safety if the following sailing directions by that Officer are attended to.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,
The 31st January, 1846.

Vessels approaching the Island from the Southward intending to enter the Harbour of Penang, should be guided by the following directions:

1st. There are two lines of Beacons, those on the East side, five in number, painted white, in the form of a cross, and those on the West side, three in number, painted red, in the form of a triangle.

2d. The first or Southernmost white cross Beacon is visible from 3 to 4 miles bearing E. ¼ N. from the South end of Saddle Island and S. S. E. from the middle of Pulo Rymo, distance one mile.

3d. Vessels will be safe in working if they do not stand to the Eastward of the white cross Beacons.

4th. The Southern red triangle Beacon is off the North end of Pulo Jerajah, and after having passed it, care must be taken to keep more on the East side of the Channel to avoid a small patch with 2¼ fathoms low water bearing nearly N. N. E. about ¼ of a mile.

5th. With this exception between the first and second red triangle Beacons, all vessels can safely work in if they never go to the Eastward of the white cross Beacons or to the West of the red triangle Beacons; each Beacon is placed on projecting spits of sand or mud in two fathoms low water spring tides.

CARGADOS GARAJOS.

NOTICE TO MARINERS.

NOTICE is hereby given, that these Shoals are laid down in the Chart of Captain P. Heywood, R. N., first published in 1809, and since engraved with additions to 1830, considerably more than 20 miles to the Eastward of their true position as assigned to them by the Survey of H. M. S. "Leven," in 1825; Horsburgh's Chart, also first published in 1814, and since engraved with additions to 1833; in his Directory in Norries' Epitome latest edition, and verified by Captain Wall, of the H. C. Steamer "Tenasserim," on her recent examination.

2d. As Captain Heywood's Chart is usually bound up in the same volume with that of Horsburgh above referred to, and is on a much larger scale than the latter, it is very likely to be used by Commanders of Vessels, trading between this Port and the Mauritius, in the tracks of which the Cargados Garajos Shoals are, and to whom therefore this notice may be useful. Horsburgh's Chart in which they are correctly laid down, though on a very small scale, is probably the only one generally used by Ships, trading between England and India, which do not pass near the Shoals.

3d. It is not improbable that to the error in the Chart above alluded to, the loss of the "*Letitia*" may be attributed.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,

2.—Parties may tender to supply one or more Divisions and for either both descriptions of Fuel, but the tenders must specify the rate per hundred Bazar maunds per Coal or Wood separately.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which with the exception of two maunds will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, not recently felled, of the heaviest and best quality procurable, either of the trunk of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 or 15 inches, and both Coal and Wood must be protected from the rain and the Coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour, under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractors will be required under penalty to maintain constantly in store Fuel for three months estimated consumption. The Government will not be pledged however to take monthly the entire estimated quantity; circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated, may be insufficient, and Contractors will be required to undertake that in such cases they will, on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present Estimate, and on the same terms of Contract.

6.—The Clause requiring that Fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the Contract, but at the expiration of the Contract, Government will take over or transfer to new Contractors such quantity or quantities of Fuel as may remain in their Depots to the extent of two months supply at the Contract price.

7.—Should the Contractors fail to provide Coal equal to the muster, or Wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved Fuel at the expense of the Contractors.

8.—Government will advance to the Contractors, under approved security, one half of the estimated outlay for Fuel for one year, and will further on the production of receipts from Commanders of the Steamers for Fuel delivered on board their respective vessels by the Contractors pay one quarter of the Contract price of the Fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of Fuel, than shall on winding up the year's account appear to have been supplied the excess shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractors on account of Monies paid to them, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of Fuel supplied by him, or be otherwise recoverable as a debt.

9—Wood will not be received on board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of Wood instead of Coal, the Contractors for Coal shall be debited with the Contract price of five maunds of Wood for every maund of Coal he may fail to supply. Should the Contractor for Wood fail in his supply, and the Government Boat be obliged to consume coal, instead, the Contractor shall for every maund of Wood not supplied, pay to Government eight Annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10th.—The Party whose Tender is accepted, will be required to enter into the usual Penalty Bond for the due fulfilment of his engagement.

By Order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secy.*

GENERAL ORDER BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT,

CAMP LAHORE,

THE 20TH FEBRUARY, 1846.

The Right Honorable the Governor General requests that the Commander in Chief will cause the following arrangements to be made for Escorting His Highness the Maha Raja Duleep Sing to his Palace in the Citadel of Lahore this afternoon. The Escort will consist of

2 Regiments of European Cavalry.
2 Regiments of Native Cavalry—the Body Guard to be one.
1 Regiment of Irregular Horse.
2 Troops of Horse Artillery—1 European—1 Native.

The Secretary to the Government of India, F. Currie, Esquire, will take charge of His Highness and his Suite, and will be accompanied by the Political Agent Major Lawrence, the Governor General's Private Secretary Charles Hardinge, Esquire, the A. D. C. of the Governor General, two A. D. C. of the Commander in Chief, one A. D. C. from each General Officer of a Division in Uniform.

The Escort will be formed at the nearest convenient spot to the Governor General's Camp at 2 o'Clock and proceed to His Highness' Camp and thence to his Palace.

On alighting from his Elephant a Salute of 21 Guns will be fired by the Horse Artillery.

His Highness the Maha Raja of the Sikh Nation, selected by the Chiefs as their Sovereign, having on the 18th instant intimated his intention to proceed to the Governor General's Camp at Lulleeana, attended by His Highness' Wuzeer Raja Golab Sing and other Chiefs, was received in Durbar on the afternoon of that day by the Governor General, the Commander in Chief and the Staff being present. His Highness' Minister and Chiefs there tendered his submission and solicited the clemency of the British Government.

The Governor General extended the clemency of the British Government to a Prince the descendant of the Maha Raja the late Runjeet Sing, for so many years the faithful Ally and Friend of the British Government, as the representative of the Sikh Nation selected by the Chiefs and the People to be their Ruler, on the condition that all the Terms imposed by the British Government and previously explained to His Highness' Minister and Chiefs should be faithfully executed.

On withdrawing from the Durbar the Maha Raja received the usual Salutes due to His Highness' exalted rank.

His Highness has since remained near the Governor General's Camp, and as it will be conducive to His Highness' comfort that he should rejoin his family, the Governor General desires that he may with all honor and in safety be conducted by the British Troops to the Gates of his Palace this day.

The following Proclamation was issued on the 18th instant by the Governor General, promising protection to all persons at Lahore and elsewhere who peaceably continue in their usual employments of trade and industry.

The Governor General is satisfied after the experience of this Campaign, that he can rely on the discipline of this invincible Army, as fully and securely as he has always been confident that the day of battle under their distinguished Commander would be one of Victory.

He trusts at present that no Officers or Soldiers will pass the advanced Sentries of their Encampment to enter the Town of Lahore, and he requests His Excellency the Commander in Chief to give the necessary instructions to carry this Order strictly into effect, as well as to protect all persons bringing provisions into Camp.

By order of the Right Honorable the Governor General of India,

F. CURRIE,
Secretary to the Govt. of India,
with the Governor General.

PROCLAMATION BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT,

CAMP LULLEEANA,

THE 18TH FEBRUARY, 1846.

The Chiefs, Merchants, Traders, Ryots and other Inhabitants of Lahore and Umritsir are hereby informed, that His Highness Maha Raja Duleep Singh has this day waited upon the Right Hon'ble the Governor General and expressed the contrition of himself and the Sikh Government for their late hostile proceedings. The Maha Raja and Durbar having acquiesced in all the Terms and Conditions imposed by the British Government, the Governor General has every hope that the relations of friendship will speedily be re-established between the two Governments. The Inhabitants of Lahore and Umritsir have nothing to fear from the British Army. The Governor General and the British Troops, if the conditions above adverted to are fulfilled, and no further hostile opposition is offered by the Khalsa Army will use their endeavours for the re-establishment of the Government of the descendant of Maha Raja Runjeet Singh and for the protection of its subjects.

The Inhabitants of the Cities in the Punjab will, in that case, be perfectly safe in person and property from any molestation by the British Troops, and they are hereby called upon to dismiss apprehension and to follow their respective callings with all confidence.

By order of the Right Hon'ble the Governor General of India,

F. CURRIE,
Secy. to the Govt. of India,
with the Governor General.

WEDNESDAY, MARCH 4, 1846.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

CAMP KUSSOOR, 17*th February*, 1846.

The Right Hon'ble the Governor General of India is pleased to appoint Brevet Captain W. Barr, of the 2d Brigade Horse Artillery, to act as Brigade Major to the Artillery with the Detachment of the Army of the Sutledge, under the Command of Major General Sir H. G. Smith, K. C. B., from the 26th ultimo to the 3d instant.

Lieutenant J. S. Paton, of the 14th Regiment of Native Infantry, is appointed a Deputy Assistant Quarter Master General of the 2d Class, in succession to Captain Egerton, who died of wounds received in action, and to complete the Establishment.

J. STUART, *Lt.-Col.*,
Secy. to the Govt. of India, Mily. Dept.,
with the Govr. General.

CAMP KUSSOOR, 17*th February*, 1846.

From the Proceedings of a Court of Enquiry which have been laid before him by His Excellency the Commander in Chief, the Right Hon'ble the Governor General of India has learned with much regret, that on the arrival of the 71st N. I. at Allahabad, Subadar Zalim Sing, of that Regiment, prevented certain Officers and Men of his Corps from eating and drinking with their friends of the 35th Light Infantry, by falsely representing that the Men of the latter Regiment, while on Foreign Service in Affghanistan, had indulged in practices which deprived them of caste, that in consequence they had been and should be shunned by the Men of other Regiments, and that all who ate or drank with them would become outcasts like themselves.

2. The Governor General is fully satisfied that the Native Officers and Men of that gallant and highly distinguished Regiment, the 35th Light Infantry, while they bore with exemplary patience and fortitude the many and severe privations to which they were unavoidably subjected when in Garrison at Jellalabad, never indulged in any practice or habit incompatible with the preservation of caste, that distinction so dear to the Native Soldier, and he therefore deems it necessary to mark his reprobation of the foul and malignant aspersion cast on their fair fame, by directing that their calumniator, Subadar Zalim Sing, of the 71st Regiment N. I., be immediately dismissed from the Service.

3. The Governor General hopes and believes that there are few Men in the Native Army who would, like Zalim Sing, wantonly endeavour to stigmatize their brethren in Arms, but, as he is determined, that the Regiments which nobly sustained on Foreign Service the reputation of the Army to which they have the honor to belong, shall not be calumniated with impunity, the Governor General hereby announces that any offence similar to that of Subadar Zalim Sing, will be promptly visited with a similar punishment.

4. This General Order to be read, and carefully explained to every Native Regiment in the Service.

J. STUART, *Lt.-Col.*,
Secy. to the Govt. of India, Mily. Dept.,
with the Govr. Genl.

CAMP LAHORE, 20*th February*, 1846.

On occasion of the Army of the Sutlege entering the Punjaub on the 12th instant, the Right Hon'ble the Governor General of India was pleased to announce, in General Orders of that date, the grant, to all Corps of that Army whose

Head Quarters were on the right bank of the Sutlege, of the same rates of Pay and Allowances as those laid down in the General Orders of the 15th August 1845, for the Artillery, Cavalry and Infantry of the Bengal Army serving in Scinde.

2. The Governor General is now further pleased to extend that boon to all Men of those Corps who, in consequence of wounds received in Action on the 18th, 21st or 22d of December, 21st or 28th of January, or 10th of February, were unable to proceed with their Regiments into the Punjaub, and who, on account of their wounds, remained in Hospital at Ferozepore or elsewhere.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,
Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

WILL BE PUBLISHED UNDER THE AUTHORITY OF GOVERNMENT,

A Series of Maps of the Districts of the North Western Provinces on an uniform scale of 4 miles to 1 inch. Each District will be contained (with few exceptions) in a single conveniently sized sheet, or where the Area does not admit, in two or more equally sized sheets to allow of the whole being bound up as an Atlas of the North Western Provinces.

The materials from which these Maps are compiled, are those furnished by the Revenue Survey Department; and in addition, the Latitude and Longitude of as many chief points as may be desirable, will be added in a Tabular form, from the Records of the Grand Trigonometrical Survey.—Price 3 Rupees per Colored Sheet,—and as a limited number of copies only will be printed, early application to the Surveyor General's Office in Calcutta is recommended. Parties will be supplied in order of application—and the Maps will be delivered as published, (of which intimation will be given in the Government Gazette) to the Agents of the parties requiring them, and upon payment being made.

Should the present publication prove successful, it is in contemplation to publish a Series of the Bengal Districts, according to the same style and scale.

SOUTHERN CHANNEL LEADING INTO PENANG HARBOUR.

NOTICE is hereby given, that this Channel has been buoyed off during the past year, by Captain Congalton, of the H. Co.'s Steamer "*Diana,*" and may now be used with ease and safety if the following sailing directions by that Officer are attended to.

By order of the Officiating Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Fort William,
The 31st January, 1846.

Vessels approaching the Island from the Southward intending to enter the Harbour of Penang, should be guided by the following directions:

1st. There are two lines of Beacons, those on the East side, five in number, painted white, in the form of a cross, and those on the West side, three in number, painted red, in the form of a triangle.

2d. The first or Southernmost white cross Beacon is visible from 3 to 4 miles bearing E. ¼ N. from the South end of Saddle Island and S. S. E. from the middle of Pulo Rymo, distance one mile.

3d. Vessels will be safe in working if they do not stand to the Eastward of the white cross Beacons.

4th. The Southern red triangle Beacon is off the North end of Pulo Jerajah, and after having passed it, care must be taken to keep more on the East side of the Channel to avoid a small patch with 2¼ fathoms low water bearing nearly N. N. E. about ¼ of a mile.

5th. With this exception between the first and second red triangle Beacons, all vessels can safely work in if they never go to the Eastward of the white cross Beacons or to the West of the red triangle Beacons; each Beacon is placed on projecting spits of sand or mud in two fathoms low water spring tides.

2.—Parties may tender to supply one or more Divisions and for either both descriptions of Fuel, but the tenders must specify the rate per hundred Bazar maunds per Coal or Wood separately.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which with the exception of two maunds will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, not recently felled, of the heaviest and best quality procurable, either of the trunk of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 or 15 inches, and both Coal and Wood must be protected from the rain and the Coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour, under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractors will be required under penalty to maintain constantly in store Fuel for three months estimated consumption. The Government will not be pledged however to take monthly the entire estimated quantity; circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated, may be insufficient, and Contractors will be required to undertake that in such cases they will, on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present Estimate, and on the same terms of Contract.

6.—The Clause requiring that Fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the Contract, but at the expiration of the Contract, Government will take over or transfer to new Contractors such quantity or quantities of Fuel as may remain in their Depots to the extent of two months supply at the Contract price.

7.—Should the Contractors fail to provide Coal equal to the muster, or Wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved Fuel at the expense of the Contractors.

8.—Government will advance to the Contractors, under approved security, one half of the estimated outlay for Fuel for one year, and will further on the production of receipts from Commanders of the Steamers for Fuel delivered on board their respective vessels by the Contractors pay one quarter of the Contract price of the Fuel so delivered. and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of Fuel, than shall on winding up the year's account appear to have been supplied the excess shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractors on account of Monies paid to them, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of Fuel supplied by him, or be otherwise recoverable as a debt.

9.—Wood will not be received on board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of Wood instead of Coal, the Contractors for Coal shall be debited with the Contract price of five maunds of Wood for every maund of Coal he may fail to supply. Should the Contractor for Wood fail in his supply, and the Government Boat be obliged to consume coal, instead, the Contractor shall for every maund of Wood not supplied, pay to Government eight Annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10th.—The Party whose Tender is accepted, will be required to enter into the usual Penalty Bond for the due fulfilment of his engagement.

By Order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secy.*

NOTIFICATION.

AN examination will be held early in April 1846, in the College of Fort William, for the purpose of filling up existing vacancies in the Secondary or Military Class of the Medical College. All candidates will be expected to possess an adequate knowledge of the Hindoostanee Language, to enable them to read and write it in the Persian or Devanagri character.

All Interpreters of Regiments and Battalions, will be requested through the Military Department, not to grant certificates of qualification to any candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience have already been experienced by lads from distant Stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been adopted.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination in order that a proper descriptive roll may be prepared, for transmission to the Examiners of the College of Fort William.

All Students in the Military Class are amenable to the Articles of War and regularly enlisted as Soldiers.

No Candidate will be admitted to the School who is physically unfit for the duties of a Soldier.

SUPPLEMENTAL PROCLAMATION.

Whereas a Treaty between His Majesty the King of Denmark and the Hon'ble the East India Company was concluded and signed in Calcutta on the Twenty-second day of February, in the Year of Our Lord One Thousand Eight Hundred and Forty-five.

And whereas by Section 3 of Article II. of the said Treaty a piece of Ground at Balasore, formerly a Factory, containing eighteen Biggahs, two Cottahs, twelve Chittacks of Tenanted Ground, and heretofore dependant on the Danish Settlement of Fredericksnagore or Serampore, was transferred to the said East India Company in common with the Danish Settlements on the Continent of India and other property belonging to His Danish Majesty, on the Tenth day of October, in the Year of Our Lord One Thousand Eight Hundred and Forty-five.

It is therefore hereby declared, that the Inhabitants of the said piece of Ground at Balasore, who continue to reside within the same, are placed under the protection of the general Law of British India, and their religious personal or acquired rights as formerly enjoyed under the Danish Government, shall be respected as all rights of person and property are throughout British India.

And it is hereby further declared, that all suits commenced and pending in the Danish Courts affecting any of the Inhabitants of the said piece of Ground at the time when the Treaty came into force shall be carried on and decided by the same Law as far as altered circumstances will allow, and that the same shall be observed in all cases of appeal subsequent to the Treaty, but no complaint or suit which has been finally decided under the Danish Administration and not appealed in due time under observance of the rules for appeal then in force, shall be deemed appealable, nor shall it be lawful to bring forward again subsequently to the conclusion of the said Treaty by petition, complaint or otherwise, such cases as have already been finally determined by competent authority.

And it is hereby further declared, that the said piece of Tenanted Ground at Balasore is hereby annexed to the Territories subject to the Presidency of Fort William in Bengal.

And whereas by Act XXI. of 1836 it was enacted, that it should be lawful for the Governor General in Council, by an Order in Council, to create new Zillahs in any part of the Presidency of Fort William in Bengal and to alter the limits of existing Zillahs.

And whereas for the more convenient administration of the Law within the boundary of the said piece of Ground at Balasore, it is expedient that the limits of Zillah Cuttack should be altered so as to include the same; the following Order in Council has this-day been passed by the President of the Council of India in Council and is hereby promulgated for general information.

By order of the Hon'ble the President of the Council of India in Council,

GENERAL POST OFFICE NOTIFICATION.

Prepayment of Postage on Letters for Despatch to the Army of the Sutledge.

NOTICE is hereby given for general information, that in conformity with the Orders of Government, the reception in future of Letters addressed to the Army of the Sutledge at any Post Office under this jurisdiction is prohibited, unless the full postage up to Ferozepore be "Prepaid."

W. TAYLER,
Post Master General.

Fort William, General Post Office,
the 2d March, 1846.

GENERAL POST OFFICE NOTIFICATION.

Inward Overland Packet Signal.

WITH a view of meeting the wishes of the Community by expediting as far as possible, the delivery of Overland Letters, the following arrangements have been made, and are hereby notified for public information.

The moment the Overland Mail reaches this Office, a large black ball will be hoisted half-mast high, on the mast erected on the roof of the building.

When the Letters are stamped, sorted, registered and ready for delivery, the ball will be raised to the mast head.

Parties sending their own Peons with money for payment of the postage on "bearing covers," will of course receive them sooner than those who wait for their delivery by the Office Peons.

As the Mails usually arrive late in the afternoon the Office Peons can seldom go out for delivery before nightfall.

All those therefore, whether Agents or Individuals, who wish to receive their letters *during* the *night*, are requested to make some arrangement for their receipt and for the payment of postage charged, by *keeping in attendance* at their House or Office, when their Letters are *usually delivered* some person authorized and prepared to receive and pay for them without delay.

Parties experiencing any improper or unusual delay in the delivery of their Letters, are requested to communicate the particulars of the case without delay to the Post Master General.

W. TAYLER,

Post Master General.

Calcutta, Genl. Post Office,
The 17th December, 1845.

NOTA BENE.—In the event of the Inward Overland Mail at any time arriving at this Office late in the evening, a large Signal Lanthern, exhibiting a Coloured Light, will be hoisted instead of the Ball.

GENERAL POST OFFICE NOTIFICATION.

IMPORT EXPRESS POSTAGE FROM BOMBAY.

WITH reference to the Notification issued by this Office, under date the 15th ultimo—Notice is hereby given for general information, that by orders of the Government of India, the Bombay General Post Office Notification of the 3d idem, fixing extra rates of Postage on Overland Letters and Papers transmitted thence to Calcutta by Express Mail, has been cancelled, and that the ordinary rates only, will, as heretofore, continue to be charged on covers, forwarded by the usual Import Overland Express from that Presidency.

W. TAYLER,

Post Master General.

Calcutta, Genl. Post Office,
the 31st October, 1845.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shillings)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees, ... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees, ... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,

Deputy Post Master.

The 8th February, 1844.

WILL BE PUBLISHED UNDER THE AUTHORITY OF GOVERNMENT,

A Series of Maps of the Districts of the North Western Provinces on an uniform scale of 4 miles to 1 inch. Each District will be contained (with few exceptions) in a single conveniently sized sheet, or where the Area does not admit, in two or more equally sized sheets to allow of the whole being bound up as an Atlas of the North Western Provinces.

The materials from which these Maps are compiled, are those furnished by the Revenue Survey Department; and in addition, the Latitude and Longitude of as many chief points as may be desirable, will be added in a Tabular form, from the Records of the Grand Trigonometrical Survey.—Price 3 Rupees per Colored Sheet,—and as a limited number of copies only will be printed, early application to the Surveyor General's Office in Calcutta is recommended. Parties will be supplied in order of application—and the Maps will be delivered as published, (of which intimation will be given in the Government Gazette) to the Agents of the parties requiring them, and upon payment being made.

Should the present publication prove successful, it is in contemplation to publish a Series of the Bengal Districts, according to the same style and scale.

STEAM NOTICE.

COMMUNICATION WITH DACCA.

FOR the information of Parties interested in the Communication with Dacca, ordered by Government to be maintained experimentally for one year, from the 1st January last, by the despatch of a Steamer every Twenty-fifth day, the following observations are offered:

One Steamer and one Cargo Boat are assigned for this duty and the Controller of Government Steamers will endeavour to conform punctually to the arrangement and to despatch the Boats from Calcutta as already advertised, on the 2d and, 27th of April, the 22d of May, the 16th of June the 11th of July, the 5th and 29th of August, the 24th of September, the 19th of October, the 14th of November and the 9th December 1846; but as circumstances may occur to interrupt the desired regularity, as accident to either Boat rendering a repair necessary, detention by grounding, &c. &c. parties interested are warned that it is probable such untoward events may not be remedied by the substitution of other Boats, though every exertion will made to do so, and this possibility of detention prevents the Controller from advertising the positive despatch of the returning Boats on a fixed day, until their arrival in Calcutta gives him assurance of keeping the appointed time, but for the information of parties who may not be able to refer to the Notice published on the 14th of February last in advertising the despatch of a Boat the date of her intended succeeding despatch will also be notified.

The Notices will appear in the Calcutta Gazette, the Exchange Gazette, the Bengal Hurkaru, the Calcutta Standard, and such other daily Papers as may conform to the Government rates for advertising.

2.—Parties may tender to supply one or more Divisions and for either both descriptions of Fuel, but the tenders must specify the rate per hundred Bazar maunds per Coal or Wood separately.

3—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which with the exception of two maunds will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, not recently felled, of the heaviest and best quality procurable, either of the trunk of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 or 15 inches, and both Coal and Wood must be protected from the rain and the Coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour, under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractors will be required under penalty to maintain constantly in store Fuel for three months estimated consumption. The Government will not be pledged however to take monthly the entire estimated quantity; circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated, may be insufficient, and Contractors will be required to undertake that in such cases they will, on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present Estimate, and on the same terms of Contract.

6.—The Clause requiring that Fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the Contract, but at the expiration of the Contract, Government will take over or transfer to new Contractors such quantity or quantities of Fuel as may remain in their Depots to the extent of two months supply at the Contract price.

7.—Should the Contractors fail to provide Coal equal to the muster, or Wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved Fuel at the expense of the Contractors.

8.—Government will advance to the Contractors, under approved security, one half of the estimated outlay for Fuel for one year, and will further on the production of receipts from Commanders of the Steamers for Fuel delivered on board their respective vessels by the Contractors pay one quarter of the Contract price of the Fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of Fuel, than shall on winding up the year's account appear to have been supplied the excess shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractors on account of Monies paid to them, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of Fuel supplied by him, or be otherwise recoverable as a debt.

9.—Wood will not be received on board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of Wood instead of Coal, the Contractors for Coal shall be debited with the Contract price of five maunds of Wood for every maund of Coal he may fail to supply. Should the Contractor for Wood fail in his supply, and the Government Boat be obliged to consume coal, instead, the Contractor shall for every maund of Wood not supplied, pay to Government eight Annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10th.—The Party whose Tender is accepted, will be required to enter into the usual Penalty Bond for the due fulfilment of his engagement.

By Order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secy.*

SECOND SUPPLEMENT TO

SATURDAY, MARCH 7, 1846.

FORT WILLIAM,
FOREIGN DEPARTMENT,
THE 7TH MARCH, 1846.

The President in Council is pleased to direct the republication, in a connected series, of the following Documents, already published separately on their arrival at the Presidency.

PROCLAMATION BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT,
KUSSOOR,
THE 14TH FEBRUARY, 1846.

The Sikh Army has been expelled from the left bank of the River Sutlej, having been defeated in every action, with the loss of more than 220 pieces of Field Artillery.

The British Army has crossed the Sutlej and entered the Punjab.

The Governor General announces by this Proclamation that this measure has been adopted by the Government of India, in accordance with the intentions expressed in the Proclamation of the 13th December last, as having been forced upon the Governor General for the purpose of "effectually protecting the British Provinces—for vindicating the authority of the British Government, and for "punishing the Violators of Treaties and the disturbers of the Public Peace."

These operations will be steadily persevered in and vigorously prosecuted until the objects proposed to be accomplished are fully attained; the occupation of the Punjab by the British forces will not be relinquished until ample atonement for the insult offered to the British Government by the infraction of the Treaty of 1809 A. D., and by the unprovoked invasion of the British Provinces shall have been exacted. These objects will include full indemnity for all expences incurred during the War, and such arrangements for the future Government of the Lahore Territories as will give perfect security to the British Government against similar acts of perfidy and aggression.

Military operations against the Government and Army of the Lahore State have not been undertaken by the Government of India for any desire of territorial aggrandizement. The Governor General, as already announced in the Proclamation of the 13th December, "sincerely desired to see a strong "Sikh Government re-established in the Punjab, able to control its Army and to protect its subjects." The sincerity of these professions is proved by the fact that no preparations for hostilities had been made, when the Lahore Government suddenly, and without a pretext of complaint, invaded the British Territories. This unprovoked aggression has compelled the British Government to have recourse to arms and to organize the means of offensive warfare—and whatever may now befall the Lahore State, the consequences can alone be attributed to the misconduct of that Government and its Army.

No extension of Territory was desired by the Government of India; the measures necessary for providing indemnity for the past and security for the future will however involve the retention by the British Government of a portion of the country, hitherto under the Government of the Lahore State. The extent of territory which it may be deemed advisable to hold will be determined by the conduct of the Durbar, and by considerations for the security of the British Frontier. The Government of India will, under any circumstances, annex to the British Provinces the Districts, Hill and Plain, situated between the Rivers Sutlej and Beas, the Revenues thereof being appropriated as a part of the Indemnity required from the Lahore State.

The Government of India has frequently declared that it did not desire to subvert the Sikh Government in the Punjab; and although the conduct of the Durbar has been such as to justify the most severe and extreme measures of retribution (the infliction of which may yet be required by sound policy, if the recent acts of violence be not amply atoned for and immediate submission tendered) nevertheless the Governor General is still willing that an opportunity should be given to the Durbar and to the Chiefs, to submit themselves to the authority of the British Government, and by a return to good faith and the observance of prudent counsels, enable the Governor General to organize a Sikh Government

in the person of a descendant of its founder the late Maharajah Runjeet Singh, the faithful Ally of the British Power.

The Governor General at this moment of a most complete and decisive Victory, cannot give a stronger proof of the forbearance and moderation of the British Government than by making this declaration of his intention, the terms and mode of the arrangement remaining for further adjustment.

The Governor General therefore calls upon all those Chiefs who are the well-wishers of the descendants of Runjeet Singh, and especially such Chiefs as have not participated in the hostile proceedings against the British Power, to act in concert with him for carrying into effect such arrangements as shall maintain a Sikh Government at Lahore, capable of controlling its Army and protecting its subjects, and based upon principles that shall provide for the future tranquillity of the Sikh State, shall secure the British Frontier against a repetition of acts of aggression—and shall prove to the whole world the moderation and justice of the Paramount Power of India.

If this opportunity of rescuing the Sikh Nation from Military anarchy and misrule be neglected, and hostile opposition to the British Army be renewed, the Government of India will make such other arrangements for the future Government of the Punjab as the interests and security of the British Power may render just and expedient.

By order of the Right Hon'ble the Governor General of India,

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA.

FOREIGN DEPARTMENT,

CAMP KUSSOOR,

THE 14TH FEBRUARY, 1846.

The Governor General having received from His Excellency the Commander in Chief the Despatch annexed to this paper, announces to the Army and the People of India, for the fourth time during this Campaign, a most important and memorable victory obtained by the Army of the Sutlej, over the Sikh forces at Sobraon on the 10th instant.

On that day the Enemy's strongly entrenched Camp, defended by 35,000 men and 67 pieces of Artillery, exclusive of heavy guns on the opposite bank of the River, was stormed by the British Army under the immediate Command of His Excellency Sir Hugh Gough, Bart., G. C. B., and in two hours the Sikh forces were driven into the River with immense loss, 67 guns being captured by the victors.

The Governor General most cordially congratulates the Commander in Chief and the British Army on this exploit, one of the most daring ever achieved, by which in open day, a triple line of breast-works, flanked by formidable redoubts bristling with Artillery, manned by 32 Regular Regiments of Infantry, was assaulted and carried by the forces under His Excellency's Command.

This important operation was most judiciously preceded by a cannonade from the heavy Howitzers and Mortars, which had arrived from Delhie on the 8th instant, the same day on which the forces under Major General Sir Harry Smith which had been detached to Loodiana and had gained the Victory of Aleewal, rejoined the Commander in Chief's Camp.

The vertical fire of the heavy Ordnance had the effect intended by His Excellency—it shook the Enemy's confidence in works so well and so laboriously constructed, and compelled them to seek shelter in the broken ground within their Camp.

The British Infantry formed on the extreme left of the line, then advanced to the assault, and in spite of every impediment cleared the entrenchments and entered the Enemy's Camp. H. M.'s 10th, 53d and 80th Regiments, with the 33d, 43d, 59th and 63d N. I, moving at a firm and steady pace, never fired a shot till they had passed the barriers opposed to them—a forbearance much to be commended and most worthy of constant imitation, to which may be attributed the success of their first effort, and the small loss they sustained; this attack was crowned with the success it deserved and (led by its gallant Commander Major General Sir Robert Dick) obtained the admiration of the Army which witnessed its disciplined valour—when checked by the formidable obstacles and superior numbers to which the attacking Division was exposed, the Second Division, under Major General Gilbert, afforded the most opportune assistance by rapidly advancing to the attack of the Enemy's Batteries, entering their fortified position after a severe struggle, and sweeping through the interior of the Camp. This Division inflicted a very severe loss on the retreating Enemy.

The same gallant efforts attended by the same success distinguished the attack of the Enemy's left, made by the 1st Division under the command of Major General Sir H. Smith, K. C. B., in which the Troops nobly sustained their former reputation.

These three Divisions of Infantry concentrated within the Enemy's Camp, drove his shattered forces into the River, with a loss which far exceeded that which the most experienced Officers had ever witnessed.

Thus terminated in the brief space of two hours this most remarkable conflict, in which the Military combinations of the Commander in Chief were fully and ably carried into effect with His Excellency's characteristic energy. The Enemy's select Regiments of Regular Infantry have been dispersed and a large proportion destroyed, with the loss, since the Campaign began, of 220 pieces of Artillery taken in action.

The same evening six Regiments of Native Infantry crossed the Sutlej. On the following day the Bridge of Boats was nearly completed by that able and indefatigable Officer Major Abbott, of the Engineers, and the Army is this day encamped at Kussoor, 32 miles from Lahore.

The Governor General again most cordially congratulates the Commander in Chief on the important results obtained by this memorable achievement. The Governor General, in the name of the Government and of the People of India, offers to His Excellency the Commander in Chief, to the General Officers, and all the Officers and Troops under their Command, his grateful and heartfelt acknowledgments for the services they have performed.

To commemorate this great victory the Governor General will cause a Medal to be struck with "Sobraon" engraved upon it, to be presented to the Victorious Army in the service of the East India Company, and requests His Excellency the Commander in Chief to forward the lists, usually furnished, of those engaged.

The Governor General deeply regrets the loss of the brave Officers and Men who have fallen on this occasion. Major General Sir Robert Dick, K. C. B., who led the attack, received a mortal wound after he had entered the Enemy's Entrenchments. Thus fell most gloriously at the moment of Victory this veteran Officer, displaying the same energy and intrepidity as when 35 years ago in Spain he was the distinguished leader of the 42d Highlanders.

The Army has also sustained a heavy loss by the death of Brigadier Taylor, Commanding the 3d Brigade of the 2d Division, a most able Officer, and very worthy to have been at the head of so distinguished a Corps as H. M. 29th Regiment, by which he was beloved and respected.

The Company's Service has lost an excellent Officer in Captain Fisher, who fell at the head of the brave Sirmoor Regiment, which greatly distinguished itself.

The Governor General has much satisfaction in again offering to Major General Sir Harry Smith, K. C. B., Commanding the 1st Division of Infantry, his best thanks for his gallant services on this occasion, by which he has added to his well established reputation.

The Governor General acknowledges the meritorious conduct of Brigadier Penny and Brigadier Hicks, Commanding Brigades in the 1st Division.

Her Majesty's 31st and 50th Regiments greatly distinguished themselves, as well as the 42d, 47th N. I., and the Nusseeree Battalion.

The Governor General's thanks are also due to Lieut. Colonel Ryan, Commanding H. M.'s 50th, who, he regrets to hear, has been severely wounded.

To Major General Gilbert, Commanding the 2d Division, the Governor General is most happy to express his acknowledgments for the judgment, coolness and intrepidity displayed by him on every occasion since the Campaign opened—and on the present, the promptitude and energy of his attack essentially contributed to ensure the success of the day.

The Governor General trusts that the wound received by Brigadier McLaren will not long deprive the service of one of its best Officers.

H. M.'s 29th and 1st European Regiments, and the 16th, 48th, 61st N. I., and the Sirmoor Battalion have entitled themselves, by their gallant conduct, to the thanks of the Government.

To Brigadier Stacy, on whom the Command of the 2d Division devolved, the Governor General's thanks are especially due, for the able manner in which the attack within the Enemy's Camp was directed.

The Governor General is also glad to have this opportunity of acknowledging the services of Brigadier Wilkinson, Commanding the 6th Brigade of the attacking Division.

The Brigade, composed of H. M.'s 9th and 62d Regiments and the 26th N. I. under the Command of Brigadier the Hon'ble T. Ashburnham, placed in support of the attacking Division, by its firm and judicious advance, contributed to the success of the assault.

The Cavalry, under the Command of Major General Sir J. Thackwell, K. C. B., Brigadiers Cureton, Scott and Campbell, were well in hand and ready for any emergency—H. M.'s 3d Light Dragoons, as usual, were in the foremost ranks, and distinguished themselves under their Commanding Officer Lieut.-Col. White.

Brigadier Smith, the Commanding Engineer, fully accomplished the Commander in Chief's instructions, and to Captain Baker and Lieutenant Becher, of the Engineers, the Governor General's acknowledgments are due for leading the Division of attack into the Enemy's Camp,—these Officers well maintained the reputation of their Corps whenever gallantry or science may be required from its members.

Major Abbott, of the Engineers, exclusive of his exertions in constructing the Bridge of Boats, displayed much intelligence in the field. The merits of Major Reilly, Commanding that most useful Corps the Sappers and Miners, are acknowledged;—The ability and zeal of Brigadier Irvine, the Senior Officer of the Engineer Corps, are well known to the Governor General, and his forbearance in not assuming the Command, having reached the Camp on the preceding evening, is duly appreciated.

Brigadier Gowan, Commanding the Artillery, ably directed the practice of the heavy Artillery on the left, assisted by Lieutenant Colonel Biddulph, Lieut. Coll. Brooke, Lieut. Coll. Wood and Captain Pillans.

On the right, the Howitzer practice was well sustained by Major Grant.

The Troops of Horse Artillery of Lieut. Coll. Lane and Captain Fordyce, greatly assisted the attack of our Infantry on the left, and whilst the Enemy were crossing the river the fire of Lieutt. Coll. Alexander's Troop was most effective.

The Troops of Captain Horsford and Captain Swinley also did good service.

The Governor General's acknowledgments are due to Major Grant, Deputy Adjutant General, and to his Department generally, for their ability and intelligence. To the Quarter Master General the service is much indebted for the judgment and zeal which mark all the proceedings of that Officer, and the Governor General offers his acknowledgments to him; to the Deputy Quarter Master General Lieutenant Coll. Drummond, and the Officers of that Department.

To Lieutt. Coll. Barr, Acting Adjutant General, and to Lieutt. Coll. Gough, Acting Quarter Master General, Queen's Service, the Governor General's thanks are due. He regrets the temporary deprivation of the services of these Officers by the wounds they have received.

To Lieutt. Coll. Birch, Judge Advocate General, the Governor General again has to repeat his thanks for his intelligence and gallantry.

To Lieutt. Coll. Havelock, Persian Interpreter, the Governor General offers his best thanks.

The Governor General desires to record his obligations to Count Ravensburgh and to the Officers of His Royal Highness's Staff Count Oriola and Count Greuben,—this gallant and amiable Prince, with his brave associates of the Prussian Army, has shared all the dangers and secured for himself the respect and admiration of the British Army, and the Governor General begs to convey to His Royal Highness and to his Staff his cordial thanks for the ready offers of their services on the field of battle.

The Governor General has now to acknowledge the services rendered by the Officers attached to his own Staff.

He renews to Lieutt. Coll. Benson, of the Military Board, his strong sense of the important services rendered by that Officer during the whole of this Campaign, whose general information in Military details and cool judgment in action deserve this acknowledgment.

Lieutt. Coll. Wood, the Governor General's Military Secretary, displayed on the 10th instant the same intelligence and gallantry as on former occasions.

Major Lawrence, the Governor General's Political Agent, has throughout these operations afforded most useful assistance by his ability, zeal and activity in the Field, as well as on every other occasion.

Captain Mills, Asstt. Poll. Agent, and Honorary Aid-de-Camp to the Governor General, has shown the most unwearied devotion to the service as well in the Field as in the exercise of his personal influence in the Protected Sikh States.

The Governor General's thanks are also due to Captain Cunningham, Engineers, Asstt. Political Agent.

The Governor General's Aides-de-Camp, Captain Grant, Lord Arthur Hay, Captain Peel and Captain Hardinge, by their gallantry and intelligence, rendered themselves most useful.

In the operations of this Campaign in which Officers of the Civil Service have accompanied the Camp and participated in the risks incidental to active warfare, the Governor General's thanks are due for their readiness in encountering these risks, and their endurance of privations. The Governor General acknowledges the able assistance he has at all times received from the Political Secretary, F. Currie, Esquire; his acknowledgments are also due to his Private Secretary C. Hardinge, Esquire, and to the Asstt. Poll. Agent, R. Cust, Esquire.

Lieutt. Coll. Parsons, Deputy Commissary General, has succeeded in keeping the Army well supplied, and the Governor General is much satisfied with his exertions and those of the Officers under his command. The Army took the field under circumstances of great difficulty, and by strenuous exertions and good arrangements on the part of the Lieutenant Colonel, the Army has now a large supply in reserve, a result very creditable to the Chief of the Commissariat Department. The manner in which Capt. Johnston has conducted the Commissariat duties entrusted to him, has also met with the Governor General's approbation.

To Doctor Macleod, Superintending Surgeon, to Dr. Graham, as well as to the Officers of the Medical Department generally, the Governor General offers his acknowledgments.

His thanks are due to Dr. Walker, Surgeon to the Governor General, whose ability is only to be equalled by his zeal and humanity.

A salute of 21 Guns will be fired in celebration of the Victory of Sobraon at all the usual Stations of the Army.

By order of the Right Hon'ble the Governor General of India,

F. CURRIE,

Secretary to the Govt. of India, with the Govr. General.

HEAD QUARTERS, ARMY OF THE SUTLEJ,

Camp Kussoor, the 13th February, 1846.

THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA,

&c. &c. &c.

RIGHT HON'BLE SIR,

This is the fourth despatch which I have the honor of addressing to you since the opening of the Campaign. Thanks to Almighty God, whose hand I desire to acknowledge in all our successes, the occasion of my writing now is to announce a fourth and most glorious and decisive Victory!

My last communication detailed the movements of the Sikhs, and our counter manœuvres since the great day of Ferozeshah. Defeated on the upper Sutlej, the Enemy continued to occupy his position on the right bank, and his formidable *tete-de-pont* and entrenchments on the left bank of the River in front of the main body of our Army. But on the 10th instant all that he held of British Territory, which was comprised in the ground on which one of his Camps stood, was torn from his grasp, and his audacity was again signally punished by a blow, sudden, heavy and overwhelming. It is my gratifying duty to detail the measures which have led to this glorious result.

The Enemy's works had been repeatedly reconnoitered during the time of my Head Quarters being fixed at Nihalkee by myself, my Departmental Staff, and my Engineer and Artillery Officers. Our observations, coupled with the report of spies, convinced us that there had devolved on us the arduous task of attacking in a position covered with formidable entrenchments not fewer than thirty thousand men, the best of the Khalsa Troops, with seventy pieces of Cannon, united by a good Bridge to a Reserve on the opposite bank, on which the Enemy had a considerable Camp, and some Artillery, commanding and flanking his Field works on our side. Major General Sir Harry Smith's Division having rejoined me on the evening of the 8th, and part of my Siege Train having come up with me,

I resolved, on the morning of the 10th, to dispose our Mortars and Battering Guns on the alluvial land within good range of the Enemy's works. To enable us to do this, it was necessary first to drive in the Enemy's pickets at the post of observation in front of Rodeewalla and at the little Sobraon. It was directed that this should be done during the night of the 9th: but the execution of this part of the plan was deferred, owing to misconceptions and casual circumstances until near daybreak. The delay was of little importance, as the event showed that the Sikhs had followed our example in occupying the two posts in force by day only. Of both therefore possession was taken without opposition. The Battering and disposable Field Artillery was then put in position on an extended semi-circle, embracing within its fire the works of the Sikhs, it had been intended that the cannonade should have commenced at daybreak; but so heavy a mist hung over the plain and river, that it became necessary to wait until the rays of the sun had penetrated it and cleared the atmosphere. Meanwhile, on the margin of the Sutlej on our left, two Brigades of Major General Sir Robert Dick's Division, under his personal command, stood ready to commence the assault against the Enemy's extreme right. His 7th Brigade, in which was the 10th Foot, reinforced by the 53d Foot, and led by Brigadier Stacy, was to head the attack, supported at two hundred yards distance by the 6th Brigade under Brigadier Wilkinson. In reserve was the 5th Brigade under Brigadier the Hon'ble T. Ashburnham, which was to move forward from the entrenched Village of Rodeewalla, leaving if necessary a Regiment for its defence. In the centre Major General Gilbert's Division was deployed for support or attack, its right resting on and in the Village of the little Sobraon. Major General Sir Harry Smith's Division was formed near the Village of Guttah, with its right thrown up towards the Sutlej. Brigadier Cureton's Cavalry threatened, by feigned attacks, the ford of Hurreekee and the Enemy's Horse, under Rajah Lall Sing Misr, on the opposite bank. Brigadier Campbell, taking an intermediate position in the rear between Major General Gilbert's right and Major General Sir Harry Smith's left, protected both. Major General Sir Joseph Thackwell, under whom was Brigadier Scott, held in reserve on our left, ready to act as circumstances might demand the rest of the Cavalry.

Our Battery of 9 pounders, enlarged into twelves, opened near the little Sobraon, with a Brigade of Howitzers formed from the light Field Batteries and Troops of Horse Artillery, shortly after daybreak. But it was half past six before the whole of our Artillery fire was developed. It was most spirited and well directed. I cannot speak in terms too high of the judicious disposition of the Guns, their admirable practice, or the activity with which the cannonade was sustained. But notwithstanding the formidable calibre of our Iron Guns, Mortars and Howitzers, and the admirable way in which they were served, and aided by a Rocket Battery, it would have been visionary to expect that they could, within any limited time, have silenced the fire of seventy pieces behind well constructed Batteries of earth, plank and fascines, or dislodge Troops covered either by redoubt or epaulments, or within a treble line of trenches. The effect of the cannonade was, as has since been proved by an inspection of the Camp, most severely felt by the Enemy; but it soon became evident that the issue of this struggle must be brought to the arbitrement of Musquetry and the Bayonet.

At nine o'clock Brigadier Stacy's Brigade, supported on either flank by Captains Horsford and Fordyce's Batteries and Lieutt. Colonel Lane's Troop of Horse Artillery, moved to the attack in admirable order. The Infantry and Guns aided each other correlatively. The former marched steadily on in line, which they halted only to correct when necessary; the latter took up successive positions at the gallop, until at length they were within three hundred yards of the heavy Batteries of the Sikhs. But notwithstanding the regularity and coolness and scientific character of this assault, which Brigadier Wilkinson well supported, so hot was the fire of Cannon, Musquetry and Zumbooruks kept up by the Khalsa Troops, that it seemed for some moments impossible that the entrenchments could be won under it. But soon persevering gallantry triumphed, and the whole Army had the satisfaction to see the gallant Brigadier Stacy's Soldiers driving the Sikhs in confusion before them within the area of their encampment. The 10th Foot, under Lieutt. Colonel Franks, now for the first time brought into serious contact with the Enemy, greatly distinguished themselves. This Regiment never fired a shot until it had got within the works of the Enemy. The onset of H. M.'s 53d Foot was as gallant and effective. The 43d and 59th Native Infantry Brigaded with them, emulated both in cool determination.

At the moment of this first success, I directed Brigadier the Hon'ble T. Ashburnham's Brigade to move on in support; and Major General Gilbert's and Sir Harry Smith's Divisions to throw out their Light Troops to threaten the works aided by Artillery. As these attacks of the centre and right commenced, the fire of our heavy Guns had first to be directed to the right and then gradually to cease; but at one time the thunder of full 120 pieces of Ordnance reverberated in this mighty combat through the valley of the Sutlej; and as it was soon seen that the weight of the whole force within the Sikh Camp was likely to be thrown upon the two Brigades that had passed its trenches, it became necessary to convert into close and serious attacks, the demonstrations with Skirmishers and Artillery of the centre and right, and the battle raged with inconceivable fury from right to left. The Sikhs even, when at particular points their entrenchments were mastered with the bayonet, strove to regain them by the fiercest conflict sword in hand. Nor was it until the Cavalry of the left, under Major General Sir Joseph Thackwell, had moved forward, and ridden through the openings in the entrenchments made by our Sappers, in single file and reformed as they passed them, and the 3d Dragoons, whom no obstacle usually held formidable by Horse appears to check, had on this day, as at Ferozeshah, galloped over and cut down the obstinate defenders of Batteries and Field works, and until the full weight of three Divisions of Infantry, with every Field Artillery Gun which could be sent to their aid had been cast into the scale, that victory finally declared for the British. The fire of the Sikhs first slackened and then nearly ceased, and the victors pressing them on every side precipitated them in masses over their Bridge and into the Sutlej, which a sudden rise of 7 inches had rendered hardly fordable. In their efforts to reach the right bank through the deepened water, they suffered from our Horse Artillery a terrible carnage. Hundreds fell under this cannonade; hundreds upon hundreds were drowned in attempting the perilous passage. Their awful slaughter, confusion and dismay were such as would have excited compassion in the hearts of their generous conquerors, if the Khalsa troops had not, in the earlier part of the action, sullied their gallantry by slaughtering and barbarously mangling every wounded soldier whom, in the vicissitudes of attack, the fortune of war left to their mercy.—I must pause in this narrative specially to notice the determined hardihood and bravery

with which our two Battalions of Goorkahs, the Sirmoor and Nusseeree, met the Sikhs wherever they were opposed to them. Soldiers of small stature but indomitable spirit, they vied in ardent courage in the charge with Grenadiers of our own nation, and, armed with the short weapon of their mountains, were a terror to the Sikhs throughout this great combat.

Sixty-seven pieces of Cannon, upwards of two hundred Camel Swivels, (Zumbooruks) numerous Standards and vast Munitions of War captured by our Troops, are the pledges and trophies of our victory. The battle was over by eleven in the morning, and in the forenoon I caused our Engineers to burn a part and to sink a part of the vaunted Bridge of the Khalsa Army, across which they had boastfully come once more to defy us, and to threaten India with ruin and devastation.

We have to deplore a loss severe in itself, but certainly not heavy, when weighed in the balance against the obstacles overcome and the advantages obtained. I have especially to lament the fall of Major Genl. Sir Robert Dick, K. C. B., a gallant veteran of the Peninsular and Waterloo Campaigns. He survived only until evening the dangerous grape-shot wound which he received close to the Enemy's entrenchments, whilst personally animating by his dauntless example the Soldiers of H. M.'s 80th Regt. in their career of noble daring. Major Genl. Gilbert, to whose gallantry and unceasing exertions I have been so deeply indebted, and whose services have been so eminent throughout this eventful Campaign, and Brigadier Stacy, the leader of the Brigade, most hotly and successfully engaged, both received contusions. They were such as would have caused many men to retire from the field, but they did not interrupt for a moment the efforts of these heroic Officers. Brigadier McLaren, so distinguished in the Campaigns in Affghanistan, at Maharajpore, and now again in our conflicts with the Sikhs, has been badly wounded by a ball in the knee. Brigadier Taylor, C. B., one of the most gallant and intelligent Officers in the Army, to whom I have felt deeply indebted on many occasions, fell in this fight at the head of his Brigade, in close encounter with the enemy, and covered with honorable wounds. Brigadier Penny, of the Nusseeree Battalion, Commanding the 2d Brigade, has been wounded, but not, I trust, severely. I am deprived for the present of the valuable services of Lieutenant Colonel J. B. Gough, C. B., Acting Quarter Master General H. M.'s Troops, whose aid I have so highly prized in all my Campaigns in China and India. He has received a wound from a grape-shot, which is severe but I hope not dangerous. Lieutenant Colonel Barr, Acting Adjutant General H. M.'s Forces, whose superior merit as a Staff Officer, I have therefore recorded, has suffered a compound fracture in the left arm by a ball. It is feared that amputation may become necessary. Lieut. Colonels Ryan and Petit, of the 50th Foot, were both badly wounded with that Gallant Regiment. Captain John Fisher, Commandant of the Sirmoor Battalion, fell at the head of his valiant little Corps, respected and lamented by the whole Army.

I have now to make the attempt, difficult, nay impracticable, though I deem it, of expressing in adequate terms my sense of obligation to those who especially aided me by their talents and self-devotion in the hard-fought field of Sobraon.

First, Right Hon'ble Sir, you must permit me to speak of yourself: before the action, I had the satisfaction of submitting to you my plan of attack; and I cannot describe the support which I derived from the circumstance of its having in all its details met your approbation. When a Soldier of such sound judgment and matured experience as your Excellency, assured me that my projected operation deserved success, I could not permit myself to doubt that, with the blessing of Divine Providence, the Victory would be ours. Nor did your assistance stop here. Though suffering severely from the effects of a fall, and unable to mount on horseback without assistance, your uncontrolable desire to see this Army once more triumphant, carried you into the hottest of the fire, filling all who witnessed your exposure to such peril at once with admiration of the intrepidity that prompted it, and anxiety for your personal safety, involving so deeply in itself the interests and happiness of British India. I must acknowledge also my obligations to you for having, whilst I was busied with another portion of our operations, superintended all the arrangements that related to laying our Bridge across the Sutlej near Ferozepore. Our prompt appearance on this bank of the River after victory, and advance to this place, which has enabled us to surprize its Fort and encamp without opposition in one of the strongest positions in the Country, is the result of this invaluable assistance.

The Major Generals of Divisions engaged deserve far more commendation than I am able within the limits of a despatch to bestow. Major General Sir Robert Dick, as I have already related, has fallen on a field of renown worthy of his Military career and services, and the affectionate regret of his Country will follow him to a Soldier's grave.

In his attack on the Enemy's left, Major General Sir Harry Smith displayed the same valour and judgment which gave him the Victory of Aliwal. A more arduous task has seldom, if ever, been assigned to a Division, never has an attempt been more gloriously carried through.

I want words to express my gratitude to Major General Gilbert: not only have I to record that in this great fight all was achieved by him which, as Commander in Chief, I could desire to have executed: not only on this day was his Division enabled by his skill and courageous example to triumph over obstacles from which a less ardent spirit would have recoiled as insurmountable; but since the hour in which our leading columns moved out of Umballa, I have found in the Major General an Officer, who has not merely carried out all my orders to the letter, but whose zeal and tact have enabled him, in a hundred instances, to perform valuable services in exact anticipation of my wishes. I beg explicitly to recommend him to your Excellency's special notice as a Divisional Commander of the highest merit.

Major Genl. Sir Joseph Thackwell has established a claim on this day to the rare commendation of having achieved much with a Cavalry Force, where the duty to be done consisted entirely of an attack on Field Works, usually supposed to be the particular province of Infantry and Artillery. His vigilance and activity throughout our operations, and the superior manner in which our outpost duties have been carried on under his superintendence, demand my warmest acknowledgments.

Brigadier Stacy, C. B., I must commend to your special protection and favor. On him devolved the arduous duty of leading the first column to the attack, turning the Enemy's right, encountering his fire, before his numbers had been thinned, or his spirit broken, and to use a phrase which a Soldier like your Excellency will comprehend, taking off the rough edge of the Sikhs in the fight. How ably,

how gallantly, how successfully this was done, I have before endeavoured to relate. I feel certain that Brigadier Stacy and his noble Troops will hold their due place in your Excellency's estimation, and that his merits will meet with fit reward.

Brigadier Orchard, C. B., in consequence of the only Regiment under his Command that was engaged in the action, being with Brigadier Stacy's Brigade, attached himself to it, and shared all its dangers, glories and success.

I beg as warmly and sincerely to praise the manner in which Brigadier Wilkinson supported Brigadier Stacy, and followed his lead into the Enemy's works.

Brigadier the Hon'ble T. Ashburnham manœuvred with great coolness and success as a reserve to the two last mentioned Brigades.

Brigadier Taylor, H. M. 29th, fell nobly as has already been told, in the discharge of his duty. He is himself beyond the reach of earthly praise; but it is my earnest desire that his memory may be honored in his fall; and that his Regiment, the Army with which he served, and his country, may know that no Officer held a higher place in my poor estimation for gallantry or skill than Brigadier C. C. Taylor.

Brigadier McLaren, C. B., in whom I have ever confided, as one of the ablest of the Senior Officers of this Force, sustained on this day, as I have before intimated, his already enviable reputation. I trust he may not long be kept by his wound out of the sphere of active exertion, which is his natural element.
